### **370. Determination of applications.**

Subject to the following provisions and to the provisions relating to the deferral of the consideration of applications<sup>1</sup>, the primary care trust<sup>2</sup> may determine an application for admission to a pharmaceutical list<sup>3</sup> in such manner as it thinks fit and may, if it considers that oral representations are unnecessary, determine the application without hearing any oral representations<sup>4</sup>.

In considering any application from an applicant who is not already included in that primary care trust's pharmaceutical list<sup>5</sup>, a primary care trust must<sup>6</sup>: (1) ensure that it has sight of all relevant documents and check as far as reasonably practicable the information provided by the applicant<sup>7</sup>; (2) check with the NHS Business Services Authority<sup>8</sup> whether the applicant (and where the applicant is a body corporate, any director<sup>9</sup> or superintendent<sup>10</sup> of the applicant) has any record of fraud<sup>11</sup>; (3) check with the Secretary of State<sup>12</sup> as to any information held by him as to any record about past or current investigations or proceedings involving or related to the applicant (and where the applicant is a body corporate, any director or superintendent of the applicant)<sup>13</sup>; (4) take up and check the references provided by the applicant<sup>14</sup>; and (5) consider whether there are grounds for refusing<sup>15</sup> the application<sup>16</sup>, or for imposing<sup>17</sup> conditions<sup>18</sup>.

In any case where the primary care trust decides to hear oral representations, it must give the applicant and any person<sup>19</sup> from whom it has received representations<sup>20</sup> not less than 14 days notice of the time and place at which the oral representations are to be heard<sup>21</sup>. The applicant and any such person may be assisted at any such hearing in the presentation of his representations by some other person, but no person is entitled to be heard in the capacity of counsel or solicitor<sup>22</sup>. The procedure by which representations are heard is such as the primary care trust may determine<sup>23</sup>. The primary care trust may, where it thinks fit, consider two or more applications together in relation to each other<sup>24</sup>.

### **375. Appeals.**

Where a primary care trust<sup>1</sup>:

- 236 (1) has determined an application in respect of a minor relocation of premises<sup>2</sup> the persons<sup>3</sup> who may appeal to the Secretary of State<sup>4</sup> are the applicant<sup>5</sup>, and any person who was given notice<sup>6</sup> of the application<sup>7</sup> and made representations to the primary care trust<sup>8</sup>;
- 237 (2) has determined an application in respect of a minor relocation of less than 500 metres<sup>9</sup>, a change of ownership<sup>10</sup>, suspension from a list<sup>11</sup>, or a right of return to a list<sup>12</sup>; or made a decision<sup>13</sup> whether or not to amend the premises named in the original application<sup>14</sup>; the applicant and any person who has been notified of the decision<sup>15</sup> may appeal to the Secretary of State<sup>16</sup>;
- 238 (3) has determined an application to which the necessary or desirable test applied<sup>17</sup>, or would apply but for an exemption<sup>18</sup>, the persons who may appeal to the Secretary of State are the applicant<sup>19</sup> and, with certain exceptions<sup>20</sup>, any person who was given notice of the application and made representations to the primary care trust<sup>21</sup>;
- 239 (4) refuses to allow an extension to the period within which an applicant is to notify the primary care trust that he will commence provision of the services<sup>22</sup>, the applicant may appeal to the Secretary of State<sup>23</sup>;
- 240 (5) has notified an applicant that he is required to commence provision of the services<sup>24</sup>, the applicant may appeal to the Secretary of State<sup>25</sup>.

Any such appeal<sup>26</sup> must be made by sending to the Secretary of State a notice of appeal in writing<sup>27</sup> within 30 days<sup>28</sup> from the date on which the primary care trust sent its decision to the appellant<sup>29</sup>. If the Secretary of State, after considering the notice of appeal, is of the opinion that it discloses no reasonable grounds of appeal, or that the appeal is otherwise vexatious or frivolous, he may determine the appeal by dismissing it<sup>30</sup>. Otherwise, the Secretary of State must send a copy of the notice of appeal to the primary care trust whose determination is appealed against<sup>31</sup>, and in certain cases other prescribed persons<sup>32</sup>. Any person to whom a copy of the notice of appeal is sent may, within 30 days from the date on which the notice was sent to him, make representations in writing to the Secretary of State on the appeal<sup>33</sup>.

The Secretary of State may require an oral hearing before he determines the appeal<sup>34</sup>; and where he does so, must appoint one or more persons to hear the appeal and to report to him on it<sup>35</sup>. The appellant and any person to whom a notice of the hearing is sent may attend the hearing and be heard in person or by counsel, solicitor or other representative, and the primary care trust may be represented at the hearing by any duly authorised officer or member, or by counsel or solicitor<sup>36</sup>. On determining an appeal, the Secretary of State: (a) must allow the appeal<sup>37</sup>; (b) may, in a case where the primary care trust, on determining the application, considered the question whether to impose conditions to postpone the making or termination of arrangements<sup>38</sup> for the provision by a doctor or contractor of pharmaceutical services<sup>39</sup> or dispensing services, himself impose conditions to postpone for such period as he thinks fit, the making or termination of such arrangements<sup>40</sup>; (c) must, in a case where that question was not considered by the primary care trust when it determined the application, remit the question to the trust for determination<sup>41</sup>; (d) must confirm the decision of the primary care trust<sup>42</sup>; or (e)

where head (5) above applies, must specify a date for the commencement of pharmaceutical services by the appellant<sup>43</sup>. The Secretary of State must, as soon as practicable, send to the appellant and to any person to whom a copy of the notice of appeal was sent and who made representations, notice of his decision on the appeal and must include in the notice a statement of his reasons for the decision and of his findings of fact<sup>44</sup>.

### **376. Appeals against imposition of conditions and related decisions.**

An applicant for admission to a pharmaceutical list<sup>1</sup> (or a person<sup>2</sup> whose application has been granted subject to conditions, as the case may be) may appeal to the Family Health Services Appeal Authority<sup>3</sup> against any decision of the primary care trust<sup>4</sup> to impose conditions, or any particular condition, on him<sup>5</sup>; and the appeal is by way of redetermination of the primary care trust's decision<sup>6</sup>. Such an appeal must be made within 28 days of the notification of the decision being appealed against<sup>7</sup>.

On appeal the Family Health Services Appeal Authority may make any decision which the primary care trust could have made, and must notify the appellant and the trust in writing<sup>8</sup> as soon as is practicable of the decision<sup>9</sup>. Where the decision of the Family Health Services Appeal Authority on appeal is that conditions be imposed on the appellant, whether or not those conditions are identical with the conditions imposed by the primary care trust, the trust must require the appellant to notify it, within 28 days of the date of the notification to him of the authority's decision, as to whether he agrees to the imposition of the conditions<sup>10</sup>. Where no such notification is received from the appellant, or the appellant notifies the primary care trust that he does not agree to the imposition of the conditions, the trust must deem him to have withdrawn his application and must remove his name from its pharmaceutical list if<sup>11</sup> his name was included<sup>12</sup>.

Any decision of the primary care trust that may be the subject of an appeal under these provisions does not have effect until the Family Health Services Appeal Authority has determined any appeal against it or any time for appeal has expired<sup>13</sup>.

### **376 Appeals against imposition of conditions and related decisions**

NOTE 9--SI 2005/641 reg 30(3) amended: SI 2010/914.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(5) THE HEALTH SERVICES/(iv) Pharmaceutical Services/A. PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/377. Determination that an area is a controlled locality.

### **377. Determination that an area is a controlled locality.**

A primary care trust<sup>1</sup> may at any time consider and determine whether or not an area is rural in character<sup>2</sup>. An area which the primary care trust, or on appeal the Secretary of State<sup>3</sup>, has determined is rural in character is known as a 'controlled locality'<sup>4</sup>.

A local medical committee<sup>5</sup> or a local pharmaceutical committee<sup>6</sup> may at any time apply in writing<sup>7</sup> to a primary care trust to consider and determine whether or not an area specified in the application is rural in character<sup>8</sup>. On receiving such an application, the primary care trust must<sup>9</sup> consider and determine whether or not the area specified in the application or any part of such area, is rural in character<sup>10</sup>.

The primary care trust must, before making a determination under these provisions<sup>11</sup>, give notice in writing to the local medical committee, the local pharmaceutical committee and any provider of primary medical services or chemist<sup>12</sup>, or LPS chemist<sup>13</sup> who, in the opinion of the primary care trust, may be affected by the determination, and inform them that they may make representations in writing within 30 days from the date on which the notice was sent<sup>14</sup>. Where the primary care trust determines that any area or part of an area is or is not rural in character, it must consider whether the provision of primary medical services by any provider of primary medical services (except itself), or pharmaceutical services<sup>15</sup> by any chemist (other than a distance selling chemist<sup>16</sup>), or local pharmaceutical services<sup>17</sup> by any LPS chemist, is likely to be adversely affected in consequence of that determination<sup>18</sup>. The primary care trust must determine the boundaries of any area, or part of an area, referred to in the application which it determines to be rural in character<sup>19</sup>, and must delineate precisely the boundaries of any controlled locality on a map, and publish the map<sup>20</sup>. The primary care trust must, upon any determination by it, give to the specified persons<sup>21</sup> notice of its determination and of the reasons for it, and inform them that they may appeal<sup>22</sup> to the Secretary of State<sup>23</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/378. Appeals relating to rurality of an area.

### **378. Appeals relating to rurality of an area.**

Where a primary care trust<sup>1</sup> has: (1) determined<sup>2</sup> that an area is, or is not, rural in character<sup>3</sup>; (2) has refused<sup>4</sup> to consider that question<sup>5</sup>; or (3) has determined<sup>6</sup> that it should, or should not, postpone the making or termination of arrangements for the provision of services<sup>7</sup>, the local medical committee<sup>8</sup>, the local pharmaceutical committee<sup>9</sup> or a provider of primary medical services<sup>10</sup>, chemist<sup>11</sup> or LPS chemist<sup>12</sup> who is required<sup>13</sup> to be given notice by the primary care trust may appeal to the Secretary of State<sup>14</sup> against any such determination or, as the case may be, refusal, by giving notice of appeal<sup>15</sup>.

The Secretary of State must, on receipt of any notice of appeal, send copies thereof to the primary care trust and to all the persons to whom it has given notice<sup>16</sup> of its determination<sup>17</sup>. The primary care trust and the persons to whom the notice of appeal was sent may, within 30 days from the date on which the Secretary of State sent copies to them of the notice of appeal, make representations in writing<sup>18</sup> to him on the appeal<sup>19</sup>. The Secretary of State may require an oral hearing before he determines an appeal<sup>20</sup>; and where he so requires must appoint one or more persons to hear the appeal and to report to him on it<sup>21</sup>. The appellant and any person to whom a notice of the hearing is sent may attend the hearing and be heard in person or by counsel, solicitor or other representative, and the primary care trust may be represented at the hearing by any duly authorised officer or member, or by counsel or solicitor<sup>22</sup>.

On determining an appeal, the Secretary of State: (a) must, where he allows an appeal against a refusal mentioned in head (2) above, also determine the question whether or not the relevant area is rural in character<sup>23</sup>; (b) may, in a case where the primary care trust, on determining the application, considered the question whether to postpone the making or termination of arrangements for the provision of services, himself postpone, for such a period as he thinks fit, the making or termination of such arrangements<sup>24</sup>; (c) must in a case where that question was not considered by the primary care trust when it determined the application, remit the question to the trust for determination<sup>25</sup>. The Secretary of State must, upon the determination by him of an appeal, give notice of the decision, together with his reasons for it, to all the persons to whom the notice of appeal was sent<sup>26</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(5) THE HEALTH SERVICES/(iv) Pharmaceutical Services/A. PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/379. Pharmaceutical services in reserved locations.

### **379. Pharmaceutical services in reserved locations.**

Subject to certain exceptions<sup>1</sup>, the primary care trust<sup>2</sup> must, when the period for representations has expired<sup>3</sup> determine<sup>4</sup> whether the premises, or relevant location<sup>5</sup>, from which the applicant wishes to provide pharmaceutical services, at the date of the receipt of the application by the primary care trust, are in a reserved location<sup>6</sup>.

Where it has been determined by the primary care trust or on appeal by the Secretary of State<sup>7</sup>, in relation to premises, or a relevant location, from which pharmaceutical services are to be, or are being, provided, that those premises are in a reserved location, the chemist<sup>8</sup> in relation to those premises, or that relevant location, may make an application in writing for the trust to make a further determination as to whether, on the date the request is made, that is, the date stated on it, those premises are, or that the relevant location is, in a reserved location<sup>9</sup>. Where, in making such a further determination the primary care trust would determine that those premises are, or that relevant location is, not in a reserved location, or there is an appeal against a determination by the trust and it is determined on the appeal that premises are not, or that relevant location is not, in a reserved location: (1) the trust must determine that the premises are, or the relevant location is, to be treated for these purposes as if they were in a reserved location, where it is of the opinion that not to do so would prejudice the proper provision of primary medical services<sup>10</sup> (other than those provided by the trust itself), dispensing services or pharmaceutical services in any locality<sup>11</sup>; or (2) if the trust considers that the provision of primary medical services by a provider of primary medical services (other than one employed by the trust), or pharmaceutical services by any chemist, is likely to be adversely affected by a determination that the premises are not in a reserved location, it must make such a determination but may impose conditions to postpone, for such period as it thinks fit, the making or termination of arrangements<sup>12</sup> for the provision by a doctor<sup>13</sup> or a contractor of pharmaceutical services or dispensing services to patients<sup>14</sup>.

Where there is an appeal against a determination made by the primary care trust that premises are, or a relevant location is, in a reserved location<sup>15</sup>, and it is determined by the appeal that the premises are not, or relevant location is not, in a reserved location<sup>16</sup>, the trust must redetermine the application<sup>17</sup>.

The primary care trust must delineate precisely the boundaries of any reserved location it has determined<sup>18</sup> on a map, and must publish the map<sup>19</sup>.

1 As to the exceptions see the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 34. As to the application of the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, see PARA 345 note 2.

2 As to primary care trusts see PARA 111.

3 As to the period for representations see the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 33.

4 Such a determination must be made in accordance with the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 35, and with regs 34, 36 and 37 (see PARAS 381, 382): reg 35(7) (a).

5 'Relevant location' means, where the location of the premises from which the pharmaceutical services are to be provided is specified in writing by the applicant before the primary care trust make its determination, that

location, and where that location is not so specified, the best estimate the trust is able to make of where those premises may be: National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 35(2) (b). As to the meaning of 'pharmaceutical services' see PARA 345 note 5. As to the meaning of 'writing' see PARA 7 note 2.

6 National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 35(1). Subject to reg 35(3), 'reserved location' means that the number of individuals on all of the patient lists for the area which is within 1.6 kilometres of the premises, or from the relevant location, as the case may be, is less than 2750: reg 35(2)(a). Premises, or a relevant location, are not in a reserved location where the primary care trust considers that there are circumstances, including but not limited to the age or degree of infirmity of the individuals referred to in reg 35(2), why the extent of use of pharmaceutical services if a pharmacy were to operate from the premises or from the relevant location would be similar to or greater than might be expected if the number of individuals mentioned in reg 35(2)(a) were 2750 or more: reg 35(3) (amended by SI 2005/1501). Before reaching its opinion under the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 35(3) the primary care trust must invite and consider representations as to whether reg 35(3) may apply from those persons mentioned in reg 33(2) (see note 3): reg 35(4). As to the meaning of 'patient list' see PARA 362 note 9. 'Pharmacy' means any premises where drugs are provided by a pharmacist: (1) as part of pharmaceutical services under the National Health Service Act 2006 s 126 (arrangements for pharmaceutical services: see PARA 339); (2) in accordance with a pharmacy pilot scheme where the range of local pharmaceutical services provided under that scheme is the same or comparable to the range of pharmaceutical services provided by a pharmacy falling within head (1), and where the local pharmaceutical services provided under that scheme are provided at the same or similar hours as pharmaceutical services provided by a pharmacy falling within that head; or (3) in accordance with an LPS scheme: National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 2(1) (definition amended by SI 2006/552); National Health Service (Consequential Provisions) Act 2006 s 4, Sch 2 Pt 1 para 1(4). PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/381. Determination of applications in respect of controlled localities.

### **381. Determination of applications in respect of controlled localities.**

The primary care trust<sup>1</sup> may make a determination in such manner as it thinks fit and may, if it considers that oral representations are unnecessary, make the determination without hearing any oral representations<sup>2</sup>. When determining an application, the primary care trust must consider whether the provision of primary medical services<sup>3</sup> by any provider of such services (except itself) or pharmaceutical services<sup>4</sup> by any chemist<sup>5</sup> or local pharmaceutical services<sup>6</sup> by any LPS chemist<sup>7</sup> is likely to be adversely affected in consequence of that grant, and whether<sup>8</sup> any conditions should be imposed<sup>9</sup>. In considering any application<sup>10</sup> from an applicant who is not already included in that primary care trust's pharmaceutical list<sup>11</sup>, a primary care trust must<sup>12</sup>: (1) ensure that it has sight of all relevant documents and check as far as practicable the information provided by the applicant<sup>13</sup>; (2) check with the NHS Business Services Authority<sup>14</sup> whether the applicant (and where the applicant is a body corporate, any director<sup>15</sup> or superintendent<sup>16</sup> of the applicant) has any record of fraud<sup>17</sup>; (3) check with the Secretary of State<sup>18</sup> as to any information held by him as to any record about past or current investigations or proceedings involving or related to the applicant (and where the applicant is a body corporate, any director or superintendent of the applicant)<sup>19</sup>; (4) take up and check any references provided by the applicant<sup>20</sup>; and (5) consider whether there are grounds for refusing<sup>21</sup> the application<sup>22</sup>, or for imposing conditions<sup>23</sup>.

In any case where the primary care trust decides to hear oral representations, it must give the applicant and any person<sup>24</sup> from whom it has received representations<sup>25</sup> not less than 14 days notice of the time and place at which the representations are to be heard<sup>26</sup>. The primary care trust may invite any other person to give oral evidence as it thinks fit<sup>27</sup>. The procedure by which representations are heard is such as the primary care trust may determine<sup>28</sup>. Certain persons are prohibited from taking part in any decision under these provisions<sup>29</sup>.

The primary care trust may, where it thinks fit, where two or more determinations fall to be made which relate to each other, make those determinations together, and, where it proposes to do so, it must so inform the applicants and the persons to whom<sup>30</sup> copies of the applications were sent<sup>31</sup>.

### **382 Notification of decision in respect of applications in controlled localities**

NOTE 4--SI 2005/641 reg 37(3) amended: SI 2009/2205.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(5) THE HEALTH SERVICES/(iv) Pharmaceutical Services/A. PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/383. Appeals in connection with determinations in respect of controlled localities.

### **383. Appeals in connection with determinations in respect of controlled localities.**

Where a primary care trust<sup>1</sup>:

- 243 (1) has determined an application in respect of a controlled locality<sup>2</sup>, and the provisions in respect of a minor relocation of premises<sup>3</sup> also applied to that application, the persons<sup>4</sup> who may appeal to the Secretary of State<sup>5</sup> are the applicant<sup>6</sup>, and any person who was given notice of the application<sup>7</sup> and made representations to the primary care trust<sup>8</sup>;
- 244 (2) has determined such an application, and the provisions in respect of in respect of a minor relocation of less than 500 metres<sup>9</sup>, a change of ownership<sup>10</sup>, suspension from a list<sup>11</sup>, or a right of return to a list<sup>12</sup>, also applied to that application; or the trust has made a decision whether or not to amend the premises named in the original application<sup>13</sup> in relation to that application; the persons who may appeal to the Secretary of State are the applicant<sup>14</sup> and any person who was given<sup>15</sup> notice of the decision<sup>16</sup>;
- 245 (3) has determined any such application, and the necessary or desirable test also applied<sup>17</sup> or would have applied but for an exemption<sup>18</sup>, the persons who may appeal to the Secretary of State are the applicant<sup>19</sup>, and<sup>20</sup> any person who was given notice of the application<sup>21</sup> and made representations to the trust<sup>22</sup>;
- 246 (4) has: (a) determined an application that does not fall within head (1), (2) or (3) above or a question raised by an application<sup>23</sup> (but not the application itself)<sup>24</sup>; (b) refused<sup>25</sup> to consider an application under those heads<sup>26</sup>; (c) determined that it should, or should not<sup>27</sup>, postpone the making or termination of arrangements for the provision of services<sup>28</sup>; (d) refused<sup>29</sup> to consider an application for preliminary consent<sup>30</sup>; (e) determined that the provisional date be extended<sup>31</sup>, the application for outline consent be refused<sup>32</sup>, or outline consent should lapse<sup>33</sup>; (f) determined an application for premises approval for new premises<sup>34</sup>; (g) determined an application for premises approval for additional or new premises<sup>35</sup>; (h) determined an application for premises approval in relation to a practice amalgamation<sup>36</sup>; (i) refused to grant temporary premises approval<sup>37</sup>; or (j) determined whether or not to grant premises approval to relevant premises<sup>38</sup>, an appeal to the Secretary of State may be made against that determination or, as the case may be, against that refusal, by any of the prescribed persons.<sup>39</sup>

Where, in determining any application or question raised by an application, a primary care trust has<sup>40</sup> considered that application or question together with one or more other applications or questions, any of the applicants and any of the prescribed persons<sup>41</sup> may appeal against the determination of any of the applications, or against any determination of a question raised by an application, and where the Secretary of State receives appeals against two or more of the determinations, those appeals must be considered together<sup>42</sup>.

An appeal<sup>43</sup> must be made in writing<sup>44</sup> within 30 days from the date on which notice of the decision was sent to the appellant and must contain a concise statement of the grounds of appeal on which the appellant intends to rely<sup>45</sup>. If the Secretary of State, after considering the notice of appeal, is of the opinion that it discloses no reasonable grounds of appeal, or that the appeal is otherwise vexatious or frivolous, he may determine the appeal by dismissing it<sup>46</sup>. The

Secretary of State may require an oral hearing of an appeal before he determines it<sup>47</sup>; and where he does so, must appoint one or more persons to hear the appeal who must report to him on it with recommendations as to the relevant findings of fact and their conclusions<sup>48</sup>.

On an appeal, the Secretary of State: (i) may allow the appeal<sup>49</sup>; (ii) may, in a case where the primary care trust, on determining the application, considered the question whether to impose conditions to postpone the making or termination of arrangements for the provision by a doctor or contractor of pharmaceutical services or dispensing services to patients on the relevant patient list, himself impose conditions to postpone for such period as he thinks fit, the making or termination of such arrangements<sup>50</sup>; (iii) must, in a case where that question was not considered by the primary care trust when it determined the application, remit the question to the trust for determination<sup>51</sup>; (iv) must, where he allows an appeal against a refusal of the primary care trust as mentioned in head (4)(b) above, remit the application to the trust<sup>52</sup>; or (v) may dismiss the appeal<sup>53</sup>. The decision of the Secretary of State must be given in writing and must include a statement of his reasons for the decision and of his findings of fact<sup>54</sup>, and as soon as practicable, be sent to the persons to whom notice of the hearing was sent<sup>55</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/384. Procedure after grant of application.

### **384. Procedure after grant of application.**

A primary care trust<sup>1</sup> must not include an applicant in its pharmaceutical list<sup>2</sup>, or include him in respect of different premises or services, before<sup>3</sup> the specified date<sup>4</sup> and the satisfaction of the prescribed condition<sup>5</sup>.

The primary care trust may give notice to an applicant whose application<sup>6</sup> for inclusion in a pharmaceutical list has been granted requiring him to commence the provision of pharmaceutical services<sup>7</sup> by a date specified in its notice<sup>8</sup>. Where the primary care trust has given such a notice, it must include the applicant in its pharmaceutical list from the date specified unless: (1) the trust for good cause determines that the applicant must commence the provision of pharmaceutical services from a different date (being a date not later than nine months from the date of notification of the grant), in which case the applicant must be included in the pharmaceutical list from that date<sup>9</sup>; (2) the trust withdraws its notice<sup>10</sup>; or (3) the applicant appeals<sup>11</sup>, in which case where the appeal is unsuccessful the applicant must be included in the trust's pharmaceutical list in accordance with the Secretary of State's determination of the appeal<sup>12</sup>.

Where the primary care trust has granted an application<sup>13</sup> by an applicant who is already included in a pharmaceutical list<sup>14</sup>, and the applicant is suspended from the trust's pharmaceutical list<sup>15</sup> before giving the required notification<sup>16</sup>, a temporary chemist<sup>17</sup> whose application to provide pharmaceutical services in his place has been granted may give that notification; and (on satisfaction of the statutory requirements<sup>18</sup>) the primary care trust must include the temporary chemist in its pharmaceutical list<sup>19</sup>.

Where, at any time after making the application, but before: (a) the expiry of the six months referred to in the prescribed condition<sup>20</sup>, or of any further period allowed by the primary care trust or, on appeal, by the Secretary of State in accordance with that condition<sup>21</sup>; or (b) the date specified by the trust in its notice<sup>22</sup>, the applicant notifies the trust that he intends to change within the neighbourhood the premises from which he intends to provide pharmaceutical services, being the same services as those named in the application, and the trust is satisfied that the change is a minor relocation, it may<sup>23</sup> amend the premises named in the original application<sup>24</sup>. Where an application is one which falls to be determined in accordance with certain provisions relating to a controlled locality<sup>25</sup>, the primary care trust must not include the applicant in the relevant pharmaceutical list or alter such a list unless the application is finally granted<sup>26</sup>.

Where: (i) an application made by a temporary chemist<sup>27</sup> has been granted<sup>28</sup>; (ii) the temporary chemist is included in the pharmaceutical list in respect of the premises or services specified in the application<sup>29</sup>; and (iii) the suspension of the suspended chemist<sup>30</sup> in whose place the temporary chemist is providing pharmaceutical services is terminated (and has not been followed by removal of the suspended chemist's name from the pharmaceutical list)<sup>31</sup>, the temporary chemist's name must be removed from the pharmaceutical list in respect of the premises or services in question, and the name of the chemist who had previously been suspended must be included in the pharmaceutical list in respect of those premises or services in the place of the temporary chemist<sup>32</sup>.

1 As to primary care trusts see PARA 111.

2 As to the meaning of 'pharmaceutical list' see PARA 353.

4 National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 39(1)(a). The specified date is whichever of the dates mentioned in head (1) or (2) is the later: (1) where notice of the primary care trust's decision is given under reg 27(1) (see PARA 373) or (as the case may be) reg 37(1) (see PARA 382), the day after the expiry of 30 days beginning on the date on which notice of the decision is given, or such lesser number of days as may be specified by the primary care trust if it considers that there is good cause to reduce the number of days (reg 39(9), (10)(a) (substituted by SI 2006/3373)); or (2) where an appeal or appeals relating to an application are made, the date on which the Secretary of State or the Family Health Services Appeal Authority, as the case may be, gives notice of his decision or its decision on the last such appeal to be decided (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 39(9), (10)(b)). As to the Secretary of State see PARA 6 note 8. As to the Family Health Services Appeal Authority see PARA 443.

5 National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 39(1)(b). The prescribed condition is that, where an application is granted by the primary care trust (or, on appeal, by the Secretary of State or the Family Health Services Appeal Authority), the applicant must be included in the primary care trust's pharmaceutical list, or included in respect of different premises or services, only if, not less than 14 days before: (1) the expiry of six months after the date on which the grant was notified to him by the trust in accordance with reg 27(1) (see PARA 373) or reg 37(1) (see PARA 382) (reg 39(2)(a)); or (2) the expiry of such further period or periods, not in all exceeding nine months from the date of notification of the grant, as it, or on appeal the Secretary of State, may for good cause allow (reg 39(2)(b)), he notifies the trust, in the prescribed form (see Sch 4 Pt 2), that he will within the next 14 days commence the provision of the services in respect of which the application was made at the premises to which the application related (reg 39(2)). As to the meaning of 'month' see PARA 28 note 16.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(b) Determination of Applications/385. Preliminary consent to be included in a pharmaceutical list.

### **385. Preliminary consent to be included in a pharmaceutical list.**

A person<sup>1</sup> may apply to a primary care trust<sup>2</sup> for preliminary consent<sup>3</sup>. An application for preliminary consent must be in writing<sup>4</sup> and must: (1) specify the premises or the location of the premises from which the applicant intends to provide pharmaceutical services<sup>5</sup> if his application is granted<sup>6</sup>; (2) specify the pharmaceutical services which it is proposed to provide<sup>7</sup>; and (3) provide the prescribed information<sup>8</sup>. An application for preliminary consent must be determined as if it were an application<sup>9</sup> for admission to a pharmaceutical list<sup>10</sup>. A preliminary consent has effect for a period of six months<sup>11</sup> from its final grant<sup>12</sup>.

Where the applicant has been finally granted preliminary consent, the primary care trust must grant an application for admission to a pharmaceutical list<sup>13</sup> provided that<sup>14</sup>: (a) the date of the application<sup>15</sup> falls within the period<sup>16</sup> for which the preliminary consent has effect<sup>17</sup>; (b) the pharmaceutical services which it is proposed to provide are the same as those specified in the application for preliminary consent<sup>18</sup>; and (c) the premises specified in the application are within the location in respect of which the preliminary consent was granted<sup>19</sup>. Where heads (a) and (b) above are satisfied, but the premises specified in the application are in a different location from that in respect of which preliminary consent was granted, the primary care trust must treat the application as though it were an application<sup>20</sup> to change the location of the premises<sup>21</sup>. The grant of an application<sup>22</sup> is subject to any conditions imposed<sup>23</sup> in relation to the final grant of the corresponding preliminary consent, except where different conditions are imposed<sup>24</sup> in relation to the application in which case it is subject to those different conditions<sup>25</sup>.

**386. List of chemists providing an ETP service.**

A primary care trust<sup>1</sup> must prepare, maintain and publish a list (to be called the 'ETP list') of all chemists<sup>2</sup> in its area who participate in the ETP service<sup>3</sup>. The list must include the name of the chemist<sup>4</sup>, and the address of the premises at which the ETP service is provided<sup>5</sup>.

*(c) Withdrawals from Lists*

**387. Withdrawals from a list.**

Regulations<sup>1</sup> may provide for circumstances in which a practitioner<sup>2</sup>: (1) whom a primary care trust<sup>3</sup> is investigating in order to see whether there are grounds for exercising its powers of disqualification<sup>4</sup>, contingent removal<sup>5</sup> or suspension<sup>6</sup>; (2) whom a primary care trust has decided to remove from a list<sup>7</sup>, or contingently remove<sup>8</sup>, but who has not yet been removed or contingently removed<sup>9</sup>; or (3) who<sup>10</sup> has been suspended<sup>11</sup>, may not withdraw from a list in which he is included<sup>12</sup>.

Subject as set out below<sup>13</sup>, the primary care trust must, on receiving any notice from any chemist<sup>14</sup> that he intends to withdraw from the pharmaceutical list<sup>15</sup> in respect of particular premises<sup>16</sup>, so amend its pharmaceutical list either on the date notified by him<sup>17</sup>, or on the date from which it has agreed that the withdrawal is to take effect<sup>18</sup>, whichever is the earlier<sup>19</sup>. A chemist may withdraw a notice at any time before the primary care trust removes his name from its pharmaceutical list<sup>20</sup>.

Where a primary care trust is investigating a chemist: (a) for the purpose of deciding whether or not to exercise its powers of disqualification<sup>21</sup>, contingent removal<sup>22</sup> or suspension<sup>23</sup>; (b) in order to see whether the chemist has failed to comply with a condition imposed on his inclusion<sup>24</sup> so as to justify his removal from the pharmaceutical list<sup>25</sup>; or (c) who<sup>26</sup> has been suspended<sup>27</sup>, the chemist may not withdraw from any lists in which he is included, except where the Secretary of State<sup>28</sup> has given his consent, until the matter has been finally determined by the primary care trust<sup>29</sup>. Where a primary care trust has decided to remove a chemist from its pharmaceutical list<sup>30</sup>, or contingently remove him<sup>31</sup>, or remove him for breach of a condition imposed on inclusion<sup>32</sup>, but has not yet given effect to its decision, the chemist may not withdraw from any list in which he is included, except where the Secretary of State has given his consent<sup>33</sup>. Where a primary care trust has suspended a chemist<sup>34</sup>, the chemist may not withdraw from any of a primary care trust's lists in which he is included, except where the Secretary of State has given his consent, until the decision of the relevant court or body is known and the matter has been considered and finally determined by the primary care trust<sup>35</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(d) Disqualification, Removal and Suspension/388. Disqualification of practitioners.

*(d) Disqualification, Removal and Suspension*

**UPDATE**

**387 Withdrawals from a list**

TEXT AND NOTES--SI 2005/641 reg 53(7) applies where (1) a primary care trust (a) is carrying out an investigation of a chemist ('C') for one of the reasons given in reg 53(2); (b) has decided (i) to remove C from its pharmaceutical list under the National Health Service Act 2006 s 151 (see PARA 388) or s 152(3) (see PARA 390); (ii) to remove C contingently from its pharmaceutical list under s 152(1); or (iii) to remove C from its pharmaceutical list for a breach of a condition imposed on inclusion under SI 2005/641 reg 44 (see PARA 391), but has not yet given effect to its decision; or (c) has suspended C under the National Health Service Act 2006 s 154(1)(b) (see PARA 394); (2) an application is made, pursuant to SI 2005/641 reg 8 (see PARA 357), to change the ownership of any listed premises from which C has undertaken to provide pharmaceutical services in the primary care trust's area; and (3) if that application were granted, C would need to be removed from the pharmaceutical list: reg 53(6) (reg 53(6)-(8) added by SI 2009/2205). Where reg 53(7) applies, the primary care trust must determine the application and if it grants the application it may include the new owner of the premises on the pharmaceutical list, but it must not, without the consent of the Secretary of State, remove C's name from the pharmaceutical list until the investigation or the proceedings referred to in head (1) have been concluded: reg 53(7). If C's name is maintained on a pharmaceutical list pursuant to reg 53(7) a primary care trust may exercise its functions under regs 42-55 as regards C, but for all other purposes, C must be treated as though C's name had been removed from the pharmaceutical list following the granting of the change of ownership application: reg 53(8).

**388. Disqualification of practitioners.**

If it appears to a primary care trust<sup>1</sup> that any of the following conditions is established in relation to a person<sup>2</sup> included in a pharmaceutical list<sup>3</sup> it may or, in certain cases<sup>4</sup>, must decide to remove him from that list<sup>5</sup>. The conditions are: (1) that the continued inclusion of the practitioner<sup>6</sup> in the list would be prejudicial to the efficiency of the services which those included in the list undertake to provide (known as an 'efficiency case')<sup>7</sup>; (2) that the practitioner has (whether on his own or together with another) by an act or omission caused, or risked causing, detriment to any health scheme<sup>8</sup> by securing or trying to secure for himself or another any financial or other benefit<sup>9</sup>, and knew that he or the other was not entitled to the benefit<sup>10</sup> (known as a 'fraud case')<sup>11</sup>; (3) that the practitioner is unsuitable to be included in the list (known as an 'unsuitability case')<sup>12</sup>. The primary care trust must state which condition (or conditions) it is relying on when removing a practitioner from a list<sup>13</sup>.

Where the practitioner is a body corporate providing pharmaceutical services<sup>14</sup>, the body corporate must be treated as meeting condition (2) or (3) above if any one of the body of persons controlling the body meets that condition (whether or not he first did so when he was such a person)<sup>15</sup>. A practitioner must be treated as meeting condition (2) above if: (a) another

person, because of an act or omission of his occurring in the course of providing any services<sup>16</sup> on the practitioner's behalf, meets that condition<sup>17</sup>; and (b) the practitioner failed to take all such steps as were reasonable to prevent the acts or omissions occurring in the course of the provision of those services on his behalf<sup>18</sup>.

### **389. Regulations.**

Any decision by a primary care trust<sup>1</sup> relating to the removal or suspension of practitioners<sup>2</sup> must be reached in accordance with regulations<sup>3</sup> about such decisions<sup>4</sup>. The regulations must include provision: (1) requiring the practitioner to be given notice of any allegation against him<sup>5</sup>; (2) giving him the opportunity of putting his case at a hearing before a primary care trust makes any such decision affecting him<sup>6</sup>; (3) requiring him to be given notice of the decision of the primary care trust and the reasons for it and of any right of appeal which he may have<sup>7</sup>. The regulations may, in particular, make provision as to criteria which the primary care trust must apply when making decisions in unsuitability cases<sup>8</sup>.

### **390. Contingent removal.**

In an efficiency case or a fraud case<sup>1</sup>, the primary care trust<sup>2</sup> may, instead of deciding to remove a practitioner<sup>3</sup> from its list, decide to remove him contingently<sup>4</sup>. If it so decides, it must impose such conditions as it may decide on his inclusion in the list with a view to, in an efficiency case, removing any prejudice to the efficiency of the services in question<sup>5</sup>; or, in a fraud case, preventing further acts or omissions<sup>6</sup> causing detriment to a health scheme<sup>7</sup>. If the primary care trust determines that the practitioner has failed to comply with a condition, it may decide to vary the conditions or impose different conditions<sup>8</sup>, or remove him from its list<sup>9</sup>.

The primary care trust may decide to vary the terms of service of the person<sup>10</sup> concerned for the purpose of or in connection with the imposition of any conditions by virtue of these provisions<sup>11</sup>.

### **391. Removal from pharmaceutical lists.**

If a chemist<sup>1</sup> fails to comply with a condition which has been imposed on his inclusion in a pharmaceutical list<sup>2</sup>, the primary care trust<sup>3</sup> may remove him from its pharmaceutical list<sup>4</sup>.

A primary care trust must remove a chemist's name from its pharmaceutical list where it becomes aware that the chemist (and where the chemist is a body corporate, any director<sup>5</sup> or superintendent<sup>6</sup> of the chemist): (1) has been convicted in the United Kingdom<sup>7</sup> of murder<sup>8</sup>; (2) has been convicted in the United Kingdom of a criminal offence which was committed after 1 April 2005<sup>9</sup> and has been sentenced to a term of imprisonment of over six months<sup>10</sup>; or (3) is subject to a national disqualification<sup>11</sup>. The primary care trust must notify the chemist immediately that his name has been so removed from the pharmaceutical list<sup>12</sup>.

Where the ground for removal is that a director or superintendent of a body corporate has been convicted of a criminal offence (other than murder), the primary care trust must notify the body corporate that unless: (1) the director or superintendent concerned ceases to be a director or superintendent of the body corporate within the period of 28 days commencing with the date of the notice (reg 47(2)(a) (reg 47(2) amended by SI 2005/1501)); and (2) the body corporate notifies the trust of this fact within that period (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 47(2)(b)), it will remove the name of the body corporate from its pharmaceutical list (reg 47(2) (as so amended)).

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(d) Disqualification, Removal and Suspension/392. Other grounds for removal from pharmaceutical lists.

### **392. Other grounds for removal from pharmaceutical lists.**

The following provisions do not apply to any case where a primary care trust<sup>1</sup> must remove a chemist from its pharmaceutical list<sup>2</sup>, or any case<sup>3</sup> to which the statutory procedure for removal applies<sup>4</sup>.

Where:

- 247 (1) a primary care trust determines that a person<sup>5</sup> included in its pharmaceutical list has died<sup>6</sup>, or is no longer a chemist<sup>7</sup>, the trust must remove his name from that list<sup>8</sup>;
- 248 (2) a chemist provides local pharmaceutical services<sup>9</sup> under a pharmacy pilot scheme<sup>10</sup> or an LPS scheme<sup>11</sup>, and no longer provides pharmaceutical services<sup>12</sup>, the primary care trust must remove his name from its pharmaceutical list<sup>13</sup>;
- 249 (3) a primary care trust receives a notice from another primary care trust<sup>14</sup>, it must remove the name of the chemist from its pharmaceutical list in respect of the existing premises with immediate effect from the date specified in the notice as the date for commencing the provision of pharmaceutical services from the new premises<sup>15</sup>;
- 250 (4) a chemist who had been suspended has resumed the provision of pharmaceutical services from premises other than those from which he had provided services prior to his suspension, the primary care trust must remove his name from its pharmaceutical list in respect of the premises from which he no longer provides pharmaceutical services<sup>16</sup>;
- 251 (5) a primary care trust determines that a chemist, whose name has been included for the preceding six months<sup>17</sup> in a pharmaceutical list, has not during that period provided pharmaceutical services at particular premises, it may remove the chemist's name from the list in respect of those premises<sup>18</sup>;
- 252 (6) a primary care trust determines that a chemist has breached a condition imposed as to the opening hours of premises<sup>19</sup>, it must<sup>20</sup> remove that chemist from the list in respect of the premises to which that condition relates<sup>21</sup>; or
- 253 (7) a primary care trust determines that a chemist has breached a condition imposed in respect of distance selling premises<sup>22</sup>, it must remove that chemist from the list in respect of the premises to which that condition relates<sup>23</sup>.

Before making any determination under head (5), (6), or (7) above, the primary care trust must give the chemist 28 days' notice of its intention<sup>24</sup>, afford the chemist an opportunity of making representations to the primary care trust in writing<sup>25</sup> or, if he so desires, in person<sup>26</sup>, and consult the local pharmaceutical committee<sup>27</sup>. Where, under those heads, the primary care trust decides to remove a chemist's name from its pharmaceutical list, it must give notice of its decision to the chemist<sup>28</sup>. A chemist to whom such a notice has been given may, within 30 days of receiving the notice, appeal to the Secretary of State<sup>29</sup> against the decision of the primary care trust and the trust must not remove the chemist's name from the pharmaceutical list until, if no appeal is made, the expiration of that period of 30 days<sup>30</sup> or, if an appeal is made, the appeal is determined<sup>31</sup>. Where the Secretary of State allows the appeal, he must direct the primary care trust not to remove the chemist's name from the pharmaceutical list<sup>32</sup>.

Nothing in these provisions prejudices the right of a chemist to be included again in a pharmaceutical list<sup>33</sup>, or affects a chemist who is performing a period of relevant service<sup>34</sup>; and no removal under head (5) above may be effected in respect of any such chemist until six months after he has completed that service<sup>35</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(d) Disqualification, Removal and Suspension/393. Procedure on removal on fitness to practise grounds.

### **393. Procedure on removal on fitness to practise grounds.**

Where a primary care trust<sup>1</sup> is considering: (1) removing a chemist's<sup>2</sup> name from the pharmaceutical list<sup>3</sup> under the provisions<sup>4</sup> relating to the disqualification of practitioners<sup>5</sup>; (2) contingently removing a chemist's name<sup>6</sup> from the pharmaceutical list<sup>7</sup>; (3) removing a chemist's name from the pharmaceutical list for breach of a condition imposed<sup>8</sup> on contingent removal<sup>9</sup>; or (4) removing a chemist's name from the pharmaceutical list<sup>10</sup> for breach of a condition<sup>11</sup>, on fitness to practise grounds, it must follow the procedure set out below<sup>12</sup>.

Before reaching a decision of the kind mentioned in heads (1) to (4) above, the primary care trust must give the chemist: (a) notice of any allegation against him<sup>13</sup>; (b) notice of what action the trust is considering and on what grounds<sup>14</sup>; (c) the opportunity to make written<sup>15</sup> representations to the trust within the period of 28 days beginning with the date of the notification under head (b) above<sup>16</sup>; and (d) the opportunity to put his case at an oral hearing before the trust, if he so requests within that 28 day period<sup>17</sup>. If the primary care trust receives representations or a request for an oral hearing within the 28 day period, it must take the representations into account, or hold the hearing, as the case may be, before reaching its decision<sup>18</sup>. The primary care trust must notify the chemist of its decision, the reasons for it (including any facts relied upon), and, if the decision is adverse, that he has a right of appeal to the Family Health Services Appeal Authority<sup>19</sup>.

The primary care trust must not remove a chemist's name from the pharmaceutical list, or impose a contingent removal, until the determination by the Family Health Services Appeal Authority of any appeal against the trust's decision or any time for appeal has expired<sup>20</sup>. Where a primary care trust is notified by the Family Health Services Appeal Authority that it has considered: (i) an appeal by a chemist against a contingent removal by the trust, and the authority has decided to remove him instead<sup>21</sup>; or (ii) an appeal by a chemist against the imposition of conditions<sup>22</sup>, and the authority has decided not to include him in that list<sup>23</sup>, the trust must remove the chemist from its list and must notify the chemist immediately that it has done so<sup>24</sup>.

### **394. Suspension.**

If the primary care trust<sup>1</sup> is satisfied that it is necessary to do so for the protection of members of the public or is otherwise in the public interest, it may suspend a practitioner<sup>2</sup> from its list: (1) while it decides whether or not to exercise its powers<sup>3</sup> of disqualification or contingent removal<sup>4</sup>; or (2) while it waits for a decision affecting the practitioner of a court or of a body which regulates<sup>5</sup> (a) the practitioner's profession<sup>6</sup>; (b) the profession of a person<sup>7</sup> providing any of the services<sup>8</sup> on the practitioner's behalf<sup>9</sup>; or (c) if the practitioner is a body corporate, the profession of one of its directors, or one of the body of persons controlling it or (if it is a limited liability partnership) one of its members<sup>10</sup>; or one of that regulatory body's committees<sup>11</sup>.

In a case falling within head (1) above, the primary care trust must specify the length of the period of suspension<sup>12</sup>. In a case falling within head (2) above, the primary care trust may specify that the practitioner remains suspended after the decision referred to there for an additional period which the trust must specify<sup>13</sup>. In either case before that period expires it may extend, or further extend, the suspension for a further specified period<sup>14</sup>; or if that period has expired, it may impose a further suspension, for a period which it must specify<sup>15</sup>. The period of suspension (in a head (1) case) or the additional period (in a head (2) case), including in both cases the period of any further suspension imposed<sup>16</sup>, may not exceed six months<sup>17</sup> in aggregate, except: (i) in prescribed circumstances, when it may not extend beyond any prescribed event (which may be the expiry of a prescribed period)<sup>18</sup>; (ii) if, on the application of the primary care trust, the Family Health Services Appeal Authority<sup>19</sup> orders accordingly before the expiry of the period of suspension<sup>20</sup>; or (iii) if the primary care trust has applied under head (ii) above before the expiry of the period of suspension, but the Family Health Services Appeal Authority has not made an order by the time it expires, in which case it continues until the authority has made an order<sup>21</sup>. If the Family Health Services Appeal Authority does so order, it must specify the date on which the period of suspension will end<sup>22</sup>, or an event beyond which it will not continue<sup>23</sup>. The Family Health Services Appeal Authority may, on the application of the primary care trust, make a further order<sup>24</sup> at any time while the period of suspension pursuant to the earlier order is still continuing<sup>25</sup>.

The Secretary of State may make regulations providing for payments to practitioners who are suspended<sup>26</sup>; and those regulations may include provision for the amount of the payments, or the method of calculating the amount, to be determined by the Secretary of State or by another person appointed for the purpose by the Secretary of State<sup>27</sup>.

While a practitioner is suspended he must be treated as not being included in the list from which he has been suspended even though his name appears in it<sup>28</sup>.

### **395. Suspension pending appeal.**

If the primary care trust<sup>1</sup> decides to remove a practitioner<sup>2</sup> from a list<sup>3</sup>, it may also decide to suspend the practitioner from the list pending any appeal by him, if it is satisfied that it is necessary to do so for the protection of members of the public or is otherwise in the public interest<sup>4</sup>. If it does so suspend the practitioner, the suspension has effect from the date when the primary care trust gave him notice of the suspension<sup>5</sup>. The suspension has effect until its revocation<sup>6</sup> or, if later, until the expiry of the period of 28 days for giving notice of appeal<sup>7</sup>, or, if the practitioner appeals<sup>8</sup>, until the Family Health Services Appeal Authority<sup>9</sup> has disposed of the appeal<sup>10</sup>. The Secretary of State<sup>11</sup> may make regulations providing for payments to practitioners who are suspended<sup>12</sup>.

The primary care trust may revoke a suspension imposed these provisions<sup>13</sup>. If the practitioner appeals<sup>14</sup> against the decision of the primary care trust to remove him from the list, the Family Health Services Appeal Authority may also revoke such a suspension<sup>15</sup>. While a practitioner is suspended he must be treated as not being included in the list from which he has been suspended even though his name appears in it<sup>16</sup>.

### **396. Procedure on suspension.**

Before reaching a decision to suspend a chemist<sup>1</sup>, the primary care trust<sup>2</sup> must give the chemist<sup>3</sup>: (1) notice of any allegation against him<sup>4</sup>; (2) notice of what action the trust is considering and on what grounds<sup>5</sup>; (3) the opportunity to put his case at an oral hearing before the trust, on a specified day, provided that at least 24 hours' notice of the hearing is given<sup>6</sup>. If the chemist does not wish to have an oral hearing or does not attend the oral hearing, the primary care trust may suspend the chemist with immediate effect<sup>7</sup>. If an oral hearing does take place, the primary care trust must take into account any representations made by the chemist before it reaches its decision<sup>8</sup>. The primary care trust may suspend a chemist with immediate effect following the hearing<sup>9</sup>. The primary care trust must notify the chemist of its decision and the reasons for it (including any facts relied upon) within seven days of making that decision<sup>10</sup>. The primary care trust may at any time revoke the suspension and notify the chemist of its decision<sup>11</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(d) Disqualification, Removal and Suspension/399. Temporary provision of services during a period of suspension.

### **399. Temporary provision of services during a period of suspension.**

A chemist<sup>1</sup> who has been suspended, except a temporary chemist<sup>2</sup> who has been suspended, may nominate to the primary care trust<sup>3</sup> a person<sup>4</sup> or persons to provide pharmaceutical services<sup>5</sup> in his place, for the period of his suspension<sup>6</sup>. A nominated person may apply<sup>7</sup> to the primary care trust for temporary inclusion in that trust's pharmaceutical list<sup>8</sup>; or if he is already included in that trust's pharmaceutical list, for temporary inclusion in respect of the premises from which the suspended chemist had undertaken to provide pharmaceutical services, or in respect of the pharmaceutical services which the suspended chemist had undertaken to provide<sup>9</sup>.

Before the end of the period of 14 days beginning with the day on which it has received both such a nomination and an application, a primary care trust must: (1) determine the application<sup>10</sup>; (2) invite representations if appropriate<sup>11</sup>; or (3) where it considers that there are grounds for deferring consideration or determination of the application<sup>12</sup>, notify the applicant to that effect<sup>13</sup>. A primary care trust must, as soon as is practicable, give notice of its decision on an application<sup>14</sup> to the applicant<sup>15</sup>, the suspended chemist<sup>16</sup>, and where it decides to grant the application, the local pharmaceutical committee and the local medical committee established for the trust's area<sup>17</sup>. Where a primary care trust grants an application, it must include the applicant in its pharmaceutical list or, where the applicant is already included in that list, include him in relation to the premises or services specified in the application<sup>18</sup>. Where a primary care trust has refused a person's application to be a temporary chemist that person may appeal<sup>19</sup> to the Secretary of State<sup>20</sup>.

The suspended chemist may at any time during the period of his suspension inform the primary care trust in writing<sup>21</sup> that he no longer consents to the provision of pharmaceutical services by the temporary chemist<sup>22</sup>, and he requires that the temporary chemist should cease the provision of pharmaceutical services with effect from a specified date<sup>23</sup>. Where the primary care trust receives such a notification from the suspended chemist, it must, as soon as practicable, notify the temporary chemist that he is to cease the provision of pharmaceutical services with effect from the specified date, and must remove his name from the pharmaceutical list with effect from that date<sup>24</sup>.

A primary care trust may at any time remove a temporary chemist's name from the pharmaceutical list if the temporary chemist is in a relationship with the suspended chemist which makes it unlikely that he will be able to exercise an appropriate degree of autonomy<sup>25</sup>. Where a primary care trust is minded to so remove a temporary chemist's name from the pharmaceutical list, it must: (a) as soon as practicable, notify the suspended chemist and the temporary chemist that it is so minded, giving a brief statement of its reasons<sup>26</sup>; (b) afford to the suspended chemist and the temporary chemist an opportunity to make representations to it in writing or, if they so desire, in person, before the end of the period of 14 days beginning on the day on which the notification is given<sup>27</sup>; (c) make a decision as to removal from the pharmaceutical list before the end of the period of 14 days beginning on the day on which it receives or hears the applicant's or the suspended chemist's representations, whichever is the later of the two, or, where no representations are made, the day on which the time for making such representations expires<sup>28</sup>; and (d) as soon as practicable, give notice of its decision to the suspended chemist and the temporary chemist<sup>29</sup>.

On and after the date on which the period of suspension of the suspended chemist ends (whether the suspended chemist's name is removed from the pharmaceutical list or whether he is reinstated as a chemist), the temporary chemist may no longer provide the pharmaceutical services that he had previously provided in the place of the chemist who had been suspended; and the primary care trust must remove the temporary chemist's name from its pharmaceutical list with effect from that date<sup>30</sup>.

#### **401. Appeals.**

A practitioner<sup>1</sup> may appeal to the Family Health Services Appeal Authority<sup>2</sup> against a decision of a primary care trust<sup>3</sup> by giving notice in writing<sup>4</sup> to the authority within the period of 28 days beginning with the date on which the trust gave him notice of the decision<sup>5</sup>. The primary care trust decisions in question are:

- 254 (1) to remove<sup>6</sup> the practitioner from a list<sup>7</sup>;
- 255 (2) to remove<sup>8</sup> him contingently<sup>9</sup>;
- 256 (3) to impose any particular condition on contingent removal<sup>10</sup>, or to vary any such condition or to impose any different condition<sup>11</sup>;
- 257 (4) to vary<sup>12</sup> his terms of service<sup>13</sup>;
- 258 (5) any decision on a review<sup>14</sup> of a contingent removal<sup>15</sup>.

The appeal must be way of redetermination of the decision of the primary care trust<sup>16</sup>. On an appeal, the Family Health Services Appeal Authority may make any decision which the primary care trust could have made<sup>17</sup>. If the Family Health Services Appeal Authority decides to remove the practitioner contingently: (a) the primary care trust and the practitioner may each apply to the authority for the conditions imposed on the practitioner to be varied, for different conditions to be imposed, or for the contingent removal to be revoked<sup>18</sup>; and (b) the trust may remove him from its list if it determines that he has failed to comply with a condition<sup>19</sup>.

The primary care trust may not remove a person from a list, or impose a contingent removal until the expiry of the period of 28 days<sup>20</sup> within which the practitioner may appeal<sup>21</sup> or, if the practitioner appeals within that period, until the Family Health Services Appeal Authority has disposed of the appeal<sup>22</sup>.

Regulations<sup>23</sup> may provide for payments by primary care trusts to practitioners who are removed from lists pursuant to decisions of the Family Health Services Appeal Authority under these provisions, but whose appeals against those decisions are successful<sup>24</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(B) Pharmaceutical Lists/(d) Disqualification, Removal and Suspension/402. National disqualification.

#### **402. National disqualification.**

If the Family Health Services Appeal Authority<sup>1</sup> removes the practitioner<sup>2</sup> from a list, it may also decide to disqualify him from inclusion in: (1) the pharmaceutical lists<sup>3</sup> prepared by each primary care trust<sup>4</sup>; (2) the supplementary lists<sup>5</sup> prepared by each primary care trust<sup>6</sup>; (3) the medical performers list<sup>7</sup>, dental performers list<sup>8</sup> or the ophthalmic list<sup>9</sup> prepared by each primary care trust<sup>10</sup>; (4) the local pharmaceutical services lists<sup>11</sup> prepared by each primary care trust<sup>12</sup>; (5) the lists corresponding to the lists mentioned in heads (1) to (4) above prepared by each local health board<sup>13</sup> under or by virtue of the National Health Service (Wales) Act 2006<sup>14</sup>; or only from inclusion in one or more descriptions of such lists prepared by each primary care trust and each local health board, the description being specified by the authority in its decision<sup>15</sup>. Such a decision is known as the imposition of a 'national disqualification'<sup>16</sup>. The Family Health Services Appeal Authority may also impose a national disqualification on a practitioner if it dismisses an appeal by him against the refusal by a primary care trust to include him in such a list<sup>17</sup>.

The primary care trust may apply to the Family Health Services Appeal Authority for a national disqualification to be imposed on a person<sup>18</sup> after the trust has removed him from a list prepared by it of any of the kinds referred to in heads (1) to (4) above<sup>19</sup>, or refused to include him in such a list<sup>20</sup>. Any such application must be made before the end of the period of three months<sup>21</sup> beginning with the date of the removal or of the primary care trust's refusal<sup>22</sup>.

If the Family Health Services Appeal Authority imposes a national disqualification on a person: (a) no primary care trust or local health board may include him in a list of any of the kinds prepared by it from which he has been disqualified from inclusion<sup>23</sup>; and (b) if he is included in such a list, each primary care trust and each local health board in whose list he is included must remove him from it<sup>24</sup>.

The Family Health Services Appeal Authority may at the request of the person upon whom it has been imposed review a national disqualification, and on a review may confirm it or revoke it<sup>25</sup>. The person may not request such a review before the end of the period of two years beginning with the date on which the national disqualification was imposed<sup>26</sup>, or one year beginning with the date of the authority's decision on the last such review<sup>27</sup>.

- The period for review of a national disqualification is the period specified below instead of that in s 159(8) where the circumstances are that: (1) on making a decision to impose a national disqualification, the Family Health Services Appeal Authority states that it is of the opinion that the criminal or professional conduct of the disqualified person is such that there is no realistic prospect of a further review being successful if held within the period specified in s 159(8)(a), in which case the reference to 'two years' in that provision is a reference to five years (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 52(a)); (2) on the last review by the authority of a national disqualification the disqualified person was unsuccessful and the authority states that it is of the opinion that there is no realistic prospect of a further review being successful if held within a period of three years beginning with the date of its decision on that review, in which case the reference to 'one year' in the National Health Service Act 2006 s 159(8)(b) is a reference to three years (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 52(b)); (3) the authority states that it is of the opinion that because a criminal conviction considered by it in reaching its decision has been quashed or the penalty reduced on appeal, there is a need for an immediate review, in which case the reference to 'two years' or 'one year' in the National Health Service Act 2006 s 159(8) is a reference to the period that has already elapsed (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 52(c)); or (4) the authority is of the opinion that because the decision of a licensing or regulatory body has been quashed or the penalty reduced on appeal, there is a need for an immediate review, in which case the reference to 'two years' or 'one year' in the National Health Service Act 2006 s 159(8) is a reference to the period that has already elapsed (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 52(d)). ## (C) PROVISION OF PHARMACEUTICAL SERVICES BY DOCTORS

### **404. Arrangements for provision of pharmaceutical services by doctors.**

Where a patient:

- 259 (1) satisfies a primary care trust<sup>1</sup> that he would have serious difficulty in obtaining any necessary drugs or appliances<sup>2</sup> from a pharmacy<sup>3</sup> by reason of distance or inadequacy of means of communication<sup>4</sup>;
- 260 (2) is resident in a controlled locality<sup>5</sup>, at a distance of more than 1.6 kilometres from any pharmacy (other than a distance selling chemist<sup>6</sup>), and one of the specified conditions<sup>7</sup> is satisfied in his case<sup>8</sup>;
- 261 (3) is resident in a controlled locality and any pharmacy within a distance of 1.6 kilometres from where the patient lives: (a) has been determined to be in a reserved location<sup>9</sup>, and that determination has not been altered on appeal or by way of a further determination<sup>10</sup>; or (b) is a distance selling chemist<sup>11</sup>, and one of the specified conditions<sup>12</sup> is satisfied in his case<sup>13</sup>; or
- 262 (4) is one to whom head (1) or (2) above applies and at the time of the request the patient is living as a member of the household, other than as a temporary resident, of another person in respect of whom a doctor<sup>14</sup> has residual premises approval<sup>15</sup>,

he may at any time request in writing<sup>16</sup> a doctor<sup>17</sup> to provide him with pharmaceutical services<sup>18</sup>.

If a doctor so requested by a patient: (i) applies to provide pharmaceutical services to the patient, and sends with his application the patient's request in writing, the primary care trust must make arrangements with him for the provision<sup>19</sup> of such services by him<sup>20</sup>; or (ii) does not so apply within 30 days, the primary care trust may require him to undertake such provision<sup>21</sup> and must give him notice to that effect<sup>22</sup>. A primary care trust must give a doctor reasonable notice that it requires him to provide pharmaceutical services to any person<sup>23</sup>, or that where a person no longer satisfies the statutory provisions<sup>24</sup>, the doctor must discontinue the provision of pharmaceutical services to that person<sup>25</sup>.

### **404 Arrangements for provision of pharmaceutical services by doctors**

TEXT AND NOTES--SI 2005/641 reg 60(8A)-(8D) added: SI 2009/2205.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(5) THE HEALTH SERVICES/(iv) Pharmaceutical Services/A. PROVISION OF PHARMACEUTICAL SERVICES/(C) Provision of Pharmaceutical Services by Doctors/405. Outline consent and premises approval.

#### **405. Outline consent and premises approval.**

A doctor<sup>1</sup> wishing to be granted the right to provide pharmaceutical services<sup>2</sup> by arrangement with a primary care trust<sup>3</sup> to patients residing in an area, may apply<sup>4</sup> to the primary care trust in writing<sup>5</sup> for consent (known as 'outline consent') specifying the area in relation to which he wishes the outline consent to be granted<sup>6</sup>, and approval of any premises from which he wishes to dispense (known as 'premises approval')<sup>7</sup>.

When granting outline consent, the primary care trust must determine when the outline consent is to take effect<sup>8</sup>. Premises approval takes effect when the relating outline consent takes effect<sup>9</sup>. The primary care trust may refuse an application in respect of some of the premises for which approval is sought (notwithstanding that it would, if determining the application for those premises in isolation, grant it) where the number of applications for premises approval are such, or the circumstances in which they are made are such, that to grant all or some of them would prejudice the proper provision of primary medical services<sup>10</sup>, dispensing services, local pharmaceutical services<sup>11</sup> or pharmaceutical services in any locality<sup>12</sup>.

An outline consent ceases to have effect: (1) where no arrangement for the provision of pharmaceutical services<sup>13</sup> has been made pursuant to it within 12 months<sup>14</sup> from its taking effect<sup>15</sup>; (2) where more than 12 months have elapsed since the last provision of drugs and appliances<sup>16</sup> under such an arrangement<sup>17</sup>; (3) in accordance with certain statutory provisions<sup>18</sup>; or (4) where there is a practice amalgamation and following the amalgamation there are no practice premises which have premises approval<sup>19</sup>. Premises approval ceases to have effect in relation to: (a) listed premises which have permanently ceased to be practice premises<sup>20</sup>; (b) listed premises which have not been used for dispensing by any doctor authorised to dispense from those premises for six months or such longer period as the primary care trust may for good cause allow<sup>21</sup>; (c) listed premises where a doctor who has outline consent to dispense from those premises has notified the primary care trust that all the doctors who have authority to dispense from those premises have ceased to do so<sup>22</sup>; (d) listed premises where there is no doctor with premises approval in respect of them remaining on the dispensing doctor list<sup>23</sup>; or (e) listed premises which were granted premises approval<sup>24</sup>, where no practice amalgamation takes place within the specified period<sup>25</sup>. Premises approval also ceases to have effect where the relating outline consent ceases to have effect<sup>26</sup>.

PROVISION OF PHARMACEUTICAL SERVICES/(C) Provision of Pharmaceutical Services by Doctors/408. Additional and new premises after outline consent has taken effect.

#### **408. Additional and new premises after outline consent has taken effect.**

A doctor<sup>1</sup> who has been granted outline consent<sup>2</sup> which has taken effect<sup>3</sup>, or provides pharmaceutical services<sup>4</sup> in reliance on previous arrangements<sup>5</sup>, and who wishes to be granted premises approval<sup>6</sup> in relation to additional premises<sup>7</sup> may apply to all the appropriate primary care trusts<sup>8</sup>, and the application must be determined by the relevant primary care trust<sup>9</sup>. A doctor wishing to be granted premises approval in relation to new premises where he wishes to dispense instead of listed premises<sup>10</sup> may apply to all the appropriate primary care trusts and the application must be determined by the relevant primary care trust<sup>11</sup>. A determination by the relevant primary care trust may be appealed to the Secretary of State<sup>12</sup> by the applicant and any of the persons notified<sup>13</sup> of the determination apart from any local pharmaceutical committee<sup>14</sup> or any local medical committee<sup>15</sup>.

When granted in relation to new or additional premises, the premises approval takes effect from the date of notification of the grant<sup>16</sup>. However, where the premises approval is granted in relation to additional premises<sup>17</sup>, and in relation to the premises for which the approval is granted there were, at the date of the grant, outstanding applications<sup>18</sup>, the premises approval provisionally takes effect on the date which is the day after the end of a period of one year, or such longer period (not exceeding three months) as the relevant primary care trust may for good cause allow before the expiration of that year, from the final resolution of any outstanding application<sup>19</sup>.

The relevant primary care trust may grant temporary premises approval to a doctor who has outline consent and premises approval in relation to additional or new premises where it considers it desirable to do so to secure the adequate provision of pharmaceutical services in the area served by the premises, and renew any such temporary approval granted, to secure such adequate provision<sup>20</sup>. Temporary premises approval may be granted for a period not exceeding 12 months, and may be renewed for a further period not exceeding three months<sup>21</sup>.

## UPDATE

### 408 Additional and new premises after outline consent has taken effect

TEXT AND NOTES--SI 2005/641 reg 65 does not apply to an application by a doctor of the type mentioned in reg 65(1)(a) or (b) for temporary premises approval in relation to premises in addition to those in respect of which premises approval has already been

given under regs 60-69, or temporary premises approval in relation to new premises where the doctor wishes to dispense instead of listed premises, requiring a temporary amendment to a dispensing doctor list which a primary care trust is satisfied is necessary or expedient because of an emergency requiring the flexible provision of pharmaceutical services: reg 65A(1) (regs 2(5), (6), 65A added by SI 2009/2205). In the circumstances described in reg 65A(1), the primary care trust may grant the application, but (1) only for a specified period, which must not be longer than the specified period of the emergency given by the Secretary of State, which the primary care trust may extend or curtail in appropriate circumstances; and (2) the applicant may revert to the overridden premises approval before the end of the period specified by the primary care trust, on giving the primary care trust at least 24 hours notice: reg 65A(2). There is no right of appeal under SI 2005/641 in respect of a decision to grant or refuse an application under reg 65A(1) or to extend or curtail, or not to extend or curtail, temporary premises approval under head (1) above: reg 65A(3). 'Emergency requiring the flexible provision of pharmaceutical services' means an emergency declared by means of a direction to primary care trusts under the National Health Service Act 2006 s 8(1) (see PARA 16) to the effect that, as a result of the threatened damage to human welfare caused or which may be caused by the illness designated in the direction, primary care trusts must for a specified period exercise, or where a discretion is conferred, consider exercising, one or more of their functions under SI 2005/641 reg 7A (see PARAS 354-370), 60(8A) (see PARA 404) or reg 65A, Sch 1 para 25A or Sch 3 para 13A (see PARA 347), subject to any conditions or limitations set out in the direction: reg 2(5). Where a direction of the type mentioned in reg 2(5) is given and the Secretary of State issues a further direction changing the specified period of the emergency, the duration of the emergency is to be construed in accordance with the specified period as so changed: reg 2(6).

Where, during an emergency requiring the flexible provision of pharmaceutical services, arrangements for the provision of pharmaceutical services are overridden by temporary arrangements (1) any proceedings with regard to the overridden arrangements are unaffected by that overriding, although they may need to be stayed during the emergency for other reasons; and (2) if as a result of those proceedings, the overridden arrangements require amendment before the end of the temporary arrangements, when the emergency ends, the reversion to the overridden arrangement are to be to the overridden arrangements as amended as a result of those proceedings: SI 2005/641 reg 69B (added by SI 2009/2205).

#### **409. Practice amalgamations.**

If, following a practice amalgamation<sup>1</sup>, all the practice premises<sup>2</sup> of the new practice are premises in respect of which premises approval<sup>3</sup> was in effect immediately prior to the practice amalgamation, then outline consent<sup>4</sup> and premises approval continue to have effect<sup>5</sup>.

Where there is, or will be, a practice amalgamation and none or not all of the practice premises of the new amalgamating practice had been premises in respect of which premises approval was in effect immediately prior to the practice amalgamation, a doctor who is a party to the practice amalgamation and who has been granted outline consent and premises approval which is in effect either immediately before the practice amalgamation or the date of the application, may make an application for premises approval<sup>6</sup>. Such an application may be made before or after the practice amalgamation takes place, and where the practice amalgamation takes effect before the application has been finally determined any premises approval in effect at the date of the practice amalgamation has effect from the date of the amalgamation as if it were a temporary approval<sup>7</sup> for a period stated by the primary care trust not exceeding one year<sup>8</sup>; and the new practice has temporary premises approval from the date of the practice amalgamation to dispense from any premises mentioned in the application for a period stated by the primary care trust not exceeding one year<sup>9</sup>. Where an application was granted before the practice amalgamation takes place, premises approval takes effect from the date of the practice amalgamation<sup>10</sup>. Where an application for premises approval is refused either for all or any of the premises specified in the application, whether before or after the practice amalgamation takes place, the doctors who had premises approval prior to making the application, and any other doctor in the new practice after that date, have residual premises approval<sup>11</sup>.

1 A 'practice amalgamation' occurs where either: (1) two or more providers of primary medical services merge (National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(1)(a)); or (2) a contractor under a general medical services contract or an arrangement made under the National Health Service Act 2006 s 92 (see PARA 267) or s 83(2)(b) (see PARA 241), or a doctor who provides primary medical services for a practice established by a primary care trust under s 83(2)(a) (see PARA 241), is employed or engaged by another such contractor or by a primary care trust to provide services within another such practice (see the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(1)(b)), as a result of which two or more patient lists are combined (reg 66(1)). As to primary medical services see PARA 241. As to the meaning of 'general medical services contract' see PARA 242. As to the meaning of 'doctor' see PARA 345 note 4. As to primary care trusts see PARA 111. As to the meaning of 'patient list' see PARA 362 note 9. 5 National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(2).

6 National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(3) (amended by SI 2006/3373). The application must be determined as provided in the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 65 (see PARA 408) as if it were an application from a doctor with premises approval to have the right to dispense from: (1) additional premises where the premises approval is required for additional premises as defined in reg 65(1) (see PARA 408) (reg 66(3)(a)); or (2) new premises

where the premises approval is required for new premises as defined in reg 65(3) (see PARA 408) (reg 66(3)(b)), and the primary care trust may grant temporary premises approval under reg 65(9) (see PARA 408) (reg 66(3)).

9     National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(4)(b). When the practice amalgamation takes effect the doctors must notify all primary care trusts in whose area the amalgamated practice is situated that the practice amalgamation has taken place: reg 66(5).

10    National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(6). However, where an application was made before the practice amalgamation takes place and the practice amalgamation has not taken place before the end of a period of one year beginning with the date that premises approval was granted under reg 66(3) (see the text to note 6), that grant lapses: reg 66(7).

11    National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 66(8). 'Residual premises approval' means premises approval to dispense: (1) from premises in respect of which the doctor or another doctor in his practice had premises approval at the time of the application in relation to the practice amalgamation (reg 66(9)(a)); and (2) to a patient for whom the doctor making the application is authorised to provide pharmaceutical services on the date the application was refused, but excluding any such patient who ceases to be a patient mentioned in reg 60(1)(b) or (c) (see PARA 404) (reg 66(9)(b)(i)), or a patient who is not such a patient but who is mentioned in reg 60(1)(a) or (d) (see PARA 404) and for whom the doctor making the application is authorised to provide pharmaceutical services on the date the application was refused (reg 66(9)(b)(ii)). For the purposes of reg 66(9), reg 60(1)(b) or (c) must be read as if the words 'and one of the conditions specified in reg 60(3) is satisfied in his case' were omitted: reg 66(10). #### **410. Dispensing doctor lists.**

A primary care trust<sup>1</sup> must prepare, maintain and publish a list, to be called the 'dispensing doctor list', of the names of those doctors<sup>2</sup> authorised or required by the primary care trust<sup>3</sup> to provide pharmaceutical services<sup>4</sup> to their patients and who are actually doing so<sup>5</sup>.

A primary care trust must remove the name of a doctor from its dispensing doctor list where the trust determines that: (1) the doctor has died<sup>6</sup>; (2) the doctor is no longer performing primary medical services<sup>7</sup> within the area of the trust<sup>8</sup>; (3) more than 12 months<sup>9</sup> have elapsed since the doctor last provided drugs<sup>10</sup> or appliances<sup>11</sup> under an arrangement made<sup>12</sup> with the trust<sup>13</sup>; or (4) the doctor has been removed from the medical performers list<sup>14</sup>.

## (D) REMUNERATION

### **411. Remuneration for providing pharmaceutical services.**

The remuneration to be paid to persons<sup>1</sup> who provide pharmaceutical services<sup>2</sup> must be determined by determining authorities<sup>3</sup>. Determining authorities may also determine the remuneration to be paid to persons who provide those services in respect of the instruction of any person in matters relating to those services<sup>4</sup>.

Determining authorities are the Secretary of State<sup>5</sup>, and, so far as authorised by him to exercise the functions<sup>6</sup> of determining authorities, any primary care trust<sup>7</sup> or other person appointed by him in an instrument of appointment<sup>8</sup>.

Regulations may<sup>9</sup>:

- 267 (1) make provision about determining remuneration and may in particular impose requirements with which determining authorities must comply in making, or in connection with, determinations<sup>10</sup> (including requirements as to consultation and publication)<sup>11</sup>;
- 268 (2) provide that determinations may be made by reference to any of: (a) rates or conditions of remuneration of any persons or any descriptions of persons which are fixed or determined, or will be fixed or determined, otherwise than by way of a determination<sup>12</sup>; (b) scales, indices or other data of any description specified in the regulations<sup>13</sup>;
- 269 (3) provide that determining authorities may make determinations which have effect in relation to remuneration in respect of a period beginning on or after a date specified in the determination, which may be the date of the determination or an earlier or later date, but may be an earlier date only if, taking the determination as a whole, it is not detrimental to the persons to whose remuneration it relates<sup>14</sup>;
- 270 (4) provide that any determination which does not specify a date as referred to in head (3) above has effect in relation to remuneration in respect of a period beginning if it is required to be published, on the date of publication<sup>15</sup>, or if it is not so required, on the date on which it is made<sup>16</sup>.

On a determination of remuneration<sup>17</sup> the determining authority may adjust the amount of the remuneration in either or both of the following ways: (i) by deducting an amount to take account of any overpayment<sup>18</sup>; (ii) by adding an amount to take account of any underpayment<sup>19</sup>, if it appears to the authority that an earlier determination was unsatisfactory<sup>20</sup>. If the later determination is of remuneration for a category of services, it is immaterial whether the earlier determination was of remuneration for the same category of services or for any other category of services falling within the same description<sup>21</sup>.

The aggregate of the determinations made by the Secretary of State, acting as a determining authority, is known as the 'drug tariff': see the National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, reg 56(a) (as so substituted). The Secretary of State must publish the drug tariff, and any amendments to it, in such format and at such intervals as he thinks fit: see reg 56(f) (as so substituted). The National Health Service (Pharmaceutical Services) Regulations 2005, SI 2005/641, have effect under the National Health Service Act 2006 s 164 by virtue of the National Health Service (Consequential Provisions) Act 2006 s 4, Sch 2 Pt 1 para 1(1), (2). - 13 National Health Service Act 2006 s 164(7)(b). - 18 National Health Service (Amendment) Act 1986 s 4(1)(a). 'Overpayment' means the aggregate of any amounts which were properly paid under the earlier determination but which in the authority's opinion were paid because that determination was unsatisfactory, exclusive of any portion of that aggregate in respect of which a deduction under s 4(1) has already been made: s 4(4). 'Earlier determination' means an earlier determination of remuneration of the same or other persons for services of the same description or any category of services falling within that description and includes such a determination made before 7 November 1986 (ie the date of the passing of the National Health Service (Amendment) Act 1986): s 4(4). If an amount falls to be deducted by virtue of s 4(1)(a), the determining authority, in fixing amounts of remuneration for persons to whom the determination relates, may have regard to the period within which they first provided services of the description to which it relates: s 4(3).
- 19 National Health Service (Amendment) Act 1986 s 4(1)(b). 'Underpayment' means the aggregate of any amounts which in the authority's opinion would have been paid under the earlier determination if that

determination had not been unsatisfactory, exclusive of any portion of that aggregate in respect of which an addition under s 4(1) has already been made: s 4(4).

20 National Health Service (Amendment) Act 1986 s 4(1). An earlier determination is to be taken to have been unsatisfactory only if, had it fallen to the authority to make it at the time of the later determination, the authority would have made it on the basis of different information: s 4(2).

#### 412. Determinations.

Before a determination<sup>1</sup> is made by the Secretary of State<sup>2</sup> which relates to all persons<sup>3</sup> who provide pharmaceutical services<sup>4</sup>, or a category of such services, he must consult a body appearing to him to be representative of persons to whose remuneration the determination would relate<sup>5</sup>, and may consult such other persons as he considers appropriate<sup>6</sup>.

Determinations may: (1) make different provision for different cases, including different provision for any particular case, class of case or area<sup>7</sup>; (2) be made in more than one stage<sup>8</sup>, made by more than one determining authority<sup>9</sup>, varied or revoked by subsequent determinations<sup>10</sup>; (3) in particular, provide that the whole or any part of the remuneration is payable only if the determining authority is satisfied as to certain conditions<sup>11</sup>, or must be applied for certain purposes or is otherwise subject to certain conditions<sup>12</sup>.

Remuneration<sup>13</sup> may be determined from time to time and may consist of payments by way of salary<sup>14</sup>, fees<sup>15</sup>, allowances<sup>16</sup>, and reimbursement (in full or in part) of expenses incurred or expected to be incurred in connection with the provision of the services or instruction<sup>17</sup>. At the time a determination is made or varied, certain matters which require determining may be reserved to be decided at a later time<sup>18</sup>. Any determination may be made only after taking into account all the matters which are considered to be relevant by the determining authority<sup>19</sup>.

### **413. Claims and overpayments.**

Any claim for fees, allowances or other remuneration by chemists<sup>1</sup> or doctors<sup>2</sup> must be made in accordance with the provisions of the drug tariff<sup>3</sup> or, as the case may be, in accordance with any arrangements for claiming them included in a determination<sup>4</sup> made by the primary care trust<sup>5</sup>. Where it considers that a payment has been made to a chemist or doctor in circumstances when it was not due, the primary care trust, except to the extent that the Secretary of State<sup>6</sup>, on the application of the trust, directs otherwise, must draw the overpayment to the attention of the chemist or the doctor; and where the overpayment is admitted by him<sup>7</sup>, or where, in the case of a chemist, the overpayment is not so admitted but<sup>8</sup> the trust or the Secretary of State<sup>9</sup> decides that there has been an overpayment<sup>10</sup>, the amount overpaid is recoverable<sup>11</sup>, either by deduction from the remuneration of the doctor or chemist or in some other manner<sup>12</sup>. Recovery of an overpayment is without prejudice to the investigation of an alleged breach of the terms of service<sup>13</sup>.

#### **414. Payments to suspended chemists.**

The primary care trust<sup>1</sup> must make payments to any chemist<sup>2</sup> who is suspended<sup>3</sup> in accordance with the Secretary of State's<sup>4</sup> determination in relation to such payments<sup>5</sup>. The Secretary of State must make the determination after consultation with such organisations as he may recognise as representing chemists with whom arrangements for the provision of pharmaceutical services<sup>6</sup> exist, and it must be published with the drug tariff<sup>7</sup>. The determination may be amended from time to time by the Secretary of State after consultation with those organisations, and any amendments must also be published in the drug tariff<sup>8</sup>. The Secretary of State's determination may include provision that payments in accordance with the determination are not to exceed a specified amount in any specified period<sup>9</sup>. If a payment is made in accordance with a determination, but the payee was not entitled to receive all or any part of it, if the amount to which he was not entitled has not been recovered by other means, it may be recovered by the primary care trust as a civil debt<sup>10</sup>.

If a chemist is dissatisfied with a decision of a primary care trust: (1) to refuse to make a payment to, or in respect of, him in accordance with a determination<sup>11</sup>; (2) to make a payment to, or in respect of, him in accordance with a determination, but at a lower level than the level which he considers to be correct<sup>12</sup>; or (3) in respect of recovery of what the trust considers to be an overpayment<sup>13</sup>, he may ask the trust in writing<sup>14</sup> to review its decision and, if he does so, the trust must reconsider that decision<sup>15</sup>. If the chemist remains dissatisfied (whether on the same or different grounds), he may appeal to the Secretary of State by giving him a notice of appeal<sup>16</sup>. The Secretary of State must then send a written request to the parties to make, in writing and within a specified period, any representations they may wish to make about the matter<sup>17</sup>. Once the specified period has elapsed, the Secretary of State must give a copy of the representations received from a party to the other party<sup>18</sup>, and request in writing a party to whom a copy of representations is given to make within a specified period any written observations which he or it wishes to make on those representations<sup>19</sup>. Once that period has elapsed, the Secretary of State must, as soon as is reasonably practicable, having taken into account any such representations or observations<sup>20</sup> and such other evidence as he sees fit to consider, determine the appeal and give notice of the determination (including a record of the reasons for it) to both parties<sup>21</sup>; and give the primary care trust such directions in writing, if any, on the matter as he thinks fit<sup>22</sup>.

#### **415. Reward scheme in relation to non-genuine orders.**

A chemist<sup>1</sup> who is presented with, or receives, an order<sup>2</sup> for drugs or appliances<sup>3</sup> is eligible to claim a payment from the primary care trust<sup>4</sup> in such manner as is specified in the drug tariff<sup>5</sup> if: (1) he refused<sup>6</sup> to provide the drugs or listed appliances ordered and informed the primary care trust of this action as soon as practicable<sup>7</sup>; or (2) he provided the drugs or listed appliances but had reason to believe at that time or subsequently came to have reason to believe that the order was not a genuine order for the person named on the prescription form or repeatable prescription and informed the primary care trust of this belief as soon as practicable<sup>8</sup>; and in either case he has sent the order in question to the primary care trust, and the trust has established that the order was not a genuine order for the person named on the prescription form or repeatable prescription<sup>9</sup>. The primary care trust must in respect of any such claim make such payment as is due to the chemist calculated in the manner specified in the drug tariff<sup>10</sup>.

Regulations<sup>1</sup> may provide that a health care professional<sup>2</sup> of a prescribed<sup>3</sup> description may not perform any local pharmaceutical service<sup>4</sup> for which a primary care trust is responsible<sup>5</sup> unless he is included in a list maintained under the regulations by a primary care trust<sup>6</sup>. ## (B) PILOT SCHEMES

### 419. Establishment of schemes.

Primary care trusts<sup>1</sup> may establish pilot schemes<sup>2</sup>.

A 'pilot scheme' means one or more agreements made<sup>3</sup> by a primary care trust<sup>4</sup> under which local pharmaceutical services<sup>5</sup> will be provided (otherwise than by the primary care trust)<sup>6</sup>, and the parties to which do not include any other primary care trust<sup>7</sup>. A pilot scheme may include arrangements: (1) for the provision of services which are not local pharmaceutical services, but which may be provided under the National Health Service Act 2006<sup>8</sup> and whether or not of the kind usually provided by pharmacies<sup>9</sup>; (2) for the provision of training and education (including training and education for persons<sup>10</sup> who are, or may become, involved in the provision of local pharmaceutical services)<sup>11</sup>. A pilot scheme may not combine arrangements for the provision of local pharmaceutical services with arrangements for the provision of primary medical services<sup>12</sup> or primary dental services<sup>13</sup>.

In determining the arrangements it needs to make in order to comply with its duty to provide pharmaceutical services<sup>14</sup>, a primary care trust may take into account arrangements under a pilot scheme made by it<sup>15</sup>. The functions<sup>16</sup> of an NHS trust<sup>17</sup> and an NHS foundation trust<sup>18</sup> include power to provide any services to which a pilot scheme applies<sup>19</sup>.

1 As to primary care trusts see PARA 111.

2 National Health Service Act 2006 s 134(1). As to the equivalent provision to the National Health Service Act 2006 ss 134, 141 in relation to Wales see the National Health Service (Wales) Act 2006 ss 92, 99. As to the meaning of 'Wales' see PARA 6 note 2.

The National Health Service Act 2006 has effect in relation to piloted services: (1) subject to any provision of, or made under, Pt 7 Ch 2 (ss 134-143), s 145 (application of enactments: see PARA 416) or s 178 (charges for local pharmaceutical services: see PARA 472) (s 141(a)); but (2) otherwise as if those services were provided as a result of the delegation by the Secretary of State of his functions (by directions given under s 7: see PARA 7) (s 141(b)). 'Piloted services' means services provided under a pilot scheme (including any services to which the scheme applies as a result of s 134(3): see the text to notes 8-11): s 134(7). As to the Secretary of State see PARA 6 note 8. As to the territorial limit on the exercise of the functions of the Secretary of State see PARA 6.

3 In accordance with the National Health Service Act 2006 Pt 7 Ch 2 (ss 134-143): see PARAS 420 et seq.

4 National Health Service Act 2006 s 134(2)(a).

5 In the National Health Service Act 2006, except where the context otherwise requires, 'local pharmaceutical services' means such services as are prescribed under s 134(7) or Sch 12 para 1(7) (see PARA 431): s 275(1). In Pt 7 Ch 2 (ss 134-143) 'local pharmaceutical services' means such services of a kind which may be provided under s 126 (see PARA 339), or by virtue of s 127 (see PARA 346) (other than practitioner dispensing services) as may be prescribed for these purposes: s 134(7). 'Prescribed' means prescribed by regulations: s 275(1). As to the meaning of 'regulations' see PARA 7 note 2. As to the making of regulations see PARA 9. 'Local pharmaceutical services' means services of a kind which may be provided under s 126 or by virtue of s 127, other than practitioner dispensing services, and which are provided under a pilot scheme: National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) Regulations 2002, SI 2002/888, reg 2; National Health Service (Consequential Provisions) Act 2006 s 4, Sch 2 Pt 1 para 1(4). The National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) Regulations 2002, SI 2002/888, have effect under the National Health Service Act 2006 s 134(7) by virtue of the National Health Service (Consequential Provisions) Act 2006 Sch 2 Pt 1 para 1(1), (2). The National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) Regulations 2002, SI 2002/888, extend to England only:

reg 1(2). As to the meaning of 'England' see PARA 6 note 2. At the date at which this volume states the law no equivalent regulations had been made in relation to Wales.

'Practitioner dispensing services' means the provision of drugs, medicines or listed appliances (within the meaning given by the National Health Service Act 2006 s 126: see PARA 339 note 5) by a medical practitioner or dental practitioner to a patient of his pursuant to arrangements made by virtue of s 132(1) (see PARA 342): s 134(8). As to the meaning of 'medicine' see PARA 339 note 4. As to the meaning of 'medical practitioner' see PARA 84 note 7. As to the meaning of 'dental practitioner' see PARA 87 note 7. #### **420. Initiation of schemes.**

A pilot scheme<sup>1</sup> may be made on the initiative of a primary care trust<sup>2</sup>, or in response to a request made by a person<sup>3</sup> wishing to participate in the scheme<sup>4</sup>.

Before making a pilot scheme, the primary care trust concerned must prepare proposals for the scheme and submit them to the Secretary of State<sup>5</sup>. However, proposals may be submitted by a primary care trust only with the agreement of the other proposed participants<sup>6</sup>. In preparing proposals for a pilot scheme, a primary care trust must comply with any directions<sup>7</sup> given to it by the Secretary of State as to the matters to be dealt with, and information to be included, in the proposals<sup>8</sup>, and the procedure to be followed by the trust<sup>9</sup>. Before submitting proposals for a pilot scheme, a primary care trust must (in addition to complying with any requirements about consultation imposed by or under any other enactment<sup>10</sup>) comply with any directions given to it by the Secretary of State about the extent to which, and manner in which, it must consult on the proposals<sup>11</sup>. The Secretary of State may give directions<sup>12</sup>: (1) requiring a primary care trust to submit proposals to him<sup>13</sup>; (2) as to the matters to which a primary care trust must have regard in making any recommendation to the Secretary of State when submitting proposals for a pilot scheme<sup>14</sup>; (3) as to the form in which any such recommendation must be made<sup>15</sup>; (4) requiring primary care trusts to provide the Secretary of State with summaries (prepared and presented in the manner specified in the directions) of all requests received by them during the period specified in the directions<sup>16</sup>.

Provision may be made by regulations for primary care trusts to make payments of financial assistance for preparatory work<sup>17</sup>. The regulations may, in particular, include provision: (a) prescribing the circumstances in which payments of financial assistance may be made<sup>18</sup>; (b) imposing a limit on the amount of any payment of financial assistance which a primary care trust may make in any prescribed period in respect of any one person or any one pilot scheme<sup>19</sup>; (c) imposing a limit on the aggregate amount which a primary care trust may pay by way of financial assistance in any one financial year<sup>20</sup>; (d) requiring a person to whom such assistance is given to comply with such conditions as may be imposed in accordance with prescribed requirements<sup>21</sup>; and (e) for repayment in the case of a failure to comply with any condition so imposed<sup>22</sup>.

#### **421. Preliminary approval.**

If a primary care trust<sup>1</sup> proposes to make a pilot scheme<sup>2</sup> but has not determined who the participants, or who all of the participants, will be<sup>3</sup>, the trust may apply to the Secretary of State<sup>4</sup> for preliminary approval to be given to its proposals<sup>5</sup>. If such an application is made, the Secretary of State must<sup>6</sup>: (1) give preliminary approval to the proposals as submitted<sup>7</sup>; (2) make such modifications as he considers appropriate and give preliminary approval to them as modified<sup>8</sup>; or (3) reject them<sup>9</sup>.

If a primary care trust is given preliminary approval, it must take such steps, with a view to obtaining final approval for the proposed pilot scheme, as the Secretary of State may direct<sup>10</sup>. The fact that the Secretary of State has given preliminary approval to proposals for a pilot scheme does not affect his right to refuse to approve the completed proposals when they are submitted<sup>11</sup> to him<sup>12</sup>.

## **422. Approval.**

The Secretary of State may not approve proposals for a pilot scheme unless satisfied that they include satisfactory provision for any participant other than the primary care trust to withdraw from the scheme if he wishes to do so<sup>7</sup>. When the Secretary of State makes a decision in respect of proposals submitted to him he must notify the primary care trust concerned of the decision<sup>8</sup>, and the primary care trust must, without delay, notify the other participants in the proposed scheme<sup>9</sup>.

#### **423. Effect of proposals on existing services.**

Proposals for a pilot scheme<sup>1</sup>, or those included in an application for preliminary approval of proposals<sup>2</sup>, must include: (1) an assessment by the primary care trust<sup>3</sup> of the likely effect of the implementation of the proposals in the trust's area on the specified services<sup>4</sup>; (2) any assessment supplied<sup>5</sup> to the primary care trust by another primary care trust<sup>6</sup>. The specified services are: (a) pharmaceutical services<sup>7</sup>; (b) local pharmaceutical services<sup>8</sup> provided under existing pilot schemes or LPS schemes<sup>9</sup>; (c) primary medical services<sup>10</sup>.

If it appears to a primary care trust that the proposals would, if implemented, affect any of the specified services provided in the area of another primary care trust, it must consult that other trust about the proposals before submitting them<sup>11</sup> or including them in an application<sup>12</sup> for preliminary approval<sup>13</sup>. A primary care trust which is so consulted must prepare an assessment of the likely effect of the implementation of the proposals on those services and supply it to the primary care trust which consulted it<sup>14</sup>.

#### **424. Making a scheme.**

If the Secretary of State<sup>1</sup> approves proposals for a pilot scheme<sup>2</sup> and notifies the primary care trust<sup>3</sup> concerned<sup>4</sup>, the primary care trust must implement the proposals in accordance with directions<sup>5</sup> given by the Secretary of State<sup>6</sup>. A proposed participant in a pilot scheme (other than the primary care trust concerned) may withdraw at any time before the proposals relating to him are implemented<sup>7</sup>. A pilot scheme, as implemented, may differ from the proposals for the scheme approved by the Secretary of State only if he agrees to the variation<sup>8</sup>; or directions given by him<sup>9</sup> authorise variations that satisfy specified requirements<sup>10</sup>, and the variation satisfies those requirements<sup>11</sup>.

As soon as is reasonably practicable after implementing proposals for a pilot scheme, the primary care trust concerned must (in accordance with any directions given to it by the Secretary of State) publish details of the scheme<sup>12</sup>.

Before a pilot scheme is varied so as to permit the provision of local pharmaceutical services from different, or additional, premises, the Secretary of State must consider how such a change affects (if at all) a determination as to the right to return to a primary care trust's pharmaceutical list, and may make a further determination varying a determination in consequence of such a change: see the National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) (No 2) Regulations 2002, SI 2002/2016, reg 4(3). The Secretary of State<sup>1</sup> may give directions<sup>2</sup> authorising primary care trusts<sup>3</sup> to vary pilot schemes<sup>4</sup> in such circumstances, and subject to such conditions, as may be specified in the directions<sup>5</sup>. The Secretary of State may by directions require a pilot scheme to be varied by the primary care trust concerned in accordance with the directions<sup>6</sup>.

If satisfied that a pilot scheme is (for any reason) unsatisfactory, the Secretary of State may give directions to the primary care trust concerned requiring it to bring the scheme to an end in accordance with the terms of the directions<sup>7</sup>.

5 National Health Service Act 2006 s 138(1). Before a pilot scheme is varied so as to permit a new pilot scheme provider to provide local pharmaceutical services under the scheme, the Secretary of State must make a determination as to whether the new pilot scheme provider is to be given the right to return to a primary care trust's pharmaceutical list: see the National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) (No 2) Regulations 2002, SI 2002/2016, reg 4(2). Before a pilot scheme is varied so as to permit the provision of local pharmaceutical services from different, or additional, premises, the Secretary of State must consider how such a change affects (if at all) a determination as to the right to return to a primary care trust's pharmaceutical list, and may make a further determination varying a determination in consequence of such a change: see the National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) (No 2) Regulations 2002, SI 2002/2016, reg 4(3). As to such determinations see the National Health Service (Local Pharmaceutical Services and Pharmaceutical Services) (No 2) Regulations 2002, SI 2002/2016, reg 4; and PARA 422 note 4. #### **429. NHS contracts and provision of piloted services.**

In the case of a pilot scheme<sup>1</sup> entered into, or to be entered into, by a single individual or body corporate (other than an NHS foundation trust<sup>2</sup>), that individual or body may make an application to become a health service body<sup>3</sup>. In the case of any other pilot scheme, all of those providing, or proposing to provide, piloted services<sup>4</sup> under the scheme may together make an application to become a single health service body<sup>5</sup>.

An application must be made to the Secretary of State<sup>6</sup> in accordance with such provisions as may be made by regulations<sup>7</sup>, and specify the pilot scheme in relation to which it is made<sup>8</sup>. Except in such cases as may be prescribed<sup>9</sup>, the Secretary of State may grant an application<sup>10</sup>.

If an application is granted, the Secretary of State must specify a date in relation to that application and, as from that date the applicant is<sup>11</sup> or, as the case may be, the applicants together are<sup>12</sup>, a health service body for the purposes of the provisions<sup>13</sup> relating to NHS contracts<sup>14</sup>. Regulations may provide for a PHS body to cease to be a PHS body in prescribed circumstances<sup>15</sup>. The Secretary of State must maintain and publish a list of PHS bodies<sup>16</sup>, and publish a revised copy of the list as soon as is reasonably practicable after any change is made to it<sup>17</sup>. The list must be published in such manner as the Secretary of State considers appropriate<sup>18</sup>.

Except in such circumstances as may be prescribed, a PHS body resulting from an application under s 139(2) (see the text to notes 4, 5) must be treated, at any time, as consisting of those who are providing piloted services under the scheme: s 139(7). ### **430. PHS bodies.**

An application to become a PHS body<sup>1</sup> must be made in writing<sup>2</sup>, and must include the name and address of each applicant<sup>3</sup>. A copy of an application must be sent to the relevant primary care trust<sup>4</sup>. The grant of an application does not affect the nature of, or any rights or liabilities arising under, any contract entered into by an applicant before the date on which the application comes into effect<sup>5</sup>.

A PHS body ceases to be such a body if all the members of the PHS body withdraw from the relevant pilot scheme before it has been implemented<sup>6</sup>. Where the relevant pilot scheme has been implemented, a PHS body ceases to be such a body if: (1) the relevant pilot scheme comes to an end (in circumstances other than those specified in head (2) below)<sup>7</sup>; (2) the Secretary of State<sup>8</sup> gives directions<sup>9</sup> relating to the relevant pilot scheme<sup>10</sup>; or (3) all the members of the PHS body agree in writing that that body is to cease to be such a body on a specified date, and they give notice in writing of their decision to the Secretary of State and the relevant primary care trust<sup>11</sup>.

Where a PHS body ceases to be such a body under these provisions, it ceases to be such a body for all purposes except that of being a party to an NHS contract<sup>12</sup> entered into on a date before that on which the PHS body ceases to be such a body (for which purpose it ceases to be such a body on the determination of that NHS contract)<sup>13</sup>.

## (C) LOCAL PHARMACEUTICAL SERVICES SCHEMES

### *(a) In general*

#### **431. Establishment of schemes.**

Primary care trusts<sup>1</sup> may establish LPS schemes<sup>2</sup>. 'LPS scheme' means one or more agreements made<sup>3</sup> by a primary care trust<sup>4</sup> under which local pharmaceutical services<sup>5</sup> will be provided (otherwise than by the primary care trust)<sup>6</sup> and the parties to which do not include any other primary care trust<sup>7</sup>. An LPS scheme may include arrangements: (1) for the provision of services which are not local pharmaceutical services, but which may be provided under the National Health Service Act 2006 (other than pharmaceutical services<sup>8</sup>), and whether or not of the kind usually provided by pharmacies<sup>9</sup>; (2) for the provision of training and education (including training and education for persons<sup>10</sup> who are, or may become, involved in the provision of local pharmaceutical services)<sup>11</sup>. An LPS scheme may not combine arrangements for the provision of local pharmaceutical services with arrangements for the provision of primary medical services<sup>12</sup> or primary dental services<sup>13</sup>.

In determining the arrangements it needs to make in order to comply with its duty to provide pharmaceutical services<sup>14</sup>, a primary care trust may take into account arrangements under an LPS scheme made by it<sup>15</sup>. The functions<sup>16</sup> of an NHS trust<sup>17</sup> and an NHS foundation trust<sup>18</sup> include power to provide any services to which an LPS scheme applies<sup>19</sup>.

'Practitioner dispensing services' means the provision of drugs, medicines or listed appliances (within the meaning given by s 126: see PARA 339 note 5) by a medical practitioner or dental practitioner to a patient of his pursuant to arrangements made by virtue of s 132(1) (see PARA 342): Sch 12 para 1(8). The Secretary of State<sup>1</sup> may make regulations<sup>2</sup> allowing a primary care trust<sup>3</sup> to designate neighbourhoods<sup>4</sup>, premises<sup>5</sup>, or descriptions of premises<sup>6</sup>, for the purposes of an LPS scheme<sup>7</sup>. LOCAL PHARMACEUTICAL SERVICES/(C) Local Pharmaceutical Services Schemes/(b) Designations/433. Designation of priority neighbourhoods or premises.

*(b) Designations*

**433. Designation of priority neighbourhoods or premises.**

A primary care trust<sup>1</sup> may designate neighbourhoods, premises or descriptions of premises for the purposes of LPS schemes<sup>2</sup>. A designation must designate the neighbourhood in which, or the premises or description of the premises at which, local pharmaceutical services<sup>3</sup> are to be provided under a proposal for an LPS scheme<sup>4</sup>, or LPS schemes that have been approved<sup>5</sup>. A designation must include details of the services to be provided under the relevant scheme, and must be made in writing<sup>6</sup> and dated<sup>7</sup>, and include a map showing the location of the neighbourhood or premises that have been designated<sup>8</sup>. A primary care trust must give notice of a designation which it has made to specified persons<sup>9</sup>.

A primary care trust may vary a designation<sup>10</sup> if: (1) where the designation relates to a neighbourhood, the LP services<sup>11</sup> to be provided under the relevant scheme are to be provided from part only of that neighbourhood<sup>12</sup>; (2) where the designation relates to premises, the LP services to be provided under the relevant scheme are to be provided from part only of those premises<sup>13</sup>; or (3) where the designation relates to a description of premises, the LP services to be provided under the relevant scheme are to be provided from certain parts only of the premises described<sup>14</sup>. A primary care trust must give notice of the variation to the specified persons<sup>15</sup>.

A primary care trust must make available for inspection at its offices copies of all the designations which it has made, including any variations of such designations<sup>16</sup>. Where a designation has been made or varied, the primary care trust may defer consideration of all other applications in respect of the designated neighbourhood, premises or descriptions of premises, until such time as the designation is cancelled<sup>17</sup>.

## **UPDATE**

### **436 General condition relating to all schemes**

NOTE 13--Definition of 'primary care list' amended in relation to England: SI 2008/1700.

### **437. Health service body status.**

A contractor<sup>1</sup> must be treated as a health service body<sup>2</sup> from the date it makes an LPS scheme unless, prior to making the scheme, it objected in a written<sup>3</sup> notice served on the primary care trust with which it subsequently made the scheme<sup>4</sup>. A contractor may at any time request a variation of the LPS scheme to include or remove provision from the scheme that the scheme is an NHS contract<sup>5</sup>, and if it does so the primary care trust must agree to the variation<sup>6</sup>. Where, pursuant to such a request, the primary care trust agrees to a variation of the scheme, the contractor must be treated<sup>7</sup>, or cease to be treated<sup>8</sup>, as a health service body from the date that variation takes effect<sup>9</sup>.

A contractor that is to be treated as a health service body<sup>10</sup> ceases to be so treated if the scheme is terminated<sup>11</sup>.

1 'Contractor' means the party or parties to an LPS scheme which is or are not the primary care trust: National Health Service (Local Pharmaceutical Services etc) Regulations 2006, SI 2006/552, reg 2(1). As to the meaning of 'LPS scheme' see PARA 431. As to primary care trusts see PARA 111. If, pursuant to reg 10(1) or (4) (see the text to notes 5-6), a contractor is to be treated as a health service body, that fact does not affect the nature of, or any rights or liabilities arising under, any other scheme or contract with a health service body entered into by that contractor before the date on which the contractor is to be so regarded: reg 10(3).

11 National Health Service (Local Pharmaceutical Services etc) Regulations 2006, SI 2006/552, reg 10(6). Where a contractor ceases to be treated as a health service body pursuant to:

33 (1) reg 10(5) (see the text to notes 7-9) or (6), it continues to be treated as a health service body for the purposes of being a party to any other NHS contract entered into after it was treated as a health service body but before the date on which the contractor ceased to be

treated as a health service body (for which purposes it ceases to be such a body on the termination of that NHS contract) (reg 10(7)(a));

- 34 (2) reg 10(5), it is, if it or the primary care trust has referred any matter to the NHS dispute resolution procedure (see Sch 2 para 22) before it ceases to be treated as a health service body, bound by the determination of the adjudicator (reg 10(7)(b)); or
- 35 (3) reg 10(6), it must continue to be treated as a health service body for the purposes of the NHS dispute resolution procedure where that procedure has been commenced before the termination of the scheme, or after the termination of the scheme, whether in connection with, or arising out of, the termination of the scheme or otherwise, for which purposes it ceases to be such a body on the conclusion of that procedure (reg 10(7)(c)).

If the contractor<sup>1</sup> is to be treated as a health service body<sup>2</sup>, the LPS scheme<sup>3</sup> must state that the scheme is an NHS contract<sup>4</sup>. An LPS scheme must specify the services to be provided, which must include the dispensing of drugs<sup>5</sup>, and the address of each of the premises to be used by the contractor for the provision of LP services<sup>6</sup>. A scheme must, unless it is of a type and nature to which the particular term does not apply, contain the statutory terms<sup>7</sup>, or terms which make provision having the same effect as those terms<sup>8</sup>.

#### **441. Right of return to pharmaceutical lists.**

Before a primary care trust<sup>1</sup> enters into an LPS scheme<sup>2</sup>, it must determine whether the contractor<sup>3</sup> is to be given a right of return, subject to the statutory conditions<sup>4</sup>, if it makes an application for its name to be included in a primary care trust's pharmaceutical list<sup>5</sup> after ceasing to provide LP services<sup>6</sup>. Before an LPS scheme is varied so as to permit the provision of LP services from different, or additional premises, the primary care trust must consider how the variation affects (if at all) such a determination, and may make a further determination varying or cancelling a determination<sup>7</sup>. The primary care trust may at any time make a determination varying a determination about a contractor if it is asked to do so by the contractor<sup>8</sup>. Different determinations may be made with respect to different contractors providing LP services under the same LPS scheme<sup>9</sup>.

Before making any determinations, the primary care trust must publish the principles by reference to which it will make such determinations, and it may amend those principles from time to time<sup>10</sup>. **441 Right of return to pharmaceutical lists**

TEXT AND NOTES--Nothing in SI 2006/552 reg 15 prevents a primary care trust from making a temporary amendment to an LPS Scheme which the primary care trust is satisfied is necessary or expedient because of an emergency requiring the flexible provision of pharmaceutical services: reg 15(7) (reg 15(7)-(9) added by SI 2009/2205). 'Emergency requiring the flexible provision of pharmaceutical services' means an emergency declared by means of a direction to primary care trusts under the National Health Service Act 2006 s 8(1) (see PARA 16) to the effect that, as a result of the threatened damage to human welfare caused or which may be caused by the illness designated in the direction, primary care trusts must for a specified period exercise, or where a discretion is conferred, consider exercising, one or more of their functions under SI 2005/641 reg 7A, 60(8A) (see PARA 404) or 65A, Sch 1 para 25A or Sch 3 para 13A, subject to any conditions or limitations set out in the direction: SI 2005/641 reg 2(5) (meaning applied by SI 2006/552 reg 2 (as amended by SI 2009/2205)). In the circumstances described in SI 2006/552 reg 15(7), the primary care trust may make a temporary variation to a determination about a contractor, but (1) only for a specified period, which must not be longer than the specified period of the emergency given by the Secretary of State, which the primary care trust may extend or curtail in appropriate circumstances; and (2) the contractor may revert to the contractor's overridden determination before the end of the period specified by the primary care trust, on giving the primary care trust at least 24 hours notice: reg 15(8). There is no right of appeal under SI 2006/552 in respect of a decision to make or not to make or to curtail the duration of, a temporary variation to an LPS scheme made under reg 15(8): reg 15(9).

NOTE 11--Any local involvement network of a relevant local authority (for the meaning of which see PARA 433) is also a specified person: SI 2006/552 reg 15(5)(ea) (added by SI 2009/599).

#### **442. Sharing of information.**

Where a relevant home primary care trust<sup>1</sup> receives information about criminal offences or professional conduct pursuant to a term of an LPS scheme<sup>2</sup>, it must consider that information and decide whether this raises any question about the contractor's suitability to be a contractor<sup>3</sup>, or the fitness to practise of a pharmacist employed or engaged by the contractor<sup>4</sup>. If a home primary care trust is of the opinion that the information does raise such a question, it must pass the information it has received to: (1) any other primary care trust with which the contractor has entered into, or has applied to enter into, LPS arrangements or an LPS scheme<sup>5</sup>; (2) any other primary care trust on whose pharmaceutical list<sup>6</sup> the contractor is included or has applied to be included<sup>7</sup>; and (3) where appropriate, to the Royal Pharmaceutical Society of Great Britain<sup>8</sup>. If any primary care trust receives information (whether pursuant to a term of an LPS scheme or otherwise) that raises any question about the fitness to practise of a pharmacist employed or engaged by a contractor or potential contractor, it must pass that information, where appropriate, to the Royal Pharmaceutical Society of Great Britain<sup>9</sup>.

1 'Relevant home primary care trust' means the primary care trust in which the registered office of the contractor is located: National Health Service (Local Pharmaceutical Services etc) Regulations 2006, SI 2006/552, reg 2(1), Sch 2 para 17(2). #### **458. Allocation to a panel.**

The president<sup>1</sup> must allocate a case to a panel<sup>2</sup> after the Family Health Services Appeal Authority has received a reply<sup>3</sup> to an appeal<sup>4</sup> or to an application<sup>5</sup>, as the case may be<sup>6</sup>. Where a case has been so allocated to a panel, any proceedings in that case, including any application for directions<sup>7</sup> by a party<sup>8</sup> must be dealt with by that panel, except where in the president's opinion, including for reasons of urgency, the matter should be dealt with by another panel and the president must allocate that matter to another panel accordingly<sup>9</sup>. Where a party to an appeal or an application makes an application for directions before the case has been allocated to a panel, the president may allocate such an application to any panel<sup>10</sup>.

The president must ensure that in certain cases<sup>11</sup> the composition of any panel to which the case or any proceedings in such a case is allocated<sup>12</sup> is in accordance with the statutory requirements<sup>13</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(6) FAMILY HEALTH SERVICES APPEAL AUTHORITY/(iv) General Matters relating to Cases/459. Directions.

#### **459. Directions.**

The panel<sup>1</sup> to which a case has been allocated may at any time, on the application for directions<sup>2</sup> of a party<sup>3</sup> or of its own motion, give such directions as are necessary to enable the parties to prepare for the hearing<sup>4</sup> or to assist the panel to which the case is allocated to determine the issues<sup>5</sup>. An application by a party for directions must be made in writing<sup>6</sup> to the Family Health Services Appeal Authority<sup>7</sup> and, unless it is accompanied by the written consent of the other party, must be served by the authority on the other party<sup>8</sup>. If the other party objects to the directions sought, the panel must, if it considers it necessary for the determination of the application, give the parties an opportunity of appearing before it<sup>9</sup>.

Directions must, where appropriate, include a statement of the possible consequences for the appeal or application<sup>10</sup> of a party's failure to comply with any requirement within the time allowed by the panel<sup>11</sup>. The panel may give directions requiring any party to provide such particulars or supplementary statements as may be reasonably required for the determination of the appeal or application<sup>12</sup>.

Where a person<sup>13</sup> to whom a direction is given had no opportunity to object to the making of such direction, he may apply to have it varied or set aside<sup>14</sup>. Where such an application is made it must be considered by the panel which gave the direction and it must not be varied or set aside without notifying the party which applied for the direction and considering any representations made by that party<sup>15</sup>.

If any directions given to a party are not complied with by such a party without reasonable excuse, the panel may, before or at the hearing: (1) dismiss the whole or any part of the appeal or application<sup>16</sup>; (2) strike out the whole or part of a respondent health authority's or primary care trust's<sup>17</sup>, or respondent's reply<sup>18</sup>; and (3) where appropriate, direct that a respondent health authority or primary care trust or, as the case may be, a respondent, be debarred from contesting an application altogether<sup>19</sup>. However, a panel must not so dismiss or strike out or give such a direction unless it has sent notice to the party who has not complied with that direction giving an opportunity to show cause why it should not do so<sup>20</sup>.

### **461. Powers to determine appeal or application without a hearing.**

The panel<sup>1</sup> may, if the parties<sup>2</sup> so agree in writing<sup>3</sup>, determine an appeal or application, or any particular issue, without an oral hearing<sup>4</sup>.

The panel may determine an appeal or application on the basis of the documents provided by the appellant<sup>5</sup> or by the applicant<sup>6</sup>, as the case may be, without an oral hearing where<sup>7</sup>: (1) no reply<sup>8</sup> is received by the Family Health Services Appeal Authority<sup>9</sup> within the time appointed<sup>10</sup>; or (2) the respondent health authority or primary care trust<sup>11</sup> or the respondent<sup>12</sup> states in writing that he does not resist, or withdraws his reply to the appeal or application<sup>13</sup>.

#### **462. Procedure at hearing.**

All hearings<sup>1</sup> by a panel<sup>2</sup> must be in public except where a practitioner<sup>3</sup> has asked for the hearing to be in private and the panel considers that it is reasonable in all the circumstances for that hearing to be held in private<sup>4</sup>. The following persons are entitled to attend the hearing of an appeal or an application, whether or not it is in private: (1) the president<sup>5</sup> or any member<sup>6</sup> of the Family Health Services Appeal Authority, notwithstanding that he is not a member of the panel for the purpose of the hearing<sup>7</sup>; (2) a member of the Administrative Justice and Tribunals Council<sup>8</sup>; but such persons may not take part in the proceedings or in the making of any decision by a panel<sup>9</sup>. A panel, with the consent of the parties<sup>10</sup>, may permit any other person to attend the hearing of an appeal or application which is held in private<sup>11</sup>.

At the beginning of the hearing the chairman<sup>12</sup> must explain to the parties the order of proceedings which the panel proposes to adopt<sup>13</sup>. The panel must conduct the hearing in such manner as it considers most suitable to the clarification of the issues before it and generally to the just handling of the proceedings<sup>14</sup>. The parties must be heard in such order as the panel determines and they are entitled to give evidence, to call witnesses<sup>15</sup>, to question any witnesses and to address the panel both on the evidence and generally on the subject matter of the appeal or the application, as the case may be<sup>16</sup>. Where the hearing is in public the panel may direct that the identity of a witness (other than a party) may, if the interests of justice require it, not be disclosed to the public<sup>17</sup>; or where in the panel's opinion it is strictly necessary, that some part of the hearing be held in private<sup>18</sup>. Evidence before the panel may be given orally or, if the panel so directs, by written<sup>19</sup> statement, but the panel may at any stage of the proceedings require the personal attendance of any maker of a written statement<sup>20</sup>. The panel may receive evidence of any fact which appears to it to be relevant, notwithstanding that such evidence would be inadmissible in proceedings before a court of law, but must not refuse to admit any evidence which is admissible at law and is relevant<sup>21</sup>. At any hearing the panel may, if it is satisfied that it is just and reasonable to do so, permit a party to rely on grounds not stated in his notice of appeal<sup>22</sup> or, as the case may be, notice of application<sup>23</sup>, or his reply<sup>24</sup> in either case and, in respect of an appellant<sup>25</sup>, to adduce any evidence not presented to the respondent health authority or primary care trust<sup>26</sup> before or at the time it took the disputed decision<sup>27</sup>.

**463. Failure of parties to attend hearing.**

If a party<sup>1</sup> fails to attend or be represented at a hearing<sup>2</sup> of which he has been duly notified<sup>3</sup>, the panel<sup>4</sup> may: (1) unless it is satisfied that there is reasonable excuse for such absence, hear and determine the appeal or application, as the case may be in the party's absence<sup>5</sup>; or (2) adjourn the hearing<sup>6</sup>. Before determining any appeal or application in the absence of a party, the panel must consider any representations in writing<sup>7</sup> submitted by that party in response to the notice of hearing and, for these purposes, the appeal or application and any reply<sup>8</sup> must be treated as representations in writing<sup>9</sup>.

A panel<sup>1</sup> may, if it thinks fit: (1) dismiss the proceedings if the appellant<sup>2</sup> or the applicant<sup>3</sup>, as the case may be, at any time give notice of the withdrawal of the appeal or the application<sup>4</sup>; (2) if both the parties<sup>5</sup> agree in writing<sup>6</sup> upon the terms of a decision to be made by the panel, decide accordingly (and in making any such decision, it is not necessary for the panel to give reasons)<sup>7</sup>.

At any stage of the proceedings a panel may direct that: (a) there be struck out or amended any notice<sup>8</sup>, reply<sup>9</sup>, supplementary statement or written representation on the grounds that it is scandalous, frivolous or vexatious<sup>10</sup>; or (b) there be struck out any appeal or any application for want of prosecution<sup>11</sup>. However, before making any such direction the panel must give notice to the party against whom it is proposed that any such direction should be made giving him an opportunity to show cause why it should not be made<sup>12</sup>.

Any irregularity resulting from failure to comply with any provisions of the statutory rules<sup>1</sup> or of any directions<sup>2</sup> before the panel<sup>3</sup> has reached its decision does not of itself render the proceedings void<sup>4</sup>. #### **466. Decision of panel.**

The decision of the panel<sup>1</sup> may be given orally at the end of the hearing<sup>2</sup> or reserved<sup>3</sup>. All decisions of a panel must be recorded forthwith in a document which records the relevant party's<sup>4</sup> professional registration number<sup>5</sup>, where applicable, and save in the case of a decision by consent<sup>6</sup>, must also contain a statement of the reasons (in summary form) for its decision, and that document must be signed and dated by the chairman<sup>7</sup>. Every copy of an entry so sent to the parties must be accompanied by a notification of their rights<sup>11</sup> relating to appeals from decisions of the Family Health Services Appeal Authority and of the time within which and place at which such appeal must be made<sup>12</sup>.

Except where a decision is announced at the end of the hearing, it is treated as having been made on the date on which a copy of the document recording it is sent to the appellant<sup>13</sup>, or the applicant<sup>14</sup> health authority or primary care trust, as the case may be<sup>15</sup>.

If, on the application of a party<sup>1</sup> or of its own motion, a panel<sup>2</sup> is satisfied that: (1) its decision<sup>3</sup> was wrongly made as a result of an error made by the panel<sup>4</sup>; (2) a party, who was entitled to be heard at a hearing<sup>5</sup> but failed to appear or be represented<sup>6</sup>, had good and sufficient reason for failing to appear<sup>7</sup>; (3) new evidence has become available since the conclusion of the hearing to which the decision relates the existence of which could not have been reasonably known of or foreseen<sup>8</sup>; or (4) the interests of justice require<sup>9</sup>, the panel may review and, by certificate under the chairman's<sup>10</sup> hand, set aside or vary the decision of the panel in question<sup>11</sup>.

Sums falling to be paid in pursuance of the regulations are payable subject to such conditions as to records, certificates or otherwise as the Secretary of State may determine<sup>17</sup>.

Regulations<sup>18</sup> providing for payments for meeting or contributing towards the cost incurred for the supply of optical appliances or their replacement or repair may also make provision<sup>19</sup>: (A) for such payments not to be made to any person falling within a prescribed description<sup>20</sup>; (B) for the Secretary of State to give notice to a person to whom such payments have been made (whether by the Secretary of State or by a relevant body)<sup>21</sup> that no further such payments in respect of the supply, replacement or repair of optical appliances at a particular location or in a particular area, in either case specified in the notice, will be made to him after a date specified in the notice<sup>22</sup>; (C) conferring on the Secretary of State the right, if he has given a notice by virtue of head (B) above, to apply to the Family Health Services Appeal Authority for a stop order<sup>23</sup>.

1 As to the meaning of 'person' see PARA 17 note 2. The Health and Social Care (Community Health and Standards) Act 2003 Pt 3 (ss 150-169) binds the Crown: s 166. As to the Crown see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARA 353.

2 For these purposes, it is irrelevant whether a compensation payment is made with or without an admission of liability: Health and Social Care (Community Health and Standards) Act 2003 s 150(14). 'Compensation payment' means a payment, including a payment in money's worth, made: (1) by or on behalf of a person who is, or is alleged to be, liable to any extent in respect of the injury (s 150(3)(a)); or (2) in pursuance of a compensation scheme for motor accidents (s 150(3)(b)); but does not include an exempted payment (s 150(3)). 'Injury' does not include any disease (s 150(5)); but nothing in s 150(5) prevents Pt 3 (ss 150-169) from applying to treatment received as a result of any disease suffered by the injured person (s 150(6)(a)), or ambulance services provided as a result of any disease suffered by him (s 150(6)(b)), if the disease in question is attributable to the injury suffered by the injured person (and accordingly that treatment is received or those services are provided as a result of the injury) (s 150(6)). 'Compensation scheme for motor accidents' means any scheme or arrangement under which funds are available for the payment of compensation in respect of motor accidents caused, or alleged to have been caused, by uninsured or unidentified persons: s 150(11). As to such schemes see **INSURANCE** vol 25 (Reissue) PARA 757 et seq. As to exempted payments see Sch 10. Regulations may amend Sch 10 by omitting or modifying any payment for the time being specified in that Schedule: s 150(12). As to the making of regulations see PARA 502. As to the regulations made see the Personal Injuries (NHS Charges) (General) and Road Traffic (NHS Charges) (Amendment) Regulations 2006, SI 2006/3388, reg 11.

3 The Health and Social Care (Community Health and Standards) Act 2003 s 150 applies in relation to any injury which occurs after 28 January 2007: s 150(13). 28 January 2007 is the date on which s 150 came into force: see s 150(13); the Health and Social Care (Community Health and Standards) Act 2003 (Commencement) (No 11) Order 2006, SI 2006/3397, art 2(1).

4 Health and Social Care (Community Health and Standards) Act 2003 s 150(1)(a). Section 150(1)(a) applies to a payment made voluntarily, or in pursuance of a court order or an agreement, or otherwise (s 150(4)(a)(i)), and in the United Kingdom or elsewhere (s 150(4)(a)(ii)); and if more than one payment is made, to each payment (s 150(4)(b)). As to the meaning of 'United Kingdom' see PARA 15 note 8.

5 'NHS treatment' means any treatment (including any examination of the injured person) other than: (1) treatment provided by virtue of the National Health Service Act 2006 s 21(4) (see PARA 129), s 44(6) (see PARA 206), Sch 2 para 15 (see PARA 109) or Sch 6 para 11 (see PARA 143), the National Health Service (Wales) Act 2006 Sch 2 para 15 or Sch 5 para 11, or the National Health Service (Scotland) Act 1978 s 57 or Sch 7A para 14 (Health and Social Care (Community Health and Standards) Act 2003 s 150(7)(a) (substituted by the National Health Service (Consequential Provisions) Act 2006 s 2, Sch 1 paras 239, 247(a)); (2) other treatment provided by an NHS foundation trust in pursuance of an undertaking to pay in respect of the treatment given by or on behalf of the injured person (Health and Social Care (Community Health and Standards) Act 2003 s 150(7)(b)); (3) treatment provided at a health service hospital by virtue of the National Health Service Act 2006 s 267 (see PARA 747), the National Health Service (Wales) Act 2006 s 198 or the National Health Service (Scotland) Act 1978 s 64 (Health and Social Care (Community Health and Standards) Act 2003 s 150(7)(c) (amended by the National Health Service (Consequential Provisions) Act 2006 Sch 1 paras 239, 247(b)); or (4) treatment provided by virtue of the National Health Service Act 2006 s 83 (see PARA 241), s 84 (see PARA 242), s 92 (see PARA 267), s 99 (see PARA 277), s 100 (see PARA 278) or s 107 (see PARA 288), the National Health Service (Wales) Act 2006 s 41, 42, 50, 56, 57 or 64, or the National Health Service (Scotland) Act 1978 s 2C, 17C, 17J or 25 (Health and Social Care (Community Health and Standards) Act 2003 s 150(7)(d) (amended by the National Health Service (Consequential Provisions) Act 2006 Sch 1 paras 239, 247(c); Health Act 2006 s 80(1), Sch 8 paras 53, 55)). As to NHS foundation trusts see PARA 174. As to the meaning of 'health service hospital' see PARA 21 note 7: definition applied by the Health and Social Care (Community Health and Standards) Act 2003 s 168 (amended by National Health Service (Consequential Provisions) Act 2006 Sch 1 paras 239, 251(a)).

6 Health and Social Care (Community Health and Standards) Act 2003 s 150(1)(b)(i).

7 'NHS ambulance services' means ambulance services provided under the National Health Service Act 2006 s 3(1)(c) (see PARA 12) or the National Health Service (Wales) Act 2006 s 3(1)(c) (see PARA 74): Health and Social Care (Community Health and Standards) Act 2003 s 168 (definition amended by the National Health Service (Consequential Provisions) Act 2006 Sch 1 paras 239, 251(b)).

#### **487. Certificates of NHS charges.**

Before a person<sup>1</sup> makes a compensation payment<sup>2</sup> in consequence of any injury<sup>3</sup> suffered by an injured person<sup>4</sup>, he may apply for a certificate to the Secretary of State<sup>5</sup>, the Scottish Ministers<sup>6</sup> or both, according to whether he believes the relevant NHS charges<sup>7</sup> payable by him (if any) would be due to the Secretary of State, the Scottish Ministers or both<sup>8</sup>. If: (1) at the time the payment is made by the person no certificate has been issued to him in respect of the injured person<sup>9</sup>, or if such a certificate has been issued to him, it is no longer in force<sup>10</sup>; and (2) no application for a certificate has been made by him during the prescribed period<sup>11</sup> ending immediately before the day on which the compensation payment is made<sup>12</sup>, a person who has made a compensation payment in consequence of an injury suffered by an injured person must apply for a certificate to the Secretary of State, the Scottish Ministers or both, according to whether he believes the relevant NHS charges payable by him (if any) would be due to the Secretary of State, the Scottish Ministers or both<sup>13</sup>. An application for a certificate must be made in the prescribed manner<sup>14</sup> and within<sup>15</sup> the prescribed period<sup>16</sup>.

If the Secretary of State receives or the Scottish Ministers receive an application<sup>17</sup>, he or they must arrange for a certificate to be issued as soon as is reasonably practicable<sup>18</sup>. A certificate may provide that it is to remain in force until a specified date<sup>19</sup>, until the occurrence of a specified event<sup>20</sup>, or indefinitely<sup>21</sup>. If a certificate expires, the Secretary of State or the Scottish Ministers (as the case may be) may arrange for a fresh certificate to be issued without an application having to be made<sup>22</sup>.

NOTE 14--SI 2006/3388 reg 2(1)(f) amended: SI 2009/316 (amended by SI 2009/834).

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(7) CHARGING/(ii) Recovery of NHS Charges in Personal Injury Cases/488. Information contained in certificates.

#### **488. Information contained in certificates.**

A certificate<sup>1</sup> must specify the amount (or amounts) for which the person<sup>2</sup> to whom it is issued is liable<sup>3</sup>. The amount (or amounts) to be specified is (or are) to be that (or those) set out in, or determined in accordance with, regulations<sup>4</sup>, reduced<sup>5</sup> if applicable<sup>6</sup>. Such regulations may, in particular, provide: (1) that the amount, or the aggregate amount, specified in a certificate is not to exceed a prescribed sum<sup>7</sup>; (2) for different amounts to be specified in respect of different circumstances or areas<sup>8</sup>; (3) for cases in which an injured person receives treatment at two or more health service hospitals<sup>9</sup>; (4) for cases in which an injured person receives treatment at one or more health service hospitals and is provided with NHS ambulance services<sup>10</sup>; (5) for cases in which liability<sup>11</sup> is to be apportioned between two or more persons making compensation payments to or in respect of the same injured person in consequence of the same injury<sup>12</sup>; (6) for cases in which a fresh certificate is issued or a certificate is revoked as a result of a review<sup>13</sup> or an appeal<sup>14</sup>; (7) for the amount specified in a certificate issued by the Secretary of State or the Scottish Ministers to be adjusted to take into account any amount for which the person to whom the certificate is issued is liable<sup>15</sup>, in respect of the same injured person in consequence of the same injury, in accordance with a certificate issued by the Scottish Ministers or the Secretary of State (respectively)<sup>16</sup>; (8) for any matter requiring determination under or in consequence of the regulations to be determined by the Secretary of State or the Scottish Ministers (as the case may require)<sup>17</sup>.

Regulations may make provision as to the circumstances in which the amount (or amounts) specified in a certificate relating to a qualifying claim<sup>18</sup> is (or are) to be that (or those) which would be so specified apart from the regulations, reduced by the same proportion as the reduction of damages<sup>19</sup>.

If a certificate relates to an injured person who has not received NHS treatment<sup>20</sup> at a health service hospital or been provided with NHS ambulance services as a result of the injury, it must indicate that no amount is payable to the Secretary of State or the Scottish Ministers (as the case may be) by reference to that certificate<sup>21</sup>. A person to whom a certificate is issued is entitled to such particulars of the manner in which any amount (or amounts) specified in the certificate has (or have) been determined as may be prescribed, if he applies to the Secretary of State or the Scottish Ministers (as the case may require) for those particulars<sup>22</sup>. Where the Secretary of State issues a certificate to any person, he must at the same time send the person a notice as to the grounds on which the person may appeal against the certificate<sup>23</sup>.

- 324 (2) that an amount (or amounts) so specified takes (or take) into account: (a) treatment which is not NHS treatment<sup>4</sup> received by the injured person<sup>5</sup>, as a result of his injury<sup>6</sup>, at a health service hospital<sup>7</sup>; (b) ambulance services which are not NHS ambulance services<sup>8</sup> provided to the injured person as a result of his injury<sup>9</sup>; or (c) treatment as mentioned in head (a) above and ambulance services as mentioned in head (b) above<sup>10</sup>;

### **493. Applications for appeals.**

An appeal against a waiver decision<sup>1</sup> must be in writing<sup>2</sup> on a form approved by the Secretary of State<sup>3</sup> and, unless an application has been granted to extend the time for an appeal<sup>4</sup>, must be sent to the Compensation Recovery Unit<sup>5</sup> not later than one month<sup>6</sup> after the date of the waiver decision<sup>7</sup>.

Any appeal against a certificate<sup>8</sup> must be in writing on a form approved by the Secretary of State and, unless an application has been granted to extend the time for an appeal<sup>9</sup>, must be sent to the Compensation Recovery Unit: (1) not later than three months after the date on the certificate<sup>10</sup> or, if later, the date on which the compensation payment is made<sup>11</sup>; (2) where a certificate is confirmed following a review by the Secretary of State<sup>12</sup>, not later than three months after the date of that confirmation<sup>13</sup>; (3) where an agreement is made under which an earlier compensation payment<sup>14</sup> is treated as having been made in final discharge of a claim made by or in respect of an injured person<sup>15</sup> and arising out of the injury<sup>16</sup> or death, not later than three months after the date of that agreement<sup>17</sup>; or (4) where the compensator<sup>18</sup> makes a waiver application<sup>19</sup>, not later than one month after the date of the waiver decision<sup>20</sup> or, if the compensator appeals against that decision, the date on which the appeal is decided or withdrawn<sup>21</sup>.

Where the points raised in an appeal against a certificate have not already been the subject of a review<sup>22</sup> the Secretary of State, if he thinks it appropriate to do so, may treat an appeal against a certificate as an application<sup>23</sup> for review<sup>24</sup>.

Any appeal must contain the prescribed particulars<sup>25</sup>. Where an appeal is not made on the form approved for the time being, but is made in writing and contains all the particulars required<sup>26</sup> the Secretary of State may treat that appeal as duly made<sup>27</sup>. Where it appears to the Secretary of State that an appeal does not contain all the particulars so required he may require the person making the appeal to provide such particulars as are not included<sup>28</sup>. The time prescribed<sup>29</sup> for the making of an appeal may be extended, even though the time so prescribed may already have expired, on application by the compensator<sup>30</sup>. No appeal may be brought later than one year after the beginning of the prescribed period<sup>31</sup> or, if more than one such period is relevant, the one beginning later or latest<sup>32</sup>.

- 337 (8) to make such charge as he considers appropriate for anything that he does in the exercise of any such power and to calculate any such charge on any basis that he considers to be the appropriate commercial basis<sup>13</sup>.

The Secretary of State may give directions<sup>14</sup> (having regard to the existing work of voluntary bodies) for the exercise of any of those powers by any body constituted under the National Health Service Act 2006, other than an NHS trust<sup>15</sup> or an NHS foundation trust<sup>16</sup>, and with respect to the manner in which any such body is to exercise any such power<sup>17</sup>; and it is the duty of the body in question to comply with the directions<sup>18</sup>.

#### **504. Indicative amounts for doctors' practices.**

Until a day to be appointed the following provisions have effect<sup>1</sup>.

For each financial year, every primary care trust<sup>2</sup> and every local health board<sup>3</sup> must, by notice in writing<sup>4</sup> given to each practice<sup>5</sup> in relation to the members of which it is the relevant primary care trust or local health board<sup>6</sup>, specify an amount of money (known as an 'indicative amount') representing the basic price of the drugs, medicines and listed appliances which, in the opinion of the primary care trust or local health board, it is reasonable to expect will be supplied in that year pursuant to orders given by or on behalf of the members of that practice<sup>7</sup>.

The members of a practice must seek to secure that, except with the consent of the relevant primary care trust or local health board or for good cause, the orders for drugs, medicines and listed appliances given by them or on their behalf are such that the basic price of the items supplied pursuant to those orders in any financial year does not exceed the indicative amount notified<sup>8</sup> to the practice for that year<sup>9</sup>. For the purpose of measuring the extent to which a practice is operating within the indicative amount notified to it for any financial year, a primary care trust or local health board must set against that indicative amount an amount equal to the basic price of the drugs, medicines and listed appliances supplied in that year pursuant to orders given by or on behalf of members of the practice<sup>10</sup>.

Regulations may make provision as to the specification of, or means of calculating, the basic price of any drugs, medicines or listed appliances<sup>11</sup>.

### **505. Means of meeting expenditure of strategic health authorities.**

The Secretary of State<sup>1</sup> must pay in respect of each financial year<sup>2</sup> to each strategic health authority<sup>3</sup> sums not exceeding the amount allotted for that year<sup>4</sup> by him to the authority towards meeting the expenditure of the authority which is attributable to the performance by it of its functions<sup>5</sup> in that year<sup>6</sup>. The Secretary of State may<sup>7</sup> make an allotment<sup>8</sup> increasing or reducing an allotment previously made<sup>9</sup>.

Where the Secretary of State has made an initial determination<sup>10</sup> of the amount to be allotted for any year to a strategic health authority, he may increase that amount by a further sum if it appears to him that over a period notified to the authority it satisfied any objectives notified to it as objectives to be met in performing its functions<sup>11</sup>, or it performed well against any criteria notified to it as criteria relevant to the satisfactory performance of its functions (whether or not the method of measuring its performance against those criteria was also notified to it)<sup>12</sup>. In making any such increase, the Secretary of State may<sup>13</sup> impose any conditions he considers appropriate on the application or retention by the strategic health authority of the sum in question<sup>14</sup>.

Where: (1) the Secretary of State has so increased by any sum the amount to be allotted for any year to a strategic health authority<sup>15</sup>; (2) has notified the authority of the allotment<sup>16</sup>; and (3) it subsequently appears to him that the authority has failed (wholly or in part) to satisfy any conditions imposed in making that increase<sup>17</sup>, he may reduce the allotment made to that authority for that year<sup>18</sup>, or when he has made an initial determination of the amount to be allotted for any subsequent year to the authority<sup>19</sup>, that amount<sup>20</sup>, by an amount not exceeding the sum mentioned in head (1) above<sup>21</sup>.

The Secretary of State may give directions<sup>22</sup> to a strategic health authority with respect to the application of sums paid to it under these provisions<sup>23</sup>, or the payment of sums by it to him in respect of charges or other sums referable to the valuation or disposal of assets<sup>24</sup>. Sums falling to be paid to strategic health authorities under these provisions are payable subject to such conditions as to records, certificates or otherwise as the Secretary of State may determine<sup>25</sup>.

### **507. Financial duties.**

Each strategic health authority<sup>1</sup> and each special health authority<sup>2</sup> must, in respect of each financial year<sup>3</sup>, perform its functions<sup>4</sup> so as to secure that its expenditure which is attributable to the performance by it of its functions in that year does not exceed the aggregate of the amount allotted to it<sup>5</sup> for that year<sup>6</sup>, any sums received by it in that year under any provision<sup>7</sup> of the National Health Service Act 2006<sup>8</sup>, and any sums received by it in that year otherwise than under the Act for the purpose of enabling it to defray any such expenditure<sup>9</sup>. Each strategic health authority<sup>1</sup> and each special health authority<sup>2</sup> must ensure that the use of its resources<sup>3</sup> in a financial year<sup>4</sup> does not exceed the amount specified for it in relation to that year<sup>5</sup> by the Secretary of State<sup>6</sup>. ### **(iii) Primary Care Trusts**

#### **509. Public funding of primary care trusts.**

The Secretary of State<sup>1</sup> must, in respect of each financial year<sup>2</sup>, pay to each primary care trust<sup>3</sup> sums equal to its pharmaceutical services expenditure<sup>4</sup>, and sums not exceeding the amount allotted by the Secretary of State<sup>5</sup> to the primary care trust for that year towards meeting the trust's main expenditure<sup>6</sup> in that year<sup>7</sup>. The Secretary of State may make an allotment increasing or reducing<sup>8</sup> an allotment previously made<sup>9</sup>.

Where the Secretary of State has made an initial determination of the amount to be allotted for any year to a primary care trust, he may increase that amount by a further sum if it appears to him that over a period notified to the trust it satisfied any objectives notified to it as objectives to be met in performing its functions<sup>10</sup>, or it performed well against any criteria notified to it as criteria relevant to the satisfactory performance of its functions (whether or not the method of measuring its performance against those criteria was also notified to it)<sup>11</sup>. In making any such increase, the Secretary of State may<sup>12</sup> impose any conditions he considers appropriate on the application or retention by the primary care trust of the sum in question<sup>13</sup>.

Where: (1) the Secretary of State has so increased by any sum the amount to be allotted for any year to a primary care trust<sup>14</sup>; (2) has notified the trust of the allotment<sup>15</sup>; and (3) it subsequently appears to him that the trust has failed (wholly or in part) to satisfy any conditions imposed in making that increase<sup>16</sup>, he may reduce the allotment made to the trust for that year<sup>17</sup>, or when he has made an initial determination of the amount to be allotted for any subsequent year to the trust<sup>18</sup>, that amount<sup>19</sup>, by an amount not exceeding the sum mentioned in head (1) above<sup>20</sup>.

The Secretary of State may give directions<sup>21</sup> to a primary care trust with respect to the application of sums paid to it under these provisions<sup>22</sup>, or the payment of sums by it to him in respect of charges or other sums referable to the valuation or disposal of assets<sup>23</sup>. Sums falling to be paid to primary care trusts under these provisions are payable subject to such conditions as to records, certificates or otherwise as the Secretary of State may determine<sup>24</sup>.

4 National Health Service Act 2006 s 228(1)(a). 'Pharmaceutical services expenditure' means expenditure of a primary care trust which is attributable to the payment of remuneration to persons providing pharmaceutical services (Sch 14 para 1(1)(a)), and is not excluded (Sch 14 para 1(1)(b)). Expenditure is excluded if it is attributable to: (1) the reimbursement of expenses of persons providing pharmaceutical services which are designated expenses incurred in connection with the provision of those services (or in giving instruction in matters relating to those services) (Sch 14 para 1(2)(a)); (2) remuneration referable to the cost of drugs (Sch 14 para 1(2)(b)); or (3) remuneration paid to persons providing additional pharmaceutical services (in accordance with directions under s 127: see PARA 346), in respect of such of those services as are designated (Sch 14 para 1(2)(c)). As to the meaning of 'person' see PARA 17 note 2. 'Pharmaceutical services' does not include additional pharmaceutical services: Sch 14 para 4(1). As to the meaning of 'pharmaceutical services' generally see PARA 339. As to the meaning of 'additional pharmaceutical services' see PARA 346 note 4. 'Designated' means designated in writing by the Secretary of State (and different designations may be made for different purposes):

Sch 14 para 4(1). As to the meaning of 'writing' see PARA 7 note 2. 'Drugs' includes medicines and listed appliances (within the meaning given by s 126: see PARA 339): Sch 14 para 4(1). As to the meaning of 'medicine' see PARA 339 note 4. 'Remuneration referable to the cost of drugs' includes (except in Sch 14 para 1(2)(b) and subject to Sch 14 para 4(2)) remuneration payable to persons providing local pharmaceutical services: Sch 14 para 4(1). The Secretary of State must determine what remuneration paid by primary care trusts to persons providing pharmaceutical services or local pharmaceutical services must be treated for these purposes as remuneration referable to the cost of drugs: Sch 14 para 4(2). The Secretary of State may treat all remuneration paid by primary care trusts to such persons, so far as it is met by an NHS trust or an NHS foundation trust under s 234(4) (see PARA 522), as remuneration referable to the cost of drugs for those purposes: Sch 14 para 4(3). As to the meaning of 'local pharmaceutical services' see PARA 419 note 5. As to the apportionment of remuneration referable to the cost of drugs see PARA 512.

5 An amount is allotted to a primary care trust for a year under the National Health Service Act 2006 s 228 when the trust is notified by the Secretary of State that the amount is allotted to it for that year: s 228(8). 'Notified' means specified or referred to in a notice given to the primary care trust by the Secretary of State: s 228(4). In determining the amount to be allotted for any year to a primary care trust under s 228(1)(b) (or in varying the amount under s 228(9) (see the text to notes 8-9)), the Secretary of State may take into account, in whatever way he considers appropriate: (1) the primary care trust's pharmaceutical services expenditure (s 228(2)(a)); and (2) expenditure which would have been the primary care trust's pharmaceutical services expenditure but for an order under s 234(2) (see PARA 522) (s 228(2)(b)), during any period he considers appropriate (or such elements of that expenditure as he considers appropriate) (s 228(2)).

6 'Main expenditure', in relation to a primary care trust and the year in question, means: (1) the prescribed expenditure of the primary care trust (National Health Service Act 2006 Sch 14 para 2(1)(a)); (2) any other expenditure of the trust attributable to the performance of its functions in that year (other than pharmaceutical services expenditure and remuneration referable to the cost of drugs) (Sch 14 para 2(1)(b)); and (3) expenditure attributable to remuneration referable to the cost of drugs for which the trust is accountable in that year (whether paid by it or by another primary care trust) (Sch 14 para 2(1)(c)). The prescribed expenditure is expenditure attributable to: (a) the reimbursement in that year of expenses of persons providing pharmaceutical services which are designated expenses incurred in connection with the provision of those services (or in giving instruction in matters relating to those services) (Sch 14 para 2(2)(a)); or (b) remuneration paid in that year to persons providing additional pharmaceutical services (in accordance with directions under s 127: see PARA 346), in respect of such of those services as are designated (Sch 14 para 2(2)(b)). As to the meaning of 'functions' see PARA 6 note 3.

### **510. Financial duties.**

Each primary care trust<sup>1</sup> must, in respect of each financial year<sup>2</sup>, perform its functions<sup>3</sup> so as to secure that its expenditure which is attributable to the performance by it of its functions in that year (not including its pharmaceutical services expenditure<sup>4</sup>) does not exceed the aggregate of: (1) the amount allotted to it<sup>5</sup> for that year<sup>6</sup>; (2) any sums received by it in that year under any provision<sup>7</sup> of the National Health Service Act 2006<sup>8</sup>; and (3) any sums received by it in that year otherwise than under the Act for the purpose of enabling it to defray any such expenditure<sup>9</sup>. The Secretary of State<sup>10</sup> may give such directions<sup>11</sup> to a primary care trust as appear to be requisite to secure that it complies with this duty<sup>12</sup>.

To the extent to which any expenditure is defrayed by a primary care trust as trustee or on behalf of a primary care trust by special trustees<sup>13</sup>, or any sums are received by a primary care trust as trustee or under the power to raise money<sup>14</sup>, that expenditure and those sums<sup>15</sup> must be disregarded for these purposes<sup>16</sup>. Sums which, in the hands of a primary care trust, cease to be trust funds and become applicable by the primary care trust otherwise than as trustee must be treated, on their becoming so applicable, as having been received by the primary care trust otherwise than as trustee<sup>17</sup>. The Secretary of State may by directions determine<sup>18</sup>: (a) whether specified<sup>19</sup> sums must, or must not, be treated for these purposes as received under the National Health Service Act 2006 by a specified primary care trust<sup>20</sup>; (b) whether specified expenditure must, or must not, be treated for these purposes as expenditure<sup>21</sup> of a specified primary care trust<sup>22</sup>; or (c) the extent to which, and the circumstances in which, sums received by a primary care trust from the Secretary of State<sup>23</sup> but not yet spent must be treated for these purposes as part of the expenditure of the trust and to which financial year's expenditure they must be attributed<sup>24</sup>.

### **511. Resource limits.**

Each primary care trust<sup>1</sup> must ensure that the use of its resources<sup>2</sup> in a financial year<sup>3</sup> does not exceed the amount specified for it in relation to that year by the Secretary of State<sup>4</sup>. For these purposes no account may be taken of any use of resources for the purpose of a primary care trust's pharmaceutical services expenditure<sup>5</sup>; but in specifying an amount for a primary care trust, or in varying the amount<sup>6</sup>, the Secretary of State may take into account (in whatever way he considers appropriate) any such use of resources<sup>7</sup>, and the use of any resources which would have been for the purpose of the trust's pharmaceutical services expenditure but for an order<sup>8</sup> as to payment of remuneration<sup>9</sup>, during any period he considers appropriate (or such elements of such uses of resources as he considers appropriate)<sup>10</sup>. Where the Secretary of State has specified an amount in respect of a financial year, he may vary the amount by a later specification<sup>11</sup>.

The Secretary of State may give such directions<sup>12</sup> to a primary care trust as appear to be requisite to secure that it complies with this duty<sup>13</sup>. The Secretary of State may also give directions: (1) specifying uses of resources which must, or must not, be taken into account<sup>14</sup>; (2) making provision for determining to which primary care trust certain uses of resources must be attributed<sup>15</sup>; (3) specifying descriptions of resources which must, or must not, be taken into account<sup>16</sup>.

## **512. Apportionment of remuneration referable to the cost of drugs.**

For each financial year<sup>1</sup>, the Secretary of State<sup>2</sup> must apportion among all primary care trusts<sup>3</sup>, in such manner as he considers appropriate, the total of the remuneration referable to the cost of drugs<sup>4</sup> which is paid by each primary care trust in that year<sup>5</sup>. The Secretary of State may, in particular, exercise his discretion: (1) so that any apportionment reflects, in the case of each primary care trust, the financial consequences of orders for the provision of drugs, being orders which in his opinion are attributable to the primary care trust in question<sup>6</sup>; (2) by reference to averaged or estimated amounts<sup>7</sup>.

A primary care trust is accountable in any year for remuneration referable to the cost of drugs to the extent (and only to the extent) that such remuneration is so apportioned to it<sup>8</sup>. The Secretary of State may make provision for any remuneration referable to the cost of drugs which is paid by a primary care trust other than the primary care trust which is accountable for the payment to be reimbursed in such manner as he may determine<sup>9</sup>.

#### **(iv) NHS Trusts**

##### **513. Originating capital.**

Each NHS trust<sup>1</sup> has an originating capital of an amount specified in an order<sup>2</sup> made by the Secretary of State<sup>3</sup>. Such an order may be made only with the consent of the Treasury<sup>4</sup>.

The originating capital of an NHS trust is an amount representing the excess of the valuation of its assets over the amounts of its liabilities<sup>5</sup>. In determining the originating capital of an NHS trust, there must be left out of account such assets or liabilities as are, or are of a class, determined for these purposes by the Secretary of State with the consent of the Treasury<sup>6</sup>. An NHS trust's originating capital is deemed to have been issued out of moneys provided by Parliament and is an asset of the Consolidated Fund<sup>7</sup>. An NHS trust's originating capital is public dividend capital<sup>8</sup>.

1 As to NHS trusts see PARA 155.

2 As to the making of orders see PARA 9. Orders made under these provisions relate to individual trusts and as such are not recorded in this work. As an example of such an order see the National Health Service Trusts (Originating Capital) Order 2007, SI 2007/836.

#### **514. Financial obligations.**

Each NHS trust<sup>1</sup> must ensure that its revenue is not less than sufficient, taking one financial year<sup>2</sup> with another, to meet outgoings properly chargeable to revenue account<sup>3</sup>. Each NHS trust must achieve such financial objectives as may from time to time be set by the Secretary of State<sup>4</sup> with the consent of the Treasury<sup>5</sup> and as are applicable to it<sup>6</sup>. Any such objectives may be made applicable to NHS trusts generally, or to a particular NHS trust or to NHS trusts of a particular description<sup>7</sup>.

### 515. Borrowing.

For the purpose of its functions<sup>1</sup> an NHS trust<sup>2</sup> may borrow (both temporarily, by way of overdraft, and longer term) from the Secretary of State<sup>3</sup> or from any other person<sup>4</sup>. An NHS trust may not mortgage or charge any of its assets or in any other way use any of its assets as security for a loan<sup>5</sup>. The Secretary of State may, with the consent of the Treasury, instead of making a loan to an NHS trust, pay an amount to the NHS trust as public dividend capital<sup>6</sup>.

The Secretary of State may guarantee, in such manner and on such conditions as, with the approval of the Treasury, he considers appropriate, the repayments of the principal of, and the payment of interest on, any sums which an NHS trust borrows from a person other than the Secretary of State<sup>7</sup>. If any sums are issued in fulfilment of such a guarantee<sup>8</sup>, the NHS trust concerned must make to the Secretary of State, at such times and in such manner as the Secretary of State may from time to time direct payments of such amounts as the Secretary of State with the consent of the Treasury so directs in or towards repayment of the sums so issued<sup>9</sup>; and payments of interest, at such rates as the Secretary of State with the consent of the Treasury so directs, on what is outstanding for the time being in respect of sums so issued<sup>10</sup>.

The aggregate of all sums borrowed by NHS trusts which are required to provide or manage services at or from hospitals or other establishments or facilities which are situated in England must not exceed £5,000 million or such other sum not exceeding £10,000 million as may be specified by order made by the Secretary of State with the consent of the Treasury: Sch 5 para 5. ## **(9) PUBLIC INVOLVEMENT AND SCRUTINY**

### **(i) Local Involvement Networks**

#### **526. Local involvement networks.**

Each local authority<sup>1</sup> must make contractual arrangements for the purpose of ensuring that there are means by which the following activities for the local authority's area can be carried on in the area<sup>2</sup>. The activities for a local authority's area are<sup>3</sup>: (1) promoting, and supporting, the involvement of people in the commissioning, provision and scrutiny of local care services<sup>4</sup>; (2) enabling people to monitor for the purposes of their consideration of specified matters<sup>5</sup>, and to review for those purposes, the commissioning and provision of local care services<sup>6</sup>; (3) obtaining the views of people about their needs for, and their experiences of, local care services<sup>7</sup>; and (4) making views such as are mentioned in head (3) above known, and reports and recommendations about how local care services could or ought to be improved, to persons responsible for commissioning, providing, managing or scrutinising local care services<sup>8</sup>.

In relation to any particular arrangements made<sup>9</sup> by a local authority<sup>10</sup>, the arrangements must be made with a person who is not a local authority, a National Health Service trust<sup>11</sup>, an NHS foundation trust<sup>12</sup>, a primary care trust<sup>13</sup>, or a strategic health authority<sup>14</sup>. The arrangements must secure the result that none of the following will be a local involvement network<sup>15</sup>: the person with whom the arrangements are made, the local authority concerned, any other local authority, a National Health Service trust, an NHS foundation trust, a primary care trust, or a strategic health authority<sup>16</sup>. The arrangements may (in particular) make provision as respects co-operation between a local involvement network and any English network or English networks<sup>17</sup>. The arrangements may provide for the making of payments by the local authority<sup>18</sup>; and must include the required provision about annual reports<sup>19</sup>.

The Secretary of State must make regulations which provide that arrangements made by a local authority must require prescribed provision<sup>20</sup> to be included in local involvement network arrangements<sup>21</sup>. The regulations may in particular provide that the arrangements must require local involvement network arrangements to include: (a) prescribed provision relating to the way in which certain decisions of a local involvement network<sup>22</sup> are to be taken<sup>23</sup>; (b) prescribed provision relating to the authorisation of individuals as authorised representatives<sup>24</sup>; (c) prescribed provision relating to the use by a local involvement network of money derived from the arrangements<sup>25</sup>; (d) prescribed provision relating to the consequences of contravention by a local involvement network of any provision of the arrangements<sup>26</sup>.

1 'Local authority' means a county council in England; a district council in England other than a council for a district in a county for which there is a county council; a London borough council; the Common Council of the City of London; and the Council of the Isles of Scilly: Local Government and Public Involvement in Health Act 2007 s 229(1). As to local government areas see **LOCAL GOVERNMENT** vol 69 (2009) PARA 22 et seq. As to the meaning of 'England' see PARA 6 note 2.

2 Local Government and Public Involvement in Health Act 2007 s 221(1). When a local authority becomes subject to the duty in s 221(1), it also becomes subject to the temporary duty to ensure until the relevant time that there are means by which the activities specified in s 221(2) (see heads (1)-(4) in the text) can be carried on in the local authority's area: see s 228(1), (2). The Secretary of State may by regulations define the 'relevant time' and make other provision about the ways in which the temporary duty may or may not be complied with:

see s 228(3)-(7). As to the regulations made see the Local Involvement Networks Regulations 2008, SI 2008/528; and **LOCAL GOVERNMENT** vol 69 (2009) PARAS 398-399.

Any regulations made by the Secretary of State under the Local Government and Public Involvement in Health Act 2007 must be made by statutory instrument: s 240(1). A statutory instrument containing regulations under s 221, s 224(2)(e) (see PARA 527) or s 225 (see PARA 528) may not be made unless a draft of the instrument has been laid before and approved by a resolution of each House of Parliament: see s 240(6). Any other statutory instrument under the Act is subject to annulment in pursuance of a resolution of either House of Parliament: s 240(7). Any regulations may make different provision for different cases: s 240(10). As to the laying of documents before Parliament see **PARLIAMENT** vol 34 (Reissue) PARA 941. As to the annulment of statutory instruments see **STATUTES** vol 44(1) (Reissue) PARA 1516.

3 The Secretary of State may by regulations amend the Local Government and Public Involvement in Health Act 2007 s 221 for the purpose of adding to the activities for the time being specified in s 221(2): s 221(4). Before making such regulations, the Secretary of State must consult such persons as the Secretary of State considers appropriate: s 221(5). As to the Secretary of State see PARA 6 note 8. 'Local care services', in relation to a local authority, means care services provided in the authority's area, and care services provided, in any place, for people from the area: s 221(6). 'Care services' means services provided as part of the health service in England and services provided as part of the social services functions of a local authority: see s 221(6). For these purposes, something is done by a local involvement network if it is done by a person who, in pursuance of arrangements made by a local authority<sup>7</sup>, is to carry on specified activities<sup>8</sup>, and it is done by that person in the carrying-on, under those arrangements, of activities so specified<sup>9</sup>.

1 As to the Secretary of State see PARA 6 note 8.

2 Before making such regulations, the Secretary of State must consult such persons as the Secretary of State considers appropriate: Local Government and Public Involvement in Health Act 2007 s 224(4). The Secretary of State<sup>1</sup> must by regulations<sup>2</sup> make provision for the purpose of imposing, on a services-provider<sup>3</sup>, a duty to allow authorised representatives<sup>4</sup> to enter and view, and observe the carrying-on of activities on, premises owned or controlled by the services-provider<sup>5</sup>. The provision that may be made by such regulations includes (in particular): (1) providing for a duty to apply in relation to premises owned or controlled by a services-provider only if, or not to apply in relation to any such premises if, the premises are of a particular description<sup>6</sup>; (2) providing for a duty, so far as applying in relation to any premises, to apply in relation to activities carried on on the premises only if, or not to apply in relation to any such activities if, the activities are of a particular description<sup>7</sup>; (3) conditions to be satisfied before a duty arises in a particular case<sup>8</sup>; (4) provision limiting the extent of a duty, whether generally or in particular cases<sup>9</sup>; (5) provision imposing, or authorising the imposition of, conditions and restrictions<sup>10</sup> in relation to the authorised representative<sup>11</sup>; (6) provision as respects the authorisation of individuals for these purposes by a local involvement network<sup>12</sup>.

While an authorised representative is on any premises as a result of a services-provider having complied with a duty imposed under these provisions, any viewing, or observation, carried out by the representative must be carried out for the purposes of the carrying-on, under arrangements made by a local authority<sup>13</sup>, of specified activities<sup>14</sup>; and the representative must comply with any applicable conditions and restrictions imposed under these provisions for these purposes<sup>15</sup>.

## (ii) Public Involvement and Consultation

### A. IN GENERAL

#### 529. Public involvement and consultation.

Until a day to be appointed the following provisions have effect<sup>1</sup>.

Each strategic health authority<sup>2</sup>, primary care trust<sup>3</sup>, NHS trust<sup>4</sup>, and NHS foundation trust<sup>5</sup>, must make arrangements with a view to securing, as respects health services for which it is responsible<sup>6</sup>, that persons to whom those services are being or may be provided are, directly or through representatives, involved in and consulted on<sup>7</sup>: (1) the planning of the provision of those services<sup>8</sup>; (2) the development and consideration of proposals for changes in the way those services are provided<sup>9</sup>; and (3) decisions to be made by that body affecting the operation of those services<sup>10</sup>.

1 The National Health Service Act 2006 s 242(1) is substituted, as from a day to be appointed, by s 242(1), (1A)-(1H) (see PARA 530) by the Local Government and Public Involvement in Health Act 2007, s 233(1), (2): s 245(5). At the date at which this volume states the law no such day had been appointed.

2 National Health Service Act 2006 s 242(1)(a). As to strategic health authorities see PARA 94 et seq. As to the equivalent provision to the National Health Service Act 2006 s 242 in relation to Wales see the National Health Service (Wales) Act 2006 s 183. As to the meaning of 'Wales' see PARA 6 note 2.

3 National Health Service Act 2006 s 242(1)(b). As to primary care trusts see PARA 111.

4 National Health Service Act 2006 s 242(1)(c). As to NHS trusts see PARA 155.

5 National Health Service Act 2006 s 242(1)(d). As to NHS foundation trusts see PARA 174.

6 For these purposes a body is responsible for health services: (1) if the body provides or will provide those services to individuals (National Health Service Act 2006 s 242(3)(a)); or (2) if another person provides, or will provide, those services to individuals at that body's direction (s 242(3)(b)(i)), on its behalf (s 242(3)(b)(ii)), or in accordance with an agreement or arrangements made by that body with that other person (s 242(3)(b)(iii)); and references in s 242 to the provision of services include references to the provision of services jointly with another person (s 242(3)). As to the meaning of 'person' see PARA 17 note 2. The duty to make arrangements for public involvement and consultation may arise even though any decision relating to the services concerned is not to be made by the body on whom this obligation is imposed: *R (on the application of Fudge) v South West Strategic Health Authority* [2007] EWCA Civ 803, (2007) 98 BMLR 112, [2007] All ER (D) 485 (Jul) (decided under the previous statutory provisions now consolidated in the National Health Service Act 2006 s 242).

7 The nature of the statutory duty is not to involve and consult but rather to 'make arrangements with a view to securing' those objectives. The use of different terms, involvement and consultation, means that something less than consultation may be appropriate in certain circumstances. The two concepts of involvement and consultation reflect the different stages at which the obligation imposed by the statutory provisions may be triggered. There is no warrant for construing the statutory duty as imposing an obligation to consult on each and every occasion; whether involvement or something more, namely consultation, is required, will depend upon the circumstances: *R (on the application of Fudge) v South West Strategic Health Authority* [2007] EWCA Civ 803, (2007) 98 BMLR 112, [2007] All ER (D) 485 (Jul) (decided under the previous statutory provisions now consolidated in the National Health Service Act 2006 s 242). See also *R (on the application of Legal Remedy UK Ltd) v Secretary of State for Health* [2007] EWHC 1252 (Admin), (2007) 96 BMLR 191.

8 National Health Service Act 2006 s 242(2)(a).

9 National Health Service Act 2006 s 242(2)(b).

10 National Health Service Act 2006 s 242(2)(c). The duty to consult is of high importance and the public expect to be involved in decisions by healthcare bodies. The closure of hospital wards without consultation was contrary to the duty imposed on such bodies: *R (on the application of Morris) v Trafford Healthcare NHS Trust* [2006] EWHC 2334 (Admin), [2006] Lloyd's Rep Med 529 (decided under the previous statutory provisions now consolidated in the National Health Service Act 2006 s 242). A decision to negotiate with a person as preferred bidder for the provision of health services was one on which consultation should have been carried out: *R (on the application of Smith) v North Eastern Derbyshire Primary Care Trust* [2006] EWHC 1338 (Admin), 90 BMLR 139 (decided under the previous statutory provisions now consolidated in the National Health Service Act 2006 s 242); revs'd on other grounds [2006] EWCA Civ 1291, [2006] 1 WLR 3315, (2006) Times, 11 September. See also *R (on the application of Bullmore) v West Hertfordshire Hospitals NHS Trust* [2007] All ER (D) 378 (Jun), in which it was held that the use of citizens' juries in a consultation process did not give rise to new legal questions, and whether a particular process was fair or unfair was likely to be highly fact sensitive. As to the exercise of the duty to consult generally see **JUDICIAL REVIEW** vol 61 (2010) PARA 627.

## **B. EXERCISE OF REVIEW AND SCRUTINY FUNCTIONS**

### **541. Review and scrutiny.**

An overview and scrutiny committee<sup>1</sup> may review and scrutinise any matter relating to the planning, provision and operation of health services in the area of its local authority<sup>2</sup>. In carrying out the review and scrutiny of a particular matter, the overview and scrutiny committee must: (1) have regard to any guidance issued by the Secretary of State<sup>3</sup> with respect to the exercise of its functions<sup>4</sup>; (2) invite interested parties to comment on the matter<sup>5</sup>. Otherwise, the procedure of review and scrutiny is to be determined by the overview and scrutiny committee<sup>6</sup>.

A local authority<sup>7</sup> may arrange for relevant functions<sup>8</sup> in relation to that authority to be exercisable by an overview and scrutiny committee of another local authority in circumstances where<sup>9</sup> a local authority considers that another local authority would be better placed to undertake a relevant function and the latter agrees to exercise that function<sup>10</sup>. A county council for any area may arrange for one or more of the members of an overview and scrutiny committee of the council for a district comprised in that area to be appointed as: (a) a member of an overview and scrutiny committee of the county council<sup>11</sup> or another local authority, for the purposes of relevant functions of the committee in relation to the county council<sup>12</sup>; or (b) a member of an overview and scrutiny committee of the county council, for the purposes of relevant functions of the committee in relation to another local authority<sup>13</sup>. A county council making an arrangement for an appointment under head (a) or (b) above may specify that the appointment is for the life of the overview and scrutiny committee<sup>14</sup>, until such time as it decides to terminate the appointment<sup>15</sup>, or for the review or scrutiny of a particular matter<sup>16</sup>.

## **542. Reports and recommendations.**

An overview and scrutiny committee<sup>1</sup> may make reports and recommendations to local NHS bodies<sup>2</sup> and to its local authority on any matter reviewed or scrutinised<sup>3</sup> by it<sup>4</sup>. Where an overview and scrutiny committee makes such reports and recommendations it must include an explanation of the matter reviewed or scrutinised<sup>5</sup>, a summary of the evidence considered<sup>6</sup>, a list of the participants involved in the review or scrutiny<sup>7</sup>, and any recommendations on the matter reviewed or scrutinised<sup>8</sup>. Where an overview and scrutiny committee requests a response from a local NHS body to whom it has made a report or recommendation, that body must respond in writing<sup>9</sup> to the committee within 28 days of the request<sup>10</sup>.

1 In the Local Authority (Overview and Scrutiny Committees Health Scrutiny Functions) Regulations 2002, SI 2002/3048, reg 3 references to an overview and scrutiny committee include references to a joint overview and scrutiny committee: reg 1(4). EXERCISE OF REVIEW AND SCRUTINY FUNCTIONS/543. Consultation of committees by local NHS bodies other than NHS foundation trusts.

### **543. Consultation of committees by local NHS bodies other than NHS foundation trusts.**

Subject to the following provisions, where a local NHS body<sup>1</sup> other than an NHS foundation trust<sup>2</sup>, has under consideration any proposal for a substantial development of the health service<sup>3</sup> in the area of a local authority<sup>4</sup>, or for a substantial variation in the provision of such service, it must consult the overview and scrutiny committee<sup>5</sup> of that authority<sup>6</sup>. This obligation does not apply with respect to any proposal to establish or dissolve an NHS trust<sup>7</sup> or a primary care trust<sup>8</sup> (unless the establishment or dissolution involves a substantial development or variation as referred to above)<sup>9</sup>. Neither does this obligation apply to any proposals on which the local NHS body concerned is satisfied that a decision has to be taken without allowing time for consultation<sup>10</sup> because of a risk to safety or welfare of patients<sup>11</sup> or staff; but, in any such case, the local NHS body must notify the overview and scrutiny committee immediately of the decision taken and the reason why no consultation has taken place<sup>12</sup>.

Subject to any directions issued by the Secretary of State<sup>13</sup>, an overview and scrutiny committee which has been so consulted by a local NHS body may make comments on the proposal consulted on by such date as may be specified by the local NHS body<sup>14</sup>. In any case where an overview and scrutiny committee is not satisfied that: (1) consultation on any proposal has been adequate in relation to content or time allowed<sup>15</sup>; or (2) where no consultation has taken place<sup>16</sup>, the reasons given by the local NHS body are adequate<sup>17</sup>, it may report to the Secretary of State in writing<sup>18</sup> who may require the local NHS body concerned to carry out such consultation, or such further consultation, with the overview and scrutiny committee as he considers appropriate<sup>19</sup>. Where such further consultation has been required, the local NHS body must, having regard to the outcome of the further consultation, reconsider any decision it has taken in relation to the proposal in question<sup>20</sup>.

In any case where an overview and scrutiny committee considers that the proposal would not be in the interests of the health service in the area of the committee's local authority, it may report to the Secretary of State in writing who may make a final decision on the proposal and require the local NHS body to take such action, or desist from taking such action, as he may direct<sup>21</sup>.

#### **544. Consultation of committees by NHS foundation trusts.**

Where an NHS foundation trust<sup>1</sup> proposes to make an application to the Independent Regulator of NHS Foundation Trusts<sup>2</sup>, to vary the terms of its authorisation<sup>3</sup>, and that application, if successful, would result in a substantial variation of the provision by an NHS foundation trust of protected goods or services<sup>4</sup> in the area of a local authority<sup>5</sup>, the NHS foundation trust must consult the overview and scrutiny committee<sup>6</sup> of that local authority<sup>7</sup>.

Subject to any directions issued by the Secretary of State<sup>8</sup>, an overview and scrutiny committee which has been so consulted by an NHS foundation trust, may make comments on the proposed application by such date as may be specified by the NHS foundation trust<sup>9</sup>. In any case where an overview and scrutiny committee is not satisfied that consultation on any application has been adequate in relation to content or time allowed it may report to the regulator in writing<sup>10</sup> and the regulator may require the NHS foundation trust to carry out such consultation, or such further consultation with the overview and scrutiny committee as it considers appropriate<sup>11</sup>. In any case where an overview and scrutiny committee considers that the proposed application would not be in the interests of the health service<sup>12</sup> in the area of the committee's local authority, it may report to the regulator in writing and the regulator must have regard<sup>13</sup> to the report<sup>14</sup>.

#### **545. Information to be furnished by local NHS bodies.**

It is the duty of a local NHS body<sup>1</sup> to provide an overview and scrutiny committee<sup>2</sup> with such information about the planning, provision and operation of health services in the area of that committee's local authority<sup>3</sup> as the committee may reasonably require in order to discharge its functions<sup>4</sup>. However, this provision does not require the provision by a local NHS body of: (1) confidential information which relates to and identifies a living individual, unless at least one of the specified conditions applies<sup>5</sup>; or (2) any other information the disclosure of which is prohibited by or under any enactment<sup>6</sup>, except in specified circumstances<sup>7</sup>. In a case where the disclosure of information is prohibited by head (1) or (2) above, the overview and scrutiny committee may require the person<sup>8</sup> holding the information to put the information in a form from which the identity of the individual concerned cannot be identified in order that the information may be disclosed<sup>9</sup>.

1 As to the meaning of 'local NHS body' see PARA 542 note 2.

2 In the Local Authority (Overview and Scrutiny Committees Health Scrutiny Functions) Regulations 2002, SI 2002/3048, reg 5 references to an overview and scrutiny committee include references to a joint overview and scrutiny committee: reg 1(4). Where a local NHS body provides, or arranges for the provision of, or performs any management function in relation to, services to persons residing within the area of several local authorities, its duty under reg 5(1) is satisfied if it provides information to the joint overview and scrutiny committee of those authorities: reg 5(2). 7 See the Local Authority (Overview and Scrutiny Committees Health Scrutiny Functions) Regulations 2002, SI 2002/3048, reg 5(3)(b). #### **546. Obtaining information and explanations.**

Subject to any directions issued by the Secretary of State<sup>1</sup>, an overview and scrutiny committee<sup>2</sup> may require an officer<sup>3</sup> of a local NHS body<sup>4</sup> to attend before the committee to answer such questions as appear to the committee to be necessary for discharging its functions<sup>5</sup>. It is the duty of any such officer to comply with any such requirement<sup>6</sup>. However, the overview and scrutiny committee may not require a person to attend unless reasonable notice of the intended date of attendance has been given to that person<sup>7</sup>; and a person is not required to answer any question put to him by the overview and scrutiny committee to the extent that the answer requires the provision of protected information<sup>8</sup>, or if he would be entitled to refuse to answer in, or for the purposes of, proceedings in a court in England and Wales<sup>9</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(i) Quality and Standards/550. Code of practice relating to health care associated infections.

### **550. Code of practice relating to health care associated infections.**

The Secretary of State<sup>1</sup> may issue a code of practice applying to English NHS bodies<sup>2</sup> (other than strategic health authorities)<sup>3</sup> and cross-border SHAs<sup>4</sup>, and relating to the prevention and control of health care associated infections<sup>5</sup> in connection with health care provided by or for those bodies<sup>6</sup>.

The code may provide for provisions of the code to apply to such description or descriptions of the bodies named above as may be specified in the code<sup>7</sup>; and such body or bodies as may be so specified<sup>8</sup>. The code may in particular: (1) make such provision as the Secretary of State considers appropriate for the purpose of safeguarding individuals (whether receiving health care or otherwise) from the risk, or any increased risk, of being exposed to health care associated infections or of being made susceptible, or more susceptible, to them<sup>9</sup>; (2) contain provisions imposing on bodies to which the provisions apply requirements in relation to health care provided for such bodies by other persons<sup>10</sup> as well as in relation to health care provided by such bodies<sup>11</sup>. The code may: (a) operate by reference to provisions of other documents specified in it (whether published by the Secretary of State or otherwise)<sup>12</sup>; (b) provide for any reference in it to such a document to take effect as a reference to that document as revised from time to time<sup>13</sup>; (c) make different provision for different cases or circumstances<sup>14</sup>. The Secretary of State must keep the code under review and may from time to time revise the whole or any part of the code<sup>15</sup>, and issue a revised code<sup>16</sup>.

Where the Secretary of State proposes to issue a code of practice he must prepare a draft of the code<sup>17</sup>, and consult such persons as he considers appropriate about the draft<sup>18</sup>. Where the Secretary of State proposes to issue a revised code which in his opinion would result in a substantial change in the code, he must prepare a draft of the revised code<sup>19</sup>, and consult such persons as he considers appropriate about the change<sup>20</sup>. Where, following such consultation, the Secretary of State issues the code or revised code (whether in the form of the draft or with such modifications as he thinks fit), it comes into force at the time when it is issued by the Secretary of State<sup>21</sup>. Where any document by reference to whose provisions the code operates<sup>22</sup> is a document published by the Secretary of State in connection with his functions relating to health<sup>23</sup>, he proposes to revise the document<sup>24</sup>, and in his opinion the revision would result in a substantial change in the code<sup>25</sup>, the Secretary of State must, before revising the document, consult such persons as he considers appropriate about the change<sup>26</sup>. Similar provisions apply where the document is not a document published by the Secretary of State in connection with his functions relating to health<sup>27</sup>.

Where any provisions of a code of practice apply to an NHS body<sup>28</sup>, the body must observe those provisions in discharging its duty<sup>29</sup> of monitoring and improving the quality of health care provided by it<sup>30</sup>. A failure to observe any provision of a code of practice does not of itself make a person liable to any criminal or civil proceedings<sup>31</sup>. A code of practice is admissible in evidence in any criminal or civil proceedings<sup>32</sup>.

## UPDATE

### 550 Code of practice relating to health care associated infections

TEXT AND NOTES--Replaced. Health and Social Care (Community Health and Standards) Act 2003 ss 47A-47C repealed: Health and Social Care Act 2008 Sch 5 para 39, Sch 15 Pt 1. Regulations under the Health and Social Care Act 2008 s 20 (see further **SOCIAL SERVICES AND COMMUNITY CARE** vol 44(2) (Reissue) PARA 1001A.3) may make provision for the prevention and control of health care associated infections and may include such provision as the Secretary of State considers appropriate for the purpose of safeguarding individuals (whether receiving health or social care or otherwise) from the risk, or any increased risk, of being exposed to health care associated infections or of being made susceptible, or more susceptible, to them: s 20(5). 'Health care associated infection' means any infection to which an individual may be exposed or made susceptible (or more susceptible) in circumstances where (1) health or social care is being, or has been, provided to that or any other individual; and (2) the risk of exposure to the infection, or of susceptibility (or increased susceptibility) to it, is directly or indirectly attributable to the provision of that care: s 20(6). But 'health care associated infection' does not include an infection to which the individual is deliberately exposed as part of any health care: s 20(7). The Secretary of State may issue a code of practice about compliance with any requirements of regulations under s 20 which relate to the prevention or control of health care associated infections: s 21(1). The code may (a) operate by reference to provisions of other documents specified in it (whether published by the Secretary of State or otherwise); (b) provide for any reference in it to such a document to take effect as a reference to that document as revised from time to time; (c) make different provision for different cases or circumstances: s 21(2). The Secretary of State must keep the code under review and may from time to time revise the whole or any part of the code, and issue a revised code: s 21(3). As to the consultation process the Secretary of State must follow when preparing to issue or revise such a code of practice, see s 22. The Care Quality Commission must issue guidance about compliance with the requirements of regulations under s 20, other than requirements which relate to the prevention or control of health care associated infections: see s 23. Where the Commission proposes to issue guidance under s 23, it must prepare a draft of the guidance, and consult such persons as the Commission considers appropriate about the draft: see s 24. A code of practice under s 21 and guidance under s 23 are to be taken into account (i) in the making of any decision by the Care Quality Commission (see **SOCIAL SERVICES AND COMMUNITY CARE** vol 44(2) (Reissue) PARA 1001A.3) under Pt 1 Ch 2 (ss 8-44); (ii) in any proceedings for the making of an order under s 30 (see PARA 1001A.5); (iii) in any proceedings on an appeal against such a decision or order; (iv) in any proceedings for an offence under s 33 (see PARA 1001A.6) or under regulations under s 20: s 25(1). A code of practice under s 21 or guidance under s 23 are also admissible in evidence in

other criminal or civil proceedings, but a failure to observe any provision of a code of practice under s 21 or guidance under s 23 does not of itself make a person liable to any criminal or civil proceedings: s 25(2), (3).

#### **564A. Reviews and investigations by the Care Quality Commission.**

In respect of each primary care trust (see PARA 111) the Care Quality Commission must conduct reviews of the provision of health care provided or commissioned by the trust, assess the trust's performance following each such review, and publish a report of its assessment: Health and Social Care Act 2008 s 46(1). In respect of each English NHS provider the Commission must conduct reviews of the provision of health care by the provider, assess the provider's performance following each such review, and publish a report of its assessment: s 46(2). 'English NHS provider' means a (1) primary care trust; (2) a National Health Service trust all or most of whose hospitals, establishments and facilities are situated in England; or (3) an NHS foundation trust: s 97(1). The assessment of a body's performance is to be by reference to such indicators of quality as the Secretary of State may devise or approve: s 46(4). The Secretary of State may direct the Commission to devise indicators for the purposes of s 46(4) and submit them to the Secretary of State for approval: s 46(5). The Commission must prepare a statement describing the method that it proposes to use in assessing and evaluating a body's performance under this provision, and submit the statement to the Secretary of State for approval: s 46(6). Different indicators may be devised or approved, and different methods may be described, for different cases: s 46(7). The Commission must publish the indicators devised or approved from time to time by the Secretary of State, and the method statement approved from time to time by the Secretary of State: s 46(8). The Secretary of State may, after consulting the Commission, by regulations make provision as to the procedure to be followed in respect of the making of representations to the Commission before the publication of a report under this provision: s 46(9).

The Commission must prepare a document setting out the frequency with which reviews under s 46 are to be conducted and the period to which they are to relate, and submit the document to the Secretary of State for approval: Health and Social Care Act 2008 s 47(1). The document may make different provision for different cases and the Commission may revise the document from time to time with the approval of the Secretary of State: s 47(2), (3). The Commission must publish the document as approved by the Secretary of State and as revised from time to time: s 47(4).

The Commission may conduct any special review or investigation, and must do so if the Secretary of State so requests: s 48(1). A special review or investigation is a review (other than a periodic review) of, or an investigation into, the provision of NHS care, or the exercise of functions by English health authorities: s 48(2)(a), (c). Such a review or investigation may relate (a) to the overall provision of NHS care or to the provision of NHS care of a particular description; (b) to the overall exercise of functions or to the exercise of functions of a particular description; (c) to the provision of care or services or the exercise of functions by bodies or persons generally or by particular bodies or persons: see s 48(3). Where the Commission conducts a review or investigation under this provision, it must publish a report: s 48(4). The Commission must consider whether the report raises anything on which it ought to give advice to the Secretary of State under s 53(2) (see PARA 571): s 48(5). The Secretary of State may, after consulting the Commission, by regulations make provision as to the procedure to be followed in respect of the making of representations to the Commission before the publication of a report under s 48(4): s 48(7). For these purposes 'English health authority' means a strategic health authority, or a special health authority performing functions only or mainly in respect of England: s 48(8). As to strategic health authorities see PARA 94 et seq. As to special

health authorities see PARA 136. As to the duty of the Commission to publish a document setting out the special reviews and investigations that it proposes to conduct under s 48, see s 81.

The Secretary of State may by regulations require the Commission to conduct periodic reviews of the carrying on of regulated activities by registered service providers, and either publish reports of such reviews, or assess the performance of registered service providers following such reviews and publish reports of its assessment: s 49(1). Such regulations may require the Commission to conduct periodic reviews in relation to (i) all regulated activities or regulated activities of a particular description; (ii) all registered service providers or particular registered service providers; (iii) the whole of a regulated activity or a particular aspect of it: s 49(2). In the case of a regulated activity carried on by a Primary Care Trust, another English NHS provider or an English local authority, s 49(1) does not apply to the carrying on of that activity by that body to the extent that the carrying on of that activity by that body is already subject to periodic review under s 46, but this does not prevent the Secretary of State from requiring the Commission to conduct periodic reviews of a particular aspect of the activity as carried on by that body: s 49(3). If regulations under s 49(1) require the Commission to conduct periodic reviews, ss 46(4)-(9), 47 have effect in relation to the reviews as they have effect in relation to reviews under s 46: s 49(4). In s 49, 'registered service provider' means a person registered under Pt 1 Ch 2 (ss 8-44) (see **SOCIAL SERVICES AND COMMUNITY CARE** vol 44(2) (Reissue) PARA 1001A) as a service provider: s 49(5).

If there are failings with regard to English NHS bodies, their performance is managed by strategic health authorities on behalf of the Secretary of State: see PARA 105 et seq. Following a review under s 46 or 49, or a review or investigation under s 48, the Commission must inform the Welsh Ministers if it considers that (i) there are significant failings in relation to the provision of health care by or pursuant to arrangements made by a Welsh NHS body; (ii) there are significant failings in the running of a Welsh NHS body; or (iii) there are significant failings in the running of a body, or the practice of an individual, providing health care pursuant to arrangements made by a Welsh NHS body: s 51(1). The Commission may also recommend to the Welsh Ministers that, with a view to remedying those failings, the Welsh Ministers take special measures in a case falling within head (i) or (ii), in relation to the Welsh NHS body concerned, and in a case falling within head (iii), in relation to the body or individual concerned (except an English NHS body or a cross-border Special Health Authority): s 51(2). For these purposes 'Welsh NHS body' has the same meaning as in the Health and Social Care (Community Health and Standards) Act 2003 Pt 2 (41-149) (see PARA 548 NOTE 1): Health and Social Care Act 2008 s 51(3). As to the corresponding duty on Welsh Ministers to report failings in English NHS care to the Secretary of State see the Health and Social Care (Community Health and Standards) Act 2003 s 71; and PARA 594.

The Commission for Healthcare Audit and Inspection<sup>1</sup> has the function<sup>2</sup> of conducting other reviews<sup>3</sup> of, and investigations into, the provision of health care<sup>4</sup> by and for English NHS bodies<sup>5</sup> and cross-border SHAs<sup>6</sup>. The Commission may in particular conduct: (1) a review of the overall provision of health care by and for English NHS bodies and cross-border SHAs<sup>7</sup>; (2) a review of the overall provision of a particular kind of health care by and for English NHS bodies and cross-border SHAs<sup>8</sup>; (3) a review of, or investigation into, the provision of any health care by or for a particular English NHS body or cross-border SHA<sup>9</sup>. The Commission also has the function of conducting reviews of: (a) the arrangements made by English NHS bodies and cross-border SHAs for the purpose of discharging their duty<sup>10</sup> to monitor and improve the quality of health care<sup>11</sup>; (b) the arrangements made by particular English NHS bodies and cross-border SHAs for the purpose of discharging that duty<sup>12</sup>. If the Secretary of State so requests, the Commission must conduct a review under head (1) above<sup>13</sup>; a review under head (2) above of the overall provision of a kind of health care specified in the request<sup>14</sup>; or a review or investigation under head (3) above, or a review under head (a) or (b) above, in relation to the provision of such health care by or for such body as may be specified in the request<sup>15</sup>.

In exercising these functions in relation to any health care, the Commission must take into account the standards set out in published statements<sup>16</sup>, and any code of practice<sup>17</sup> relating to the prevention and control of health care associated infections<sup>18</sup>. For the purposes of a review the Commission may carry out an inspection of any English NHS body or cross-border SHA<sup>19</sup>, and any person<sup>20</sup> who provides, or is to provide, health care for such a body (wherever the health care is or is to be provided)<sup>21</sup>. Where the Commission conducts a review or investigation it must publish a report<sup>22</sup>.

The Secretary of State may by regulations require an NHS body to publish a statement as to the action it proposes to take as a result of any review or investigation conducted in relation to it<sup>23</sup>. The regulations may make provision: (i) as to the matters with which a statement under the regulations must deal<sup>24</sup>; (ii) as to the time by which any such statement must be published<sup>25</sup>; (iii) requiring an NHS body, before publishing any such statement, to obtain the consent of any person specified in the regulations<sup>26</sup>; (iv) requiring the NHS body publishing any such statement to send a copy of it to any person so specified<sup>27</sup>.

### **564-570 Annual reviews ... Action following service of improvement notices**

Health and Social Care (Community Health and Standards) Act 2003 ss 50-53B repealed: Health and Social Care Act 2008 Sch 5 para 40, Sch 15 Pt 1. SI 2004/557 revoked: SI 2009/462. ### **569. Code of practice: improvement notices.**

Where, following an annual review<sup>1</sup>, a review of the provision of health care<sup>2</sup> by or for NHS bodies<sup>3</sup>, or a review or investigation of health care provision by or for English NHS bodies or cross-border SHAs<sup>4</sup>, the Commission for Healthcare Audit and Inspection<sup>5</sup>: (1) is of the view that any provisions of a code of practice relating to the prevention and control of health care associated infections<sup>6</sup> and applying to an English NHS body or a cross-border SHA are not being observed in any material respect in relation to the provision of health care by or for the body<sup>7</sup>; but (2) having regard to all the circumstances, is not of the view that it is required to make a report<sup>8</sup> to the Secretary of State<sup>9</sup>, the Commission may serve an improvement notice on the body in respect of the failure to observe the code, if it considers that serving the notice is the most appropriate course of action for it to take with a view to securing that the failure is remedied<sup>10</sup>.

An improvement notice must: (a) state that the Commission has formed the view that the provisions of the code of practice are not being observed<sup>11</sup> in relation to the provision of health care by or for the body, giving particulars of the material respect in which the Commission considers that the provisions of the code are not being observed<sup>12</sup>; (b) state the Commission's reasons for its view<sup>13</sup>; and (c) require the body to remedy the failure to observe the code, and to do so within such period as is specified in the notice<sup>14</sup>. An improvement notice may (but need not) include a recommendation by the Commission as to the way in which the failure should be remedied<sup>15</sup>. An improvement notice may relate to more than one failure to observe the code<sup>16</sup>.

Where the Commission serves an improvement notice on a body, the Commission must notify the Secretary of State<sup>17</sup>, the Independent Regulator of NHS Foundation Trusts<sup>18</sup> if the body is an NHS foundation trust<sup>19</sup>, and any relevant strategic health authority<sup>20</sup> if the body is a primary care trust or an NHS trust<sup>21</sup>.

### **570. Action following service of improvement notices.**

The following provisions apply where the Commission for Healthcare Audit and Inspection<sup>1</sup> has served an improvement notice<sup>2</sup> on a body<sup>3</sup>.

If, before the end of the specified period<sup>4</sup>, the body requests the Commission to extend that period<sup>5</sup>, and the Commission considers that there are exceptional circumstances which justify its extending that period by a further period of time<sup>6</sup>, the Commission may, by a notice served on the body, extend the specified period by that further period<sup>7</sup>.

Where the specified period has ended or the body notifies the Commission before the end of that period that it has complied with the improvement notice, the Commission must conduct a review<sup>8</sup> with a view to assessing the body's compliance with the notice<sup>9</sup>, and then make a report<sup>10</sup>. If the Commission remains of the view that the relevant provisions of the code<sup>11</sup> are not being observed in any material respect in relation to the provision of health care<sup>12</sup> by or for the body<sup>13</sup>, and having regard to all the circumstances is of the view that it is required to make a report<sup>14</sup> as to failings by the body<sup>15</sup>, the Commission must accordingly make such a report<sup>16</sup>. If the Commission does not make any such report, it must instead make a report to the Secretary of State<sup>17</sup>, and if the body is an NHS foundation trust<sup>18</sup> to the Independent Regulator of NHS Foundation Trusts<sup>19</sup>, setting out the prescribed matters<sup>20</sup>. The Commission must send a copy of any report made by it<sup>21</sup> in relation to a primary care trust<sup>22</sup> or an NHS trust<sup>23</sup> to the relevant strategic health authority<sup>24</sup>.

Before conducting a review under these provisions the Welsh Ministers must consult the Auditor General for Wales<sup>9</sup>, and take into account any relevant work done or being done by the Auditor General for Wales<sup>10</sup>. In exercising their functions under these provisions in relation to any health care the Welsh Ministers must be concerned in particular with: (a) the availability of, and access to, the health care<sup>11</sup>; (b) the quality and effectiveness of the health care<sup>12</sup>; (c) the financial or other management of the health care and the economy and efficiency of its provision<sup>13</sup>; (d) the availability and quality of information provided to the public about the health care<sup>14</sup>; (e) the need to safeguard and promote the rights and welfare of children<sup>15</sup>; and (f) the effectiveness of measures taken for the purpose specified in head (e) above by the body in question and any person<sup>16</sup> who provides, or is to provide, health care for that body<sup>17</sup>; and must take into account the standards set out in any published statements<sup>18</sup>. For the purposes of these functions the Welsh Ministers may carry out an inspection of any Welsh NHS body<sup>19</sup>, and any other person who provides, or is to provide, health care for a Welsh NHS body (in Wales or elsewhere)<sup>20</sup>. A person authorised to do so by the Welsh Ministers may, if they consider it necessary or expedient for the purposes of a review, at any reasonable time enter and inspect any premises owned or controlled by a Welsh NHS body<sup>21</sup>; and any other premises used, or proposed to be used, for any purpose connected with the provision of health care by or for a Welsh NHS body<sup>22</sup>, or the discharge of any of the functions of a Welsh NHS body<sup>23</sup>. The Welsh Ministers may also make regulations requiring prescribed persons to provide them, or to persons authorised by them, an explanation of any documents, records, items or information inspected, copied or provided to them, or any matters which are the subject of a review<sup>26</sup>.

Where the Welsh Ministers conduct a review they must publish a report<sup>27</sup>. As soon as possible after the end of each financial year of theirs, the Welsh Ministers must make and publish a report or reports on what they have found during the year in the course of exercising their functions<sup>28</sup> as to reviews<sup>29</sup>, and the way in which they have during the year exercised those functions<sup>30</sup>.

The Centre must comply with any such direction<sup>29</sup>.

'Health service body' means: (a) in relation to England, a body which, under the Health Service Commissioners Act 1993 s 2(1) (see PARA 643), is subject to investigation by the Health Service Commissioner for England; (b) in relation to Wales, a Welsh health service body within the meaning of the Public Services Ombudsman (Wales) Act 2005 (see PARA 655); National Health Service Act 2006 s 248(3). 'Independent provider' means: (i) in relation to England, a person who, under the Health Service Commissioners Act 1993 s 2B(1) (see PARA 643), is subject to investigation by the Health Service Commissioner for England; (ii) in relation to Wales, a person who is an independent provider in Wales within the meaning of the Public Services Ombudsman (Wales) Act 2005 (see PARA 655); National Health Service Act 2006 s 248(3). HANDLING AND CONSIDERATION OF COMPLAINTS BY NHS BODIES/(A) Complaints Arrangements/600. Arrangements for the handling and consideration of complaints.

## ***B. HANDLING AND CONSIDERATION OF COMPLAINTS BY NHS BODIES***

### **(A) COMPLAINTS ARRANGEMENTS**

#### **600. Arrangements for the handling and consideration of complaints.**

Each NHS body<sup>1</sup> must make arrangements<sup>2</sup> for the handling and consideration of complaints<sup>3</sup>. The arrangements must be accessible and such as to ensure that complaints are dealt with speedily and efficiently, and that complainants<sup>4</sup> are treated courteously and sympathetically and as far as possible involved in decisions about how their complaints are handled and considered<sup>5</sup>. The arrangements must be in writing<sup>6</sup> and a copy must be given, free of charge, to any person<sup>7</sup> who makes a request for one<sup>8</sup>.

Where an NHS trust or a primary care trust makes arrangements for the provision of services with an independent provider<sup>9</sup>, it must ensure that the independent provider has in place arrangements for the handling and consideration of complaints<sup>10</sup> about any matter connected with its provision of services<sup>11</sup>.

Each NHS body must designate one of its members, or in the case of an NHS trust a member of its board of directors, to take responsibility for ensuring compliance with the arrangements made for the handling and consideration of complaints and that action is taken in the light of the outcome of any investigation<sup>12</sup>. Each NHS body must designate a person, known as a 'complaints manager', to manage the procedures for handling and considering complaints and in particular<sup>13</sup>: (1) to perform the functions<sup>14</sup> of the complaints manager under the statutory provisions<sup>15</sup>; and (2) to perform such other functions in relation to complaints as the NHS body may require<sup>16</sup>. The functions of the complaints manager may be performed by him or by any person authorised by the NHS body to act on his behalf<sup>17</sup>. A complaints manager may be a person who is not an employee of the NHS body<sup>18</sup>; or appointed as complaints manager for more than one NHS body<sup>19</sup>.

1 'NHS body' means a strategic health authority, an NHS trust which operates from premises wholly or mainly in England, a primary care trust, and a special health authority to which the Health Service Commissioners Act 1993 s 2 (see PARA 643) applies: National Health Service (Complaints) Regulations 2004, SI 2004/1768, reg 2(1). ## **UPDATE**

### **600-615 Arrangements for the handling and consideration of complaints ... Complaints procedure in respect of arrangements to provide primary medical services**

SI 2004/1768 revoked, and replaced in relation to England: Local Authority Social Services and National Health Service Complaints (England) Regulations 2009, SI 2009/309 (amended by SI 2009/1768), which combine adult social care and health complaints processes into a single set of arrangements.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/ (v) Complaints/C. HANDLING AND CONSIDERATION OF COMPLAINTS BY THE COMMISSION FOR HEALTHCARE AUDIT AND INSPECTION/609. Remit in relation to complaints about NHS foundation trusts.

#### **609. Remit in relation to complaints about NHS foundation trusts.**

Where a person<sup>1</sup> has made a complaint to an NHS foundation trust<sup>2</sup> and either: (1) he is not satisfied with the outcome of any investigation of that complaint by the NHS foundation trust in accordance with any procedures it may have<sup>3</sup>; or (2) the NHS foundation trust has no complaints procedures<sup>4</sup>, he may request the Healthcare Commission<sup>5</sup> to consider the complaint<sup>6</sup>. The Healthcare Commission's remit in relation to NHS foundation trusts is limited to consideration only of a complaint which: (a) is made by a patient<sup>7</sup> or any other person who is affected by, or likely to be affected by, the action or omission of the NHS foundation trust which forms the subject matter of the complaint<sup>8</sup>; and (b) is reasonably connected with the provision of health care<sup>9</sup> or other services to such persons by or for the NHS foundation trust<sup>10</sup>. Where the Healthcare Commission consider that a complaint or any part of a complaint does not fall within such remit, it must refer that complaint or part of a complaint to the Independent Regulator of NHS Foundation Trusts<sup>11</sup>.

The Healthcare Commission may not consider a complaint made under these provisions where the complaint:

- 407 (i) is one about which the complainant has stated in writing<sup>12</sup> that he intends to take legal proceedings<sup>13</sup>;
- 408 (ii) is one about which the NHS foundation trust has stated in writing that it is taking or is proposing to take disciplinary proceedings<sup>14</sup> in relation to the substance of the complaint against a person who is the subject of the complaint<sup>15</sup>;
- 409 (iii) arises out of the NHS foundation trust's alleged failure to comply with a data subject request under the Data Protection Act 1998 or a request for information under the Freedom of Information Act 2000<sup>16</sup>; or
- 410 (iv) which is being or has been investigated by the Health Service Commissioner for England<sup>17</sup>.

The Healthcare Commission must make a report to the Independent Regulator of NHS Foundation Trusts each month and when the Independent Regulator otherwise requires, which: (A) specifies the number of complaints received about NHS foundation trusts in that month, or other period specified in the request<sup>18</sup>; (B) identifies the subject matter of those complaints<sup>19</sup>; and (C) summarises how any complaints concluded during that month, or other period specified in the request, were handled, including their outcome<sup>20</sup>. The Healthcare Commission may, provided that it has the consent, which may be either express or implied, of the complainant send a copy of any complaint that it has received about an NHS foundation trust to the Independent Regulator<sup>21</sup>.

The Independent Regulator may request that the Healthcare Commission send him any complaint about an NHS foundation trust that the Healthcare Commission receives<sup>22</sup>. Where the Healthcare Commission receives such a request it must, provided that it has the consent, which may be either express or implied, of the complainant, send a copy of the complaint to the Independent Regulator, in the case of an individual request, within two days of receiving the request<sup>23</sup>, or in the case of a standing request, within two days of receipt of a complaint which falls within the terms of that request<sup>24</sup>. On receipt of a copy of a complaint<sup>25</sup> the Independent

Regulator may give his views on the complaint or its handling to the Healthcare Commission and, where he wishes to give such views, must do so as soon as reasonably practicable<sup>26</sup>.

## UPDATE

### 622 Provisions relating to the start of disciplinary proceedings

NOTE 1--SI 1992/664 reg 4(5) further amended in relation to England: SI 2008/1700.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(vi) Discipline Committees/623. Referral to investigating discipline committee.

### **623. Referral to investigating discipline committee.**

Where an appropriate health authority or primary care trust<sup>1</sup> decides to refer a matter for investigation<sup>2</sup>, it must refer the matter<sup>3</sup> to another health authority or primary care trust for investigation by that health authority's or primary care trust's appropriate discipline committee<sup>4</sup>. However, the appropriate health authority or primary care trust must not refer the matter to another health authority or primary care trust which has appointed any discipline committee jointly with the appropriate health authority or primary care trust<sup>5</sup>.

A matter which is required to be investigated by two discipline committees, may instead be referred for investigation by a joint discipline committee<sup>6</sup>. If, in the opinion of a discipline committee, a matter referred to it includes allegations which are required<sup>7</sup> to be investigated also by another discipline committee, it must refer the matter to the joint discipline committee instead of dealing with the matter itself<sup>8</sup>.

Where the disciplinary matter concerns an allegation which has been the subject of a complaint<sup>9</sup> the appropriate health authority or primary care trust must refer it within 28 days of the allegation having ceased to be the subject of a complaint which is being investigated<sup>10</sup>. Where the disciplinary matter does not concern an allegation which has been the subject of a complaint the appropriate health authority or primary care trust must refer it within<sup>11</sup> 13 weeks after the event or matter which is the subject of the allegation<sup>12</sup>. Where the disciplinary matter concerns an alleged overpayment made to a practitioner<sup>13</sup> the appropriate health authority or primary care trust may refer it at any time<sup>14</sup>.

A discipline committee must investigate any matter which is referred to it<sup>15</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(vi) Discipline Committees/628. Procedure at the hearing.

## **628. Procedure at the hearing.**

At the hearing before the discipline committee<sup>1</sup>, the member or officer of the appropriate health authority or primary care trust<sup>2</sup>, the practitioner<sup>3</sup>, and any person permitted to accompany a party<sup>4</sup>, may<sup>5</sup> address the committee<sup>6</sup>, and put questions to witnesses, either directly or, where the chairman<sup>7</sup> of the committee so directs, through him<sup>8</sup>.

Where any person to whom notice of the hearing has been given<sup>9</sup> fails to attend the hearing, either in person or by a representative, the discipline committee may, having regard to the circumstances of which it is aware, proceed with the hearing notwithstanding that person's absence<sup>10</sup>. However, if a party fails to appear at the hearing, and the discipline committee is satisfied that his absence is due to illness or other reasonable cause, or if for any other reason the committee thinks fit, it may, after considering the observations of any party who is present, adjourn the hearing<sup>11</sup>.

Prior to the commencement of a hearing, the chairman must ask the other members of the discipline committee<sup>12</sup> whether any of them is interested in a question referred to them, either directly or through association with a party, and if, in the opinion of the chairman, any member is so interested, that member must take no part in the hearing, but a deputy appointed in the like manner may act in his place<sup>13</sup>.

Where, in the course of a hearing, any issue arises in relation to an event or matter which, in the opinion of the chairman: (1) is pertinent to the disciplinary matter<sup>14</sup> but was not sufficiently disclosed to the practitioner prior to the hearing, the chairman may direct that the issue is to be excluded from the investigation<sup>15</sup>; (2) is not pertinent to the disciplinary matter the issue must be excluded from the investigation<sup>16</sup>. Where no direction is made under head (1) above in relation to an issue to which that provision applies, the hearing must be adjourned unless the practitioner and the chairman agree that the hearing may proceed<sup>17</sup>. Any issue to which head (1) or (2) above applies which concerns an allegation of a failure to comply with a term of service<sup>18</sup> other than the terms of service detailed in the appropriate health authority's or primary care trust's statement of case<sup>19</sup> must be excluded from the investigation to the extent that it concerns such an allegation<sup>20</sup>. No evidence relating to an alleged breach of the practitioner's terms of service which was not specified in the appropriate health authority's or primary care trust's statement of case<sup>21</sup> may be produced at the hearing<sup>22</sup>. No documentary evidence which was prepared for the purpose of a complaint<sup>23</sup> may be produced by the appropriate health authority or primary care trust unless it concerns evidence brought into issue by the practitioner<sup>24</sup>.

Subject to the above provisions and the other provisions of the National Health Service (Service Committees and Tribunal) Regulations 1992<sup>25</sup>, the procedure at the hearing is such as the investigating discipline committee may determine<sup>26</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(vi) Discipline Committees/631. Determination.

### **631. Determination.**

The appropriate health authority or primary care trust<sup>1</sup>, after due consideration of a report presented to it<sup>2</sup> by the discipline committee<sup>3</sup>, must: (1) accept as conclusive the findings of fact made by that committee<sup>4</sup>; (2) accept as conclusive the inferences from those findings of fact which that committee considered could properly be drawn from those findings as to whether the practitioner<sup>5</sup> has failed to comply with any of the terms of service<sup>6</sup> detailed in the appropriate health authority's or primary care trust's statement of case<sup>7</sup>; (3) determine, having regard to any recommendation made by the discipline committee either that no further action should be taken in relation to the report<sup>8</sup>, or that action should be taken in relation to the practitioner<sup>9</sup>. If the appropriate health authority or primary care trust decides either not to adopt the recommendation of the discipline committee, or to take any action not recommended by that committee, it must record in writing<sup>10</sup> its reasons for that decision<sup>11</sup>.

Where it has been determined that a practitioner to whom the report of the discipline committee relates has failed to comply with any of his terms of service the appropriate health authority or primary care trust may<sup>12</sup>: (a) determine that an amount be recovered from the practitioner, whether by way of deduction from his remuneration or otherwise<sup>13</sup>; (b) determine that the practitioner should be warned to comply more closely with his terms of service in future<sup>14</sup>.

The appropriate health authority or primary care trust must give notice in writing of its determination<sup>15</sup> to the practitioner, any person who is treated as a party<sup>16</sup>, the discipline committee, and the Secretary of State<sup>17</sup>. Where an appropriate health authority or primary care trust determines that action should be taken in accordance with head (a) or (b) above that action must be taken by the appropriate health authority or primary care trust except that where, at the time when such action falls to be taken, the practitioner's name is no longer included in that health authority's or primary care trust's list but is included in the list of some other health authority or primary care trust, that action must be taken by that other health authority or primary care trust<sup>18</sup>. Where the appropriate health authority or primary care trust makes a determination under head (a) or (b) above no action must be taken in consequence of that determination<sup>19</sup>: (i) if no appeal is brought, before the end of the period specified<sup>20</sup> for bringing an appeal<sup>21</sup>; or (ii) if an appeal is brought, before it has received notice that the appeal has been withdrawn<sup>22</sup>, or of the Secretary of State's determination of the appeal<sup>23</sup>.

### **632. Appeal to the Secretary of State.**

An appeal may be made to the Secretary of State<sup>1</sup> by a practitioner<sup>2</sup>: (1) against a finding of fact, or an inference drawn from a finding of fact<sup>3</sup> which (in either case) is adverse to him<sup>4</sup>; (2) against any determination<sup>5</sup> by a health authority<sup>6</sup> or primary care trust<sup>7</sup> to take action<sup>8</sup> against him<sup>9</sup>; (3) in respect of a determination by a health authority or primary care trust that an overpayment has or has not been made in respect of his remuneration<sup>10</sup>, by giving notice of appeal<sup>11</sup>.

On an appeal to which head (1) or (3) above applies, the Secretary of State must consider the appeal on the basis of such evidence as was available to the discipline committee<sup>12</sup> and of such further evidence as has been adduced on the appeal, and must<sup>13</sup>:

- 411 (a) make such findings of fact as he sees fit<sup>14</sup>; and
- 412 (b) draw such inferences from those findings as he sees fit<sup>15</sup>; and
- 413 (c) in the case of an appeal to which head (1) applies (i) determine whether or not the practitioner has failed to comply with any one or more of the terms of service<sup>16</sup> detailed in the appropriate health authority's or primary care trust's statement of case<sup>17</sup>; and (ii) determine<sup>18</sup> whether any, and if so what, action should be taken in relation to that practitioner<sup>19</sup>; or
- 414 (d) in the case of an appeal to which head (3) applies, determine whether there has been an overpayment and, if so, of what amount<sup>20</sup>.

On an appeal to which head (2) above alone applies, the Secretary of State must: (A) accept as conclusive those findings of fact made by the discipline committee which were necessary for the purpose of the health authority's or primary care trust's determination<sup>21</sup>, and the inferences specified<sup>22</sup> in the discipline committee's report<sup>23</sup>; (B) determine<sup>24</sup> whether any, and if so what, action should be taken in relation to the practitioner<sup>25</sup>.

The practitioner may withdraw his appeal, at any time before it is determined by giving written notice to the Secretary of State of his intention to do so<sup>26</sup>, and with the consent of the Secretary of State<sup>27</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(vi) Discipline Committees/633. Procedure on appeal.

### **633. Procedure on appeal.**

If the Secretary of State<sup>1</sup>, after considering a notice of appeal<sup>2</sup> and any further particulars furnished by the practitioner<sup>3</sup>, is of the opinion that the notice and particulars disclose no reasonable grounds of appeal or that the appeal is otherwise vexatious or frivolous, he may determine the appeal by dismissing it forthwith<sup>4</sup>. The Secretary of State must, unless he so dismisses the appeal, send a copy of the notice of appeal and of any further particulars furnished by the practitioner to the appropriate health authority or primary care trust<sup>5</sup>, and invite that authority or trust to submit its observations on the appeal within 28 days of being sent the copy of the notice of appeal<sup>6</sup>. Where such observations are made, the Secretary of State must send a copy of those observations to the practitioner and invite him to submit his comments on the observations within 21 days of his being sent that copy<sup>7</sup>.

The Secretary of State must hold an oral hearing to determine the appeal<sup>8</sup>. Where there is to be an oral hearing the Secretary of State must appoint three persons to hear the appeal<sup>9</sup>, of whom: (1) one must be a barrister or a solicitor and must act as chairman<sup>10</sup>; and (2) two must be<sup>11</sup> (a) where the practitioner is an ophthalmic medical practitioner, two ophthalmic medical practitioners<sup>12</sup>; (b) where the practitioner is an optician, two opticians<sup>13</sup>; (c) where the practitioner is a chemist<sup>14</sup>, two registered pharmacists<sup>15</sup>. The Secretary of State must appoint a day for the hearing and give the practitioner and the appropriate health authority or primary care trust not less than 21 days' notice in writing of the day, time and place of the hearing<sup>16</sup>.

No person may, without the consent of the practitioner, and the persons appointed to hear the appeal, be admitted to a hearing before those persons unless he is<sup>17</sup>: (i) the practitioner<sup>18</sup>; (ii) a representative of the appropriate health authority who is an officer or a member of it<sup>19</sup>; (iii) a person (who may be a barrister, a solicitor or any other person) engaged by a person or body mentioned in head (i) or (ii) above to represent them before the persons appointed to hear the appeal<sup>20</sup>; or (iv) a person whose attendance is required for the purpose of giving evidence to the persons so appointed<sup>21</sup>. The practitioner and the appropriate health authority or primary care trust may not rely on any facts or contentions which do not appear to the Secretary of State or the persons hearing the appeal to have been raised in the course of the proceedings before the discipline committee unless<sup>22</sup>, not less than seven days before the hearing, notice in writing was given to the Secretary of State of such facts or contentions<sup>23</sup>, and the Secretary of State or the persons hearing the appeal give their consent<sup>24</sup>.

The persons hearing the appeal must draw up a report and present it to the Secretary of State who must take it into consideration and determine the appeal<sup>25</sup>. The Secretary of State must give notice in writing to the practitioner and the health authority or primary care trust of his determination<sup>26</sup> and must include with the notice a statement of his reasons for the determination<sup>27</sup>.

#### **634. Recovery of amounts from practitioners following appeal.**

Where: (1) in the case of an appeal against an adverse finding of fact or inference drawn from a finding of fact<sup>1</sup>, the Secretary of State<sup>2</sup> determines that a practitioner<sup>3</sup> has failed to comply with one or more of his terms of service<sup>4</sup>; or (2) an appeal is made<sup>5</sup> against a determination by a health authority or primary care trust<sup>6</sup>, the Secretary of State must determine whether any, and if so what, amount is to be recovered from the practitioner, whether by way of deduction from his remuneration or otherwise<sup>7</sup>.

The Secretary of State must give notice in writing<sup>8</sup> of his determination to the practitioner and the appropriate health authority or primary care trust<sup>9</sup>, and must include with the notice a statement of the reasons for his determination<sup>10</sup>. Where the Secretary of State has determined that an amount be recovered from a practitioner, he must direct the appropriate health authority or primary care trust to recover that amount either by deduction from the practitioner's remuneration or otherwise and that health authority or primary care trust must<sup>11</sup> comply with that direction<sup>12</sup>. Any sum which falls to be recovered by a health authority or primary care trust is, to the extent that it is not recovered by deduction from the practitioner's remuneration, a debt owed by the practitioner to that health authority or primary care trust<sup>13</sup>.

Where the office of Commissioner becomes vacant, Her Majesty may, pending the appointment of the new Commissioner, appoint a person to act as the Commissioner at any time during the period of 12 months<sup>8</sup> beginning with the date on which the vacancy arose<sup>9</sup>. A person appointed as acting Commissioner, holds office during Her Majesty's pleasure and, subject to that, holds office<sup>10</sup> until the appointment of the new Commissioner or the expiry of the period of 12 months beginning with the date on which the vacancy arose, whichever occurs first<sup>11</sup>. A person appointed as an acting Commissioner is, while he holds office, to be treated for all purposes<sup>12</sup> as the Commissioner<sup>13</sup>.

A person who is a member of a relevant health service body<sup>14</sup> must not be appointed the Commissioner or acting Commissioner; and a person so appointed must not, during his appointment, become a member of such a body<sup>15</sup>. #### **645. Matters excluded from investigation.**

The Health Service Commissioner for England<sup>1</sup> must not conduct an investigation<sup>2</sup> in respect of action<sup>3</sup> in relation to which the person aggrieved<sup>4</sup> has or had: (1) a right of appeal, reference or review to or before a tribunal constituted by or under any enactment<sup>5</sup> or by virtue of Her Majesty's prerogative<sup>6</sup>; or (2) a remedy by way of proceedings in any court of law<sup>7</sup>, unless the Commissioner is satisfied that in the particular circumstances it is not reasonable to expect that person to resort or have resorted to it<sup>8</sup>. The Commissioner must not conduct an investigation in respect of action which has been, or is, the subject of an inquiry<sup>9</sup>.

Where: (a) action by reference to which a complaint is made<sup>10</sup> is action by reference to which a complaint can be made under certain statutory provisions<sup>11</sup> or under a procedure operated by a health service body<sup>12</sup>, a family health service provider<sup>13</sup> or an independent provider<sup>14</sup>; and (b) the above provisions<sup>15</sup> do not apply as regards the action<sup>16</sup>, the Commissioner must not conduct an investigation in respect of the action unless he is satisfied that<sup>17</sup> the other procedure has been invoked and exhausted<sup>18</sup>, or in the particular circumstances it is not reasonable to expect that procedure to be invoked or (as the case may be) exhausted<sup>19</sup>.

The Commissioner must not conduct an investigation in respect of action taken by a primary care trust<sup>20</sup> in the exercise of its functions<sup>21</sup>: (i) under the National Health Service (Service Committees and Tribunal) Regulations 1992<sup>22</sup>, or any instrument amending or replacing those regulations<sup>23</sup>; (ii) under regulations<sup>24</sup> relating to the provision of pharmaceutical services<sup>25</sup>.

The Commissioner must not conduct an investigation in respect of action taken in respect of appointments or removals, pay, discipline, superannuation or other personnel matters in relation to service under the National Health Service Act 2006 or the National Health Service (Wales) Act 2006<sup>26</sup>. The Commissioner must not conduct an investigation in respect of action taken in matters relating to contractual or other commercial transactions, except for<sup>27</sup>: (A) matters relating to NHS contracts<sup>28</sup>; (B) matters arising from arrangements between a health service body and an independent provider for the provision of services by the provider<sup>29</sup>; (C) matters arising from arrangements between a family health service provider and an independent provider for the provision of services by the independent provider<sup>30</sup>; and, as from a day to be appointed, (D) matters arising from settlement agreements entered into under a redress scheme<sup>31</sup>. The Commissioner must not conduct an investigation in pursuance of a complaint if<sup>32</sup>, the complaint is in respect of action taken in any matter relating to arrangements made by a health service body and a family health service provider for the provision of family health services<sup>33</sup>, the action is taken by or on behalf of the body or by the provider<sup>34</sup>, and the complaint is made by the provider or the body<sup>35</sup>. Nothing in the preceding provisions<sup>36</sup> prevents the Commissioner conducting an investigation in respect of action taken by a health service body in operating a procedure established to examine complaints<sup>37</sup>.

A health service body<sup>10</sup> may itself refer to the Commissioner a complaint made to that body that a person has, in consequence of a failure or maladministration for which the body is responsible, sustained injustice or hardship<sup>11</sup>. Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(vii) The Health Service Commissioner for England/647. Investigations.

#### **647. Investigations.**

Where the Health Service Commissioner for England<sup>1</sup> proposes to conduct an investigation pursuant to a complaint regarding a health service body<sup>2</sup>, he must afford to the health service body concerned<sup>3</sup>, and to any other person<sup>4</sup> who is alleged in the complaint to have taken or authorised the action<sup>5</sup> complained of<sup>6</sup>, an opportunity to comment on any allegations contained in the complaint<sup>7</sup>. Where the Commissioner proposes to conduct an investigation: (1) pursuant to a complaint regarding a family health service provider<sup>8</sup>, he must afford a similar opportunity<sup>9</sup> to the family health service provider<sup>10</sup>, and to any person by reference to whose action the complaint is made (if different from the family health service provider)<sup>11</sup>; (2) pursuant to a complaint regarding an independent provider<sup>12</sup>, he must afford such an opportunity<sup>13</sup> to the independent provider concerned<sup>14</sup>, and to any other person who is alleged in the complaint to have taken or authorised the action complained of<sup>15</sup>; or (3) pursuant to a complaint regarding a person or body in respect of the exercise of any function relating to the handling and consideration of complaints<sup>16</sup> or, as from a day to be appointed, a redress scheme<sup>17</sup>, he must afford such an opportunity to the person or body whose maladministration is complained of<sup>18</sup>.

An investigation must be conducted in private<sup>19</sup>. In other respects, the procedure for conducting an investigation is such as the Commissioner considers appropriate in the circumstances of the case<sup>20</sup>; and in particular he may obtain information from such persons and in such manner, and make such inquiries, as he thinks fit<sup>21</sup>, and he may determine whether any person may be represented, by counsel or solicitor or otherwise, in the investigation<sup>22</sup>. The Commissioner may, if he thinks fit, pay to the person by whom the complaint was made and to any other person who attends or supplies information for the purposes of an investigation<sup>23</sup> sums in respect of expenses properly incurred by them<sup>24</sup>, and allowances by way of compensation for the loss of their time<sup>25</sup>.

The conduct of an investigation pursuant to a complaint regarding a health service body, family health service provider or independent provider, does not affect any action taken by the body or provider concerned, or any power or duty of that body or provider to take further action with respect to any matters subject to the investigation<sup>26</sup>.

Where the person aggrieved<sup>27</sup> has been removed from the United Kingdom<sup>28</sup> under any order in force under the Immigration Act 1971<sup>29</sup> he must, if the Commissioner so directs, be permitted to re-enter and remain in the United Kingdom, subject to such conditions as the Secretary of State<sup>30</sup> may direct, for the purposes of the investigation<sup>31</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(10) HEALTH CARE QUALITY AND STANDARDS/(vii) The Health Service Commissioner for England/648. Evidence.

#### **648. Evidence.**

For the purposes of an investigation<sup>1</sup> pursuant to a complaint regarding a health service body<sup>2</sup>, the Health Service Commissioner for England<sup>3</sup> may require any officer<sup>4</sup> or member of the health service body concerned or any other person<sup>5</sup> who in his opinion is able to supply information or produce documents relevant to the investigation to supply any such information or produce any such document<sup>6</sup>. For the purposes of an investigation pursuant to other complaints<sup>7</sup>, the Commissioner may require any person who in his opinion is able to supply information or produce documents relevant to the investigation to supply any such information or produce any such document<sup>8</sup>.

For the purposes of an investigation the Commissioner has the same powers as the court<sup>9</sup> in respect of<sup>10</sup> the attendance and examination of witnesses (including the administration of oaths and affirmations<sup>11</sup> and the examination of witnesses abroad)<sup>12</sup>, and the production of documents<sup>13</sup>. No obligation to maintain secrecy or other restriction on the disclosure of information obtained by or supplied to persons in Her Majesty's service, whether imposed by any enactment<sup>14</sup> or by any rule of law, applies to the disclosure of information for the purposes of an investigation<sup>15</sup>. The Crown<sup>16</sup> is not entitled in relation to an investigation to any such privilege in respect of the production of documents or the giving of evidence as is allowed by law in legal proceedings<sup>17</sup>. Subject to these provisions<sup>18</sup>, no person may be compelled for the purposes of an investigation to give any evidence or produce any document which he could not be compelled to give or produce in civil proceedings before the court<sup>19</sup>.

No person is required or authorised to supply any information or answer any question relating to proceedings of the Cabinet or of any Committee of the Cabinet<sup>20</sup>, or to produce so much of any document as relates to such proceedings<sup>21</sup>; and for these purposes a certificate issued by the Secretary of the Cabinet<sup>22</sup> with the approval of the Prime Minister<sup>23</sup> and certifying that any information, question, document or part of a document relates to such proceedings is conclusive<sup>24</sup>.

#### **654. Consultation and collaboration during investigations.**

Where the Health Service Commissioner for England<sup>1</sup>, at any stage in the course of conducting an investigation<sup>2</sup>, forms the opinion that the complaint relates partly or wholly to a matter which could be the subject of an investigation by the Parliamentary Commissioner for Administration<sup>3</sup>, the Public Services Ombudsman for Wales<sup>4</sup>, a Local Commissioner<sup>5</sup>, or the Scottish Public Services Ombudsman<sup>6</sup>, he must consult about the complaint with the appropriate commissioner or ombudsman and, if he considers it necessary, he must inform the person<sup>7</sup> initiating the complaint of the steps necessary to initiate a complaint to that commissioner or ombudsman<sup>8</sup>. Where the Commissioner so consults with another commissioner or ombudsman, the consultations may extend to any matter relating to the complaint, including<sup>9</sup> the conduct of any investigation into the complaint<sup>10</sup>, and the form, content and publication of any report of the results of such an investigation<sup>11</sup>. The provisions as to the confidentiality of information<sup>12</sup> do not apply in relation to the disclosure of information in the course of such consultations<sup>13</sup>.

If at any stage in the course of conducting an investigation the Commissioner forms the opinion that the complaint relates partly to a matter within the jurisdiction of the Parliamentary Commissioner for Administration<sup>14</sup>, a Local Commissioner<sup>15</sup>, or both<sup>16</sup>, he may, after obtaining the consent of the person aggrieved<sup>17</sup> or any person acting<sup>18</sup> on his behalf<sup>19</sup>, conduct an investigation jointly with that commissioner or those commissioners<sup>20</sup>. If the Commissioner conducts an investigation jointly with another person, the requirements relating to reports<sup>25</sup> may be satisfied by a report made jointly with that person<sup>26</sup>. Apart from identifying any body or provider investigated, a joint report prepared by the Commissioner and a Local Commissioner must not mention the name of any person<sup>27</sup>, or contain any particulars which, in the opinion of the Commissioner and the Local Commissioner, are likely to identify any person and can be omitted without impairing the effectiveness of the report<sup>28</sup>, unless, after taking into account the public interest as well as the interests of the complainant (if any) and of other persons, the Commissioner and the Local Commissioner consider it necessary to mention the name of that person or to include in the report any such particulars<sup>29</sup>.

## **(viii) The Public Services Ombudsman for Wales**

### **655. Health service complaints.**

The Public Services Ombudsman for Wales<sup>1</sup> has powers to investigate complaints made or referred to him concerning alleged maladministration or failures in service provision by health service bodies in Wales<sup>2</sup>. The bodies concerned are the board of community health councils in Wales<sup>3</sup>, a local health board, an NHS trust managing a hospital or other establishment or facility in Wales, a special health authority not discharging functions only or mainly in England<sup>4</sup>, the Wales Centre for Health<sup>5</sup>, a community health council, an independent provider in Wales<sup>6</sup>, a family health service provider in Wales, and a person with functions<sup>7</sup> relating to the handling and consideration of health care complaints<sup>8</sup>. The Ombudsman may issue guidance about good administrative practice, and if he does so bodies must have regard to the guidance in discharging their functions<sup>9</sup>.

For the purposes of this definition, arrangements with the Welsh Ministers are arrangements with a Welsh health service body only to the extent that they are made in the discharge of a function of the Welsh Ministers relating to the national health service: s 41(2) (amended by the Government of Wales Act 2006 s 160(1), Sch 10 paras 67, 82(1), (3)). 'Welsh health service body' means the Welsh Ministers, a local health board, an NHS trust managing a hospital or other establishment or facility in Wales, a special health authority not discharging functions only or mainly in England: Public Services Ombudsman (Wales) Act 2005 s 41(1) (definition amended by the Government of Wales Act 2006 Sch 10 paras 67, 82(1), (2)(d)). 'Family health service provider in Wales' means: (1) a person who, at the time of action which is the subject of a complaint, provided services under a contract entered into by that person with a local health board under the National Health Service (Wales) Act 2006 s 42 (see PARA 242) or s 57 (see PARA 278); (2) a person who, at that time, had undertaken to provide in Wales general ophthalmic services or pharmaceutical services under that Act; (3) an individual who, at that time, provided in Wales primary medical services or primary dental services in accordance with arrangements made under s 50 (see PARA 267) or s 64 (see PARA 288) (except as an employee of, or otherwise on behalf of, a Welsh health service body or an independent provider in Wales): Public Services Ombudsman (Wales) Act 2005 s 41(1) (definition amended by

the National Health Service (Consequential Provisions) Act 2006 s 2, Sch 1 paras 279, 280(a); SI 2006/363). As to the meaning of 'person' see PARA 17 note 2. As to the meaning of 'Welsh Ministers' see PARA 6 note 6.

## **(11) LIABILITY AND REDRESS SCHEMES**

### **(i) Schemes for Meeting Losses and Liabilities of Health Service Bodies**

#### **A. IN GENERAL**

##### **656. Power to establish schemes.**

The Secretary of State<sup>1</sup> may by regulations<sup>2</sup> made with the consent of the Treasury<sup>3</sup> establish a scheme whereby any of the following bodies may make provision to meet: (1) expenses arising from any loss of or damage to their property<sup>4</sup>; and (2) liabilities to third parties for loss, damage or injury arising out of the carrying out of the functions<sup>5</sup> of the bodies concerned<sup>6</sup>. The bodies are strategic health authorities<sup>7</sup>, primary care trusts<sup>8</sup>, NHS trusts<sup>9</sup>, special health authorities<sup>10</sup>, NHS foundation trusts<sup>11</sup>, the Commission for Healthcare Audit and Inspection<sup>12</sup>, and the Health Protection Agency<sup>13</sup>; but a scheme may limit the class or description of bodies which are eligible to participate in it<sup>14</sup>.

A scheme may, in particular: (a) provide for the scheme to be administered by the Secretary of State or by a strategic health authority, primary care trust, NHS trust, special health authority or NHS foundation trust specified in the scheme<sup>15</sup>; (b) require any body which participates in the scheme to make payments in accordance with the scheme<sup>16</sup>; and (c) provide for the making of payments for the purposes of the scheme by the Secretary of State<sup>17</sup>. If the Secretary of State so directs<sup>18</sup>, a body which is eligible to participate in a scheme must do so<sup>19</sup>; but the Secretary of State may not make such a direction in relation to an NHS foundation trust<sup>20</sup>. Where a scheme provides for the scheme to be administered by the Secretary of State, a strategic health authority, primary care trust, NHS trust, special health authority or NHS foundation trust must carry out such functions in connection with the administration of the scheme by the Secretary of State as he may direct<sup>21</sup>. A person<sup>22</sup> or body administering a scheme does not require permission under any provision of the Financial Services and Markets Act 2000<sup>23</sup> as respects activities carried out under the scheme<sup>24</sup>.

### **658. Eligible bodies.**

A body is eligible<sup>1</sup> to participate in the Clinical Negligence Scheme for Trusts<sup>2</sup> if it is an NHS trust<sup>3</sup>, an NHS foundation trust<sup>4</sup>, a strategic health authority<sup>5</sup>, a special health authority<sup>6</sup>, a primary care trust<sup>7</sup>, or the Health Protection Agency<sup>8</sup>.

1 'Eligible body' means a body of a kind described in the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 3 or a body which before 1 October 2002 was a health authority whose area was situated in England: reg 1(2) (definition amended by SI 2002/2469). As to the meaning of 'England' see PARA 6 note 2.

2 As to the Clinical Negligence Scheme for Trusts see PARA 657.

3 National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 3(1)(a). As to NHS trusts see PARA 155.

### **659. Liabilities to which the scheme applies.**

The Clinical Negligence Scheme for Trusts<sup>1</sup> applies to any liability<sup>2</sup> in tort owed by a member<sup>3</sup> to a third party in respect of or consequent upon personal injury or loss arising out of or in connection with any breach of a duty of care owed by that body to any person<sup>4</sup> in connection with the diagnosis of any illness<sup>5</sup>, or the care or treatment of any patient<sup>6</sup>, in consequence of any act or omission to act on the part of a person employed or engaged by a member<sup>7</sup> in connection with any relevant function<sup>8</sup> of that member<sup>9</sup>. The scheme also applies to any liability in tort under the law of England and Wales owed to a third party by a specified person<sup>10</sup> in respect of, or consequent upon, personal injury or loss<sup>11</sup> arising out of, or in connection with, any breach of a duty of care owed by the specified person to any person<sup>12</sup> in connection with the diagnosis of any illness<sup>13</sup>, or the care or treatment of any patient<sup>14</sup>.

1 As to the Clinical Negligence Scheme for Trusts see PARA 657.

2 A liability of a kind described in the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 4 is known as a 'qualifying liability': see reg 1(2).

3 'Member' means an eligible body which is a member of the scheme: National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 1(2). As to the meaning of 'eligible body' see PARA 658 note 1.

4 As to the meaning of 'person' see PARA 17 note 2.

5 As to the meaning of 'illness' see PARA 10 note 5.

6 As to the meaning of 'patient' see PARA 15 note 6.

7 The reference to 'any act or omission to act on the part of a person engaged by a member' includes any act or omission to act on the part of an employee or agent of the person so engaged: National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 4(2) (added by SI 2002/1073).

8 'Relevant function' means the function of providing services in England or securing the provision of services for the purposes of the National Health Service Act 2006 or by virtue of the Health and Medicines Act 1988 s 7 (see PARA 503); see the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 1(2) (definition substituted by SI 1997/527; and amended by SI 2002/1073, SI 2005/604); National Health Service (Consequential Provisions) Act 2006 Sch 2 Pt 1 para 1(4). As to the meaning of 'England' see PARA 6 note 2.

9 National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 4(1) (numbered as such by SI 2002/1073). As to the liability in tort of medical practitioners and health service bodies see **MEDICAL PROFESSIONS** vol 30(1) (Reissue) PARAS 196-205.

10 A specified person is a person engaged by a primary care trust to provide services under the National Health Service Act 2006 which, immediately before that engagement, the primary care trust was providing itself, and which has satisfied the Secretary of State that, were it a body falling within the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 3 (see PARA 658), it would meet the requirements to be admitted as a member of the Scheme: reg 4(6), (9) (reg 4(3)-(9) added by SI 2006/2390; and substituted by SI 2006/3087); National Health Service (Consequential Provisions) Act 2006 Sch 2 Pt 1 para 1(4). However, this does not apply in the case of primary medical or dental services which, immediately before the engagement referred to, the primary care trust was providing under the National Health Service Act 2006 s 83(2)(a) (see PARA 241), s 92 (see PARA 267), s 99(2) (see PARA 277) or s 107 (see PARA 288): National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 4(7), (9) (as so added and substituted); National Health Service (Consequential Provisions) Act 2006 Sch 2 Pt 1 para 1(4). As to primary care trusts see PARA 111. As to the Secretary of State see PARA 6 note 8.

11 See the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 4(3) (as added and substituted: see note 10). For the purposes of the scheme and the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, the liabilities of a primary care trust must be taken to include the liabilities referred to in reg 4(3) of a specified person (as referred to in reg 4(6): see note 10) whom that primary care trust has engaged to provide services, and references in the regulations to the liabilities of a member or eligible body must be construed accordingly: see reg 4(8) (as so added and substituted).

12 In consequence of any act or omission to act in connection with the provision of services under the National Health Service Act 2006 on the part of the specified person or a person employed or engaged by him: see the National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 4(4), (5), (9) (all as added and substituted: see note 10).

## **660. Membership of the scheme.**

An eligible body<sup>1</sup> which wishes to participate in the Clinical Negligence Scheme for Trusts<sup>2</sup> during any period beginning after 31 March 1997<sup>3</sup> must apply to the Secretary of State to be admitted as a member<sup>4</sup>. An application must be made in writing in such form as the Secretary of State may require<sup>5</sup>, and specify the date that the eligible body wishes its membership to begin<sup>6</sup>. An applicant<sup>7</sup> must provide such information as the Secretary of State may in writing request it to provide, as respects: (1) the nature of its relevant functions<sup>8</sup>; (2) the number of employees of the applicant who are engaged in its performance of any relevant function, or such part of any relevant function as the Secretary of State may specify, and the qualifications and experience of those employees<sup>9</sup>; (3) the nature and extent of any claims made against the applicant in respect of personal injuries sustained by third parties as a result of the carrying out by the applicant of any relevant function<sup>10</sup>; and (4) such other information as he may request in connection with the application<sup>11</sup>.

The Secretary of State must, having regard to the information provided by the applicant, and to such other factors as he considers to be material to the application, determine whether or not the applicant should be admitted as a member, and must notify the applicant of his decision in writing<sup>12</sup>. Where the application of an eligible body has been successful, that body must be admitted as a member with effect from such date as may be determined by the Secretary of State<sup>13</sup>.

### **661. Termination of membership.**

A member<sup>1</sup> may terminate its participation in the Clinical Negligence Scheme for Trusts<sup>2</sup> on 31 March in any year by giving not less than 12 months<sup>3</sup> notice in writing<sup>4</sup> to that effect to the Secretary of State<sup>5</sup>. However, a member's participation in the scheme may not be so terminated before the expiry of three consecutive membership years<sup>6</sup> beginning on the date on which<sup>7</sup> its membership takes effect<sup>8</sup>.

Where:

- 419 (1) any payment which a member is<sup>9</sup> liable to make to the Secretary of State has remained unpaid for a period of not less than 28 days beginning on the date on which the payment should have been made<sup>10</sup>;
- 420 (2) a member has failed to provide, within 28 days, or such further period as the Secretary of State may in writing allow, of being requested to do so, any information which it is required<sup>11</sup> to provide<sup>12</sup>; or
- 421 (3) the continued membership of any member would, in the opinion of the Secretary of State, be detrimental to the efficient administration of the scheme or to the interests of other members<sup>13</sup>,

the Secretary of State may give notice in writing to that member that its participation in the scheme is to cease on a date falling not less than 28 days after that on which the notice is given, and that member's participation in the scheme is, unless the Secretary of State in writing withdraws the notice before that date, terminated on that date<sup>14</sup>.

## **662. Contributions to scheme.**

A member<sup>1</sup> of the Clinical Negligence Scheme for Trusts<sup>2</sup> must pay to the Secretary of State<sup>3</sup> in respect of each membership year<sup>4</sup> such amount as is determined in relation to that member, and notified to it<sup>5</sup>. When determining in relation to any member the amount of the payment to be made, the Secretary of State must have regard to: (1) his estimate of the total amount which will<sup>6</sup> fall to be paid during that membership year in respect of all qualifying liabilities<sup>7</sup> under the scheme<sup>8</sup>; (2) the nature of the member's relevant functions<sup>9</sup>; (3) the number of employees of the member who are engaged in its performance of a relevant function, or any part of such a function, and the qualifications and experience of those employees<sup>10</sup>; (4) any agreement between the Secretary of State and the member that the provisions relating to liabilities incurred before membership<sup>11</sup> or falling to be met after termination of membership<sup>12</sup> are not to apply in relation to certain liabilities incurred by the member<sup>13</sup>; and (5) his assessment of (a) the likely effectiveness of any steps being taken, or to be taken, by the member, as respects the manner in which it exercises any relevant function, with a view to reducing the incidence of qualifying liabilities in connection with that function<sup>14</sup>; and (b) the effectiveness of any such steps which may previously have been taken<sup>15</sup>. He may also have regard to any other factor concerning that or any other member of the scheme which he considers to be material to his determination<sup>16</sup>.

Where, after notice has been given to a member in relation to any membership year, it appears to the Secretary of State that: (i) the amount specified in the notice was incorrectly calculated<sup>17</sup> or determined by reference to information which was incorrect<sup>18</sup>; or (ii) in the light of further information which has become available to him, the determination of that amount ought to be reconsidered<sup>19</sup>, he must reconsider the determination and may, at any time before the end of the membership year to which it relates, revise the amount of the payment to be made<sup>20</sup>.

Any amount which falls to be paid by a member<sup>21</sup> must be paid by the member to the Secretary of State: (A) in relation to its first membership year, by no later than eight months from the date of receipt by the Secretary of State<sup>22</sup> of its application<sup>23</sup>; (B) in relation to its second membership year, by not later than 1 August in that year<sup>24</sup>; and (C) in relation to any subsequent membership year, by no later than 30 November in the preceding year<sup>25</sup>.

make: (1) as respects its first membership year, by no later than six months from the date of receipt by the Secretary of State of its application in accordance with reg 6(3) (see PARA 660) (reg 8(3)(c)(i) (reg 8(3)(c) substituted, (d) added, by SI 2000/2341)); (2) as respects its second membership year, by no later than 1 July in that year (National Health Service (Clinical Negligence Scheme) Regulations 1996, SI 1996/251, reg 8(3)(c)(ii) (as so substituted)); and (3) as respects any subsequent membership year, by no later than 31 October in the preceding year (reg 8(3)(d) (as so added)). As to the meaning of 'writing' see PARA 7 note 2. As to the meaning of 'month' see PARA 28 note 16. ### **663. Payments under the scheme.**

Where, in any membership year<sup>1</sup>, a payment falls to be made by any member<sup>2</sup> of the Clinical Negligence Scheme for Trusts in connection with a claim in respect of a qualifying liability<sup>3</sup>, the Secretary of State<sup>4</sup> may pay to or on behalf of that member an amount to be determined<sup>5</sup> by him<sup>6</sup>.

No such payment may be made in respect of any liability which falls to be met after a member has given notice<sup>7</sup> to terminate its participation in the scheme, unless the Secretary of State is satisfied that the liability would have fallen to be met at that time irrespective of the member's decision to give such notice<sup>8</sup>.

No such payment may be made in respect of any liability incurred by an eligible body before it became a member, unless<sup>9</sup>: (1) the claim by a third party against the member in respect of that liability was made after it became a member<sup>10</sup>; (2) the Secretary of State is satisfied that the member informed him, by no later than the qualifying date<sup>11</sup>, that the claim had been made<sup>12</sup>; (3) the Secretary of State agreed, no later than the date on which the member became a member, that this provision does not apply so as to preclude a payment in respect of any claim in relation to which heads (1) and (2) above are satisfied<sup>13</sup>; and (4) that agreement remains in force at the date on which the claim falls to be met by the member<sup>14</sup>.

No such payment may be made in respect of any liability which falls to be met after the date of the termination of the member's participation in the scheme, unless: (a) the claim by a third party against the member in respect of that liability was made prior to that date<sup>15</sup>; (b) the Secretary of State is satisfied that the member informed him, by no later than the qualifying date, that the claim had been made<sup>16</sup>; (c) prior to the date of termination of the member's participation in the scheme, the Secretary of State agreed that this provision does not apply so as to preclude a payment in respect of any claim in relation to which heads (a) and (b) above are satisfied<sup>17</sup>; and (d) that agreement remained in force at the date of termination<sup>18</sup>.

No such payment may be made except to such extent as the Secretary of State may determine, in respect of:

- 422 (i) any liability admitted by a member without the prior consent in writing<sup>19</sup> of the Secretary of State<sup>20</sup>;
- 423 (ii) any liability determined by a court in proceedings conducted by the member otherwise than in consultation with the Secretary of State<sup>21</sup>;
- 424 (iii) any payment which falls to be made by a member in consequence of that member having agreed, without the prior consent in writing of the Secretary of State, to be bound by the determination of any person<sup>22</sup> or body as to the making of a payment by that member in respect of a qualifying liability<sup>23</sup>;
- 425 (iv) any payment which falls to be made by a member where the member has not complied with any condition imposed by the Secretary of State relating to the claim<sup>24</sup>;
- 426 (v) any payment into court which the member has made without the prior consent in writing of the Secretary of State<sup>25</sup>;
- 427 (vi) any payment, other than one to which head (iii) above applies, which the member has agreed to make otherwise than in the course of legal proceedings, or

in consequence of its having compromised legal proceedings, without the prior consent in writing of the Secretary of State<sup>26</sup>; or

### **677. Liabilities to which the scheme applies.**

The Liabilities to Third Parties Scheme<sup>1</sup> applies to any liability to any third party to which a member<sup>2</sup> is subject in respect of loss, damage or injury which arises out of the carrying out of any relevant function<sup>3</sup> of that member<sup>4</sup>, is a qualifying liability<sup>5</sup>, and is not a qualifying liability for the purposes of the Clinical Negligence Scheme<sup>6</sup>, the Existing Liabilities Scheme<sup>7</sup> or the Property Expenses Scheme<sup>8</sup>.

In respect of a member, a liability is a 'qualifying liability' if it falls within one or more of the following categories<sup>9</sup>:

- 452 (3) a contractual liability in respect of personal injury to any person or damage to any property<sup>15</sup> of any third party<sup>16</sup>;
- 453 (4) a liability arising out of the act or omission to act on the part of a relevant person which is dishonest, fraudulent, criminal or malicious<sup>17</sup>;
- 454 (5) a liability arising out of the making or publishing of any defamatory statement (whether in written or oral form) by the member or a relevant person<sup>18</sup>;
- 455 (6) a contractual liability to make payment to any relevant person in connection with any personal injury sustained by the relevant person directly as a result of assault<sup>19</sup>;
- 456 (7) any legally enforceable liability in respect of or consequent upon personal injury or loss arising out of or in connection with any tortious or other wrongful act committed by any relevant person<sup>20</sup>;
- 457 (8) a liability arising out of any indemnity properly given by any member to any board member<sup>21</sup>;
- 458 (9) any liability in respect of any consequential or ancillary expense which arises in connection with any liability referred to in any of the above categories<sup>22</sup>.

The Secretary of State<sup>23</sup> and a member may agree: (a) a minimum level of liability which must arise before a payment or other provision in respect of such a liability may be made under the scheme<sup>24</sup>; and (b) an amount which is to be the maximum amount of any payment or other provision in respect of such a liability which may be made under the scheme<sup>25</sup>.

#### **680. Members' contributions to the scheme.**

A member<sup>1</sup> of the Liabilities to Third Parties Scheme<sup>2</sup> must pay to the Secretary of State<sup>3</sup> in respect of each membership year<sup>4</sup> such amount as is determined in relation to that member, and notified to it, in accordance with the following provisions<sup>5</sup>. When determining in relation to any member the amount of the payment to be so made, the Secretary of State must have regard to: (1) his estimate of the total amount which will<sup>6</sup> fall to be paid during that membership year in respect of all qualifying liabilities<sup>7</sup> under the scheme<sup>8</sup>; (2) the nature of the member's relevant functions<sup>9</sup>; (3) the number of employees of the member who are engaged in its performance of a relevant function, or any part of such a function, and the qualifications and experience of those employees<sup>10</sup>; (4) any agreement between the Secretary of State and the member that the provisions relating to liabilities incurred before membership<sup>11</sup> or falling to be met after termination of membership<sup>12</sup> are not to apply in relation to certain liabilities incurred by the member<sup>13</sup>; and (5) his assessment of (a) the likely effectiveness of any steps being taken, or to be taken, by the member, as respects the manner in which it exercises any relevant function, with a view to reducing the incidence of qualifying liabilities in connection with that function<sup>14</sup>; and (b) the effectiveness of any such steps which may previously have been taken<sup>15</sup>. The Secretary of State may also have regard to any other factor concerning that or any other member or the scheme which he considers to be material to his determination<sup>16</sup>.

Where, after notice has been given to a member in relation to any membership year, it appears to the Secretary of State that: (i) the amount specified in the notice was incorrectly calculated<sup>17</sup>, or determined by reference to information which was incorrect<sup>18</sup>; or (ii) in the light of further information which has become available to him, the determination of that amount ought to be reconsidered<sup>19</sup>, he must reconsider the determination and may, at any time before the end of the membership year to which it relates, revise the amount of the payment to be made<sup>20</sup>.

Any amount which falls to be paid by a member<sup>21</sup> must be paid by the member to the Secretary of State: (A) in relation to its first membership year, by no later than eight months from the date of receipt by the Secretary of State<sup>22</sup> of its application<sup>23</sup>; (B) in relation to its second membership year, by no later than 1 August in that year<sup>24</sup>; and (c) in relation to any subsequent membership year, by no later than 30 November in the preceding year<sup>25</sup>.

### **681. Payments under the scheme.**

Where, in any membership year<sup>1</sup>, a payment falls to be made by any member<sup>2</sup> of the Liabilities to Third Parties Scheme in connection with a claim in respect of a qualifying liability<sup>3</sup>, the Secretary of State<sup>4</sup> may pay to or on behalf of that member an amount determined<sup>5</sup> by him<sup>6</sup>.

No payment may be made in respect of any liability which falls to be met after a member has given notice<sup>7</sup> to terminate its participation in the scheme, unless the Secretary of State is satisfied that the liability would have fallen to be met at that time irrespective of the member's decision to give such notice<sup>8</sup>.

No payment may be made in respect of any liability incurred by an eligible body before it became a member, unless<sup>9</sup>: (1) the claim by a third party against the member in respect of that liability was made after it became a member<sup>10</sup>; (2) the Secretary of State is satisfied that the member informed him, by no later than the qualifying date<sup>11</sup>, that the claim had been made<sup>12</sup>; (3) the Secretary of State agreed, no later than the date on which the member became a member, that this provision does not apply so as to preclude a payment in respect of any claim in relation to which heads (1) and (2) above are satisfied<sup>13</sup>; and (4) that agreement remains in force at the date on which the claim falls to be met by that member<sup>14</sup>.

No payment may be made in respect of any liability which falls to be met after the date of the termination of the member's participation in the scheme, unless: (a) the claim by a third party against the member in respect of that liability was made prior to that date<sup>15</sup>; (b) the Secretary of State is satisfied that the member informed him, by no later than the qualifying date, that the claim had been made<sup>16</sup>; (c) prior to the date of termination of the member's participation in the scheme, the Secretary of State agreed that this provision does not apply so as to preclude a payment in respect of any claim in relation to which heads (a) and (b) above are satisfied<sup>17</sup>; and (d) that agreement remained in force at the date of termination<sup>18</sup>.

No payment may be made except to such extent as the Secretary of State may determine, in respect of:

- 462 (i) any payment made by or liability admitted by any member without the Secretary of State's consent<sup>19</sup>;
- 463 (ii) any liability of an amount which is less than that for the time being agreed between the Secretary of State and the member as the minimum amount in respect of which payment is to be made under the scheme<sup>20</sup>;
- 464 (iii) any liability of an amount in excess of such amount for the time being agreed by the Secretary of State and the member as the maximum amount in respect of which a payment in respect of such liability may be made under the scheme, to the extent of that excess<sup>21</sup>; and
- 465 (iv) any liability where the member has not complied with any condition imposed by the Secretary of State relating to that liability<sup>22</sup>.

No payment may be made in respect of any liability which is of a nature in respect of which the Secretary of State has in respect of all members and in respect of the relevant membership year determined that the same is not eligible for payment under the scheme<sup>23</sup>.

- 2 In the National Health Service (Liabilities to Third Parties Scheme) Regulations 1999, SI 1999/873, reg 9 'member' includes an eligible body whose participation in the Liabilities to Third Parties Scheme has been terminated and in respect of whom the conditions specified in reg 9(2)(c)(iii) and (iv) (see the text to notes 17-18) are satisfied: reg 9(6)(b). ### **688. Expenses to which the scheme applies.**

The Property Expenses Scheme<sup>1</sup> applies to any expense which is incurred by a member<sup>2</sup>: (1) arising from any loss or damage to its property<sup>3</sup>; and (2) which is not an expense arising from a liability which is a qualifying liability for the purposes of the Clinical Negligence Scheme<sup>4</sup>, the Existing Liabilities Scheme<sup>5</sup> or the Liabilities to Third Parties Scheme<sup>6</sup>. Without prejudice to the generality of the above, the expenses to which the scheme applies include expenses arising from:

- 473 (a) loss of or damage to property of the member or for which the member was responsible in the course of a relevant function<sup>7</sup>;
- 474 (b) loss of use of equipment or other property necessitating immediate repair or replacement of the same before the member can resume normal working<sup>8</sup>;
- 475 (c) loss or damage to property arising from a deliberate act of fraud or dishonesty<sup>9</sup>; and
- 476 (d) any consequential or ancillary expense which arises in connection with any expense referred to in any of the above categories or in heads (1) and (2) above<sup>10</sup>.

Any such expense<sup>11</sup> is known as a 'qualifying expense'<sup>12</sup>.

The Secretary of State<sup>13</sup> and a member may agree: (i) a minimum level of expense which must arise before a payment or other provision in respect of such an expense may be made under the scheme<sup>14</sup>; and (ii) an amount which is to be the maximum amount of any payment or other provision in respect of such an expense which may be made under the scheme<sup>15</sup>.

## **690. Termination of membership.**

A member<sup>1</sup> may terminate its participation in the Property Expenses Scheme<sup>2</sup> on 31 March in any year by giving not less than 12 months<sup>3</sup> notice in writing<sup>4</sup> to that effect to the Secretary of State<sup>5</sup>. However, a member's participation in the scheme may not be terminated by such notice before the expiry of three consecutive membership years<sup>6</sup> beginning on the date on which<sup>7</sup> its membership takes effect<sup>8</sup>.

Where:

- 477 (1) any payment which a member is<sup>9</sup> liable to make to the Secretary of State has remained unpaid for a period of not less than 28 days beginning on the date on which the payment should have been made<sup>10</sup>;
- 478 (2) a member has failed to provide, within 28 days, or such further period as the Secretary of State may in writing allow, of being requested to do so, any information which it is required<sup>11</sup> to provide<sup>12</sup>; or
- 479 (3) the continued membership of any member would, in the opinion of the Secretary of State, be detrimental to the efficient administration of the scheme or to the interest of other members<sup>13</sup>,

the Secretary of State may give notice in writing to that member that its participation in the scheme is to cease on a date falling not less than 28 days after that on which the notice is given, and that member's participation in the scheme is, unless the Secretary of State in writing withdraws the notice before that date, terminated on that date<sup>14</sup>.

### **691. Members' contributions to the scheme.**

A member<sup>1</sup> of the Property Expenses Scheme<sup>2</sup> must pay to the Secretary of State<sup>3</sup> in respect of each membership year<sup>4</sup> such amount as is determined in relation to that member, and notified to it<sup>5</sup>. When determining in relation to any member the amount of the payment to be made, the Secretary of State must have regard to: (1) his estimate of the total amount which will<sup>6</sup> fall to be paid during that membership year in respect of all qualifying expenses<sup>7</sup> under the scheme<sup>8</sup>; (2) the nature of the member's relevant functions<sup>9</sup>; (3) the number of employees of the member who are engaged in its performance of a relevant function, or any part of such a function, and the qualifications and experience of those employees<sup>10</sup>; (4) any agreement between the Secretary of State and the member that the provisions relating to expenses incurred before membership<sup>11</sup> or falling to be met after termination of membership<sup>12</sup> are not to apply in relation to certain expenses incurred by the member<sup>13</sup>; and (5) his assessment of (a) the likely effectiveness of any steps being taken, or to be taken, by the member, as respects the manner in which it exercises any relevant function, with a view to reducing the incidence of qualifying expenses in connection with that function<sup>14</sup>; and (b) the effectiveness of any such steps which may previously have been taken<sup>15</sup>. The Secretary of State may also have regard to any other factor concerning that or any other member or the scheme which he considers to be material to his determination<sup>16</sup>.

Where, after notice has been given to a member in relation to any membership year, it appears to the Secretary of State that: (i) the amount specified in the notice was incorrectly calculated<sup>17</sup>, or determined by reference to information which was incorrect<sup>18</sup>; or (ii) in the light of further information which has become available to him, the determination of that amount ought to be reconsidered<sup>19</sup>, he must reconsider the determination and may, at any time before the end of the membership year to which it relates, revise the amount of the payment to be made<sup>20</sup>.

Any amount which falls to be paid by a member must be paid by the member to the Secretary of State: (A) in relation to its first membership year, by no later than eight months from the date of receipt by the Secretary of State<sup>21</sup> of its application<sup>22</sup>; (B) in relation to its second membership year, by not later than 1 August in that year<sup>23</sup>; and (C) in relation to any subsequent membership year, by no later than 30 November in the preceding year<sup>24</sup>.

As to the meaning of 'writing' see PARA 7 note 2. As to the meaning of 'month' see PARA 28 note 16. ## **692. Payments under the scheme.**

Where, in any membership year<sup>1</sup>, a qualifying expense<sup>2</sup> under the Property Expenses Scheme<sup>3</sup> arises, the Secretary of State<sup>4</sup> may: (1) make a payment in respect of that expense to the member<sup>5</sup>; or (2) make any other provision towards meeting that expense as he considers appropriate<sup>6</sup>; and the making, and the manner of making, of such payment or provision must be agreed between the member and the Secretary of State or in default of such agreement determined by the Secretary of State<sup>7</sup>.

The Secretary of State must not meet any expense of a member which falls to be met after a member has given notice<sup>8</sup> to terminate its participation in the scheme, unless the Secretary of State is satisfied that the expense would have fallen to be met at that time irrespective of the member's decision to give such notice<sup>9</sup>.

The Secretary of State must not meet any expense of a member which has been incurred by an eligible body before it became a member<sup>10</sup>, unless (a) some part of that expense was to be met by the member after it became a member<sup>11</sup>; (b) the Secretary of State is satisfied that the member informed him, by no later than the qualifying date<sup>12</sup>, of the relevant expense<sup>13</sup>; (c) the Secretary of State agreed, no later than the date on which the member became a member, that this provision does not apply so as to preclude the making of a payment or other provision<sup>14</sup> in respect of any particular expense in relation to which heads (a) and (b) above are satisfied<sup>15</sup>; and (d) that agreement remains in force at the date on which the relevant expense falls to be met by the member<sup>16</sup>.

The Secretary of State must not meet any expense of a member which falls to be met after the date of the termination of the member's participation in the scheme, unless: (i) the relevant expense was incurred by the member prior to that date<sup>17</sup>; (ii) the Secretary of State is satisfied that the member informed him, by no later than the qualifying date, of the expense<sup>18</sup>; (iii) prior to the date of termination of the member's participation in the scheme, the Secretary of State agreed that this provision does not apply so as to preclude the making of a payment or other provision<sup>19</sup> in respect of any expense in relation to which heads (i) and (ii) above are satisfied<sup>20</sup>; and (iv) that agreement remained in force at the date of termination<sup>21</sup>.

The Secretary of State must not meet any expense of a member except to such extent as the Secretary of State may determine, in respect of: (A) any expense of an amount which is less than that for the time being agreed between the Secretary of State and the member as the minimum amount in respect of which payment may be made under the scheme<sup>22</sup>; (B) any expense to the extent that it exceeds such amount for the time being agreed by the Secretary of State and the member as the maximum amount in respect of which a payment in respect of such an expense may be made under the scheme<sup>23</sup>; and (C) where the member has not complied with any condition imposed by the Secretary of State relating to that expense<sup>24</sup>.

The Secretary of State must not meet any expense of a member which is of a nature in respect of which the Secretary of State has, in respect of all members and in respect of the relevant membership year, determined is not to be eligible for payment under the scheme<sup>25</sup>.

## **(ii) Redress Scheme**

### **A. ENGLAND**

#### **695. Power to establish redress scheme.**

As from a day to be appointed the following provisions have effect<sup>1</sup>.

The Secretary of State may by regulations<sup>2</sup> establish a scheme<sup>3</sup> for the purpose of enabling redress to be provided without the recourse to civil proceedings in circumstances<sup>4</sup> where under the law of England and Wales<sup>5</sup> qualifying liability in tort on the part of a specified body or other person<sup>6</sup> arises in connection with the provision, as part of the health service<sup>7</sup> in England, of qualifying services<sup>8</sup>.

'Qualifying liability in tort' is liability in tort owed: (1) in respect of or consequent upon personal injury<sup>9</sup> or loss arising out of or in connection with breach of the duty of care owed to any person in connection with the diagnosis of illness<sup>10</sup>, or the care or treatment of any patient<sup>11</sup>; and (2) in consequence of any act or omission by a health care professional<sup>12</sup>.

Services are 'qualifying services' if: (a) they are provided in a hospital<sup>13</sup> (in England or elsewhere)<sup>14</sup>; or (b) they are of such other description (including a description involving provision outside England) as the Secretary of State may specify by regulations<sup>15</sup>. Such regulations may not specify services of any of the following descriptions: (i) primary dental services<sup>16</sup>; (ii) primary medical services<sup>17</sup>; (iii) general ophthalmic services<sup>18</sup>; (iv) pharmaceutical services<sup>19</sup>; and (v) services of a kind which may be provided under local pharmaceutical services schemes<sup>20</sup> or local pharmaceutical services pilot schemes<sup>21</sup>.

As from a day to be appointed the following provisions have effect<sup>1</sup>.

A scheme<sup>2</sup> must make provision for the period during which a liability is the subject of proceedings under the scheme to be disregarded for the purposes of calculating whether any relevant limitation period<sup>3</sup> has expired<sup>4</sup>. A scheme may define for the purposes of such provision when liability is the subject of proceedings under the scheme<sup>5</sup>.

## **702. Advice and assistance.**

As from a day to be appointed the following provisions have effect<sup>1</sup>.

A scheme<sup>2</sup> may make such provision as the Secretary of State thinks fit<sup>3</sup>: (1) for the provision of legal advice without charge to individuals seeking redress under the scheme<sup>4</sup>; (2) for the provision in connection with proceedings under the scheme of other services, including the services of medical experts<sup>5</sup>. A scheme must make such provision as the Secretary of State considers appropriate in order to secure that individuals to whom an offer under the scheme is made have access to legal advice without charge in relation to the offer<sup>6</sup>, and any settlement agreement<sup>7</sup>.

Provision<sup>8</sup> about who may provide the legal advice may operate by reference to whether a potential provider is included in a list prepared by a specified<sup>9</sup> person<sup>10</sup>. A scheme that makes provision for the provision of the services of medical experts must provide for such experts to be instructed jointly by the scheme authority<sup>11</sup> and the individual seeking redress under the scheme<sup>12</sup>.

It is the duty of the Secretary of State to arrange, to such extent as he considers necessary to meet all reasonable requirements, for the provision of assistance (by way of representation or otherwise) to individuals seeking, or intending to seek, redress under a scheme<sup>13</sup>. The Secretary of State may make such other arrangements as he thinks fit for the provision of assistance to individuals in connection with cases which are the subject of proceedings under a scheme<sup>14</sup>. In making such arrangements<sup>15</sup>, the Secretary of State must have regard to the principle that the provision of services under the arrangements in connection with a particular case should, so far as practicable, be independent of any person to whose conduct the case relates or who is involved in dealing with the case<sup>16</sup>. The Secretary of State may make payments to any person in pursuance of such arrangements<sup>17</sup>.

The regulations may make provision about complaints which raise both matters falling to be considered under the regulations and matters falling to be considered under other statutory complaints procedures<sup>25</sup>, including in particular provision for enabling such a complaint to be made under the regulations<sup>26</sup>. The regulations may, in relation to complaints in connection with a scheme which are made or purport to be made under the regulations, make provision for securing<sup>27</sup>: (A) that any matters raised in such complaints which fall to be considered under other statutory complaints procedures are referred to the body or other person operating the appropriate procedures<sup>28</sup>; (B) that any such matters are treated as if they had been raised in a complaint made under the appropriate procedures<sup>29</sup>.

#### **711. Benefits for persons engaged in health services.**

The Secretary of State<sup>1</sup> may, by regulations made with the consent of the Treasury<sup>2</sup>, and after consulting representatives of persons<sup>3</sup> likely to be affected<sup>4</sup>, make provision with respect to the pensions, allowances or gratuities which, subject to prescribed requirements and conditions, are or are to be paid by him to or in respect of prescribed persons or classes of persons (known as the 'health staff')<sup>5</sup>. The persons and classes which may be so prescribed are: (1) persons or classes engaged in health services other than services provided by a local authority<sup>6</sup>; and (2) other persons or classes for whom it is appropriate, in the Secretary of State's opinion, to provide the benefits referred to above<sup>7</sup>. Such regulations may include provisions set out by statute<sup>8</sup>, and may make different provisions for different classes of persons or for different circumstances<sup>9</sup>.

There are currently two National Health Service pension schemes created under these provisions. The 1995 scheme<sup>10</sup> was closed to new entrants on 31 March 2008 but continues to have effect for all persons who were members of the scheme before 1 April 2008. The 2008 scheme<sup>11</sup> was introduced on 1 April 2008 and applies to persons employed in the National Health Service on or after that date, or in such employment immediately before that date but not in the 1995 scheme and wishing to join the new scheme. There is also a scheme for the payment of injury benefits to or in respect of any person engaged in the National Health Service whose earning ability is reduced or who dies as a result of an injury suffered or a disease contracted in the course of his or her duties<sup>12</sup>.

## **712. Compensation for loss of office and premature retirement.**

The Secretary of State<sup>1</sup> may, by regulations made with the consent of the Treasury<sup>2</sup>, provide for the payment, by such persons<sup>3</sup> as may be prescribed or determined, of pensions, allowances or gratuities by way of compensation to or in respect of persons in relation to whom a pension scheme may be made<sup>4</sup>, and who suffer loss of office or employment, or loss or diminution of emoluments in prescribed circumstances or on the happening of a prescribed event<sup>5</sup>. Such regulations may include provisions for the procedure on making a claim, make different provisions for different classes of persons or for different circumstances, authorise the making of exceptions and conditions, and be framed to have effect retrospectively<sup>6</sup>; and may include certain provisions set out by statute<sup>7</sup>.

Regulations have been made providing for the payment of compensation to or in respect of a person who is employed in the National Health Service in England and Wales and has prematurely retired from that employment by reason of redundancy or in the interests of the efficiency of the service<sup>8</sup>. The regulations specify the conditions necessary to qualify for, and the method of calculation of, the compensation<sup>9</sup>. They provide for the surrender of part of the compensation<sup>10</sup>, and the payment of compensation to the widow and certain dependants of such a person if he dies after becoming entitled to receive compensation<sup>11</sup>. Provision is also made for the adjustment and reduction in certain cases of the compensation<sup>12</sup>.

The regulations also contain miscellaneous provisions relating to the supply of information<sup>13</sup>, the assignability of compensation<sup>14</sup>, the procedure for the payment of compensation<sup>15</sup> and for the determination of questions arising under the regulations<sup>16</sup>.

## **719. Pensionable service.**

'Pensionable service' is service which counts both for the purpose of ascertaining entitlement to benefits under the pensions regulations<sup>1</sup> and for the purpose of calculating them<sup>2</sup>. It is subject to certain periods being excluded<sup>3</sup> and means the aggregate of the periods specified in the regulations<sup>4</sup>. The benefits described in the regulations are calculated by reference to a maximum of 45 years' pensionable service in the case of a member<sup>5</sup> who is not a special class officer<sup>6</sup>, and, if the member's pensionable service exceeds these limits the amount of the excess will be ignored<sup>7</sup>. Where the member has pensionable service in excess of these limits, the Secretary of State<sup>8</sup> must select the years by reference to which the benefits are to be calculated and the years selected must be those which produce the most favourable results to the member<sup>9</sup>. If, when a member leaves pensionable employment or dies, a payment is made in respect of leave not taken: (1) his pensionable employment must be treated as continuing for a period equal to the period of leave for which payment is made; and (2) the payment must be treated as his pensionable pay<sup>10</sup> for that period<sup>11</sup>.

In order to calculate the length of a member's pensionable service, all periods of pensionable service must be added and each resulting period of 365 days<sup>12</sup> must be treated as one year<sup>13</sup>.

## **722. Contributions by employing authorities.**

Each employing authority<sup>1</sup> must contribute to the scheme<sup>2</sup>, in respect of each member in pensionable employment<sup>3</sup> with the authority, at such a rate as the Secretary of State specifies from time to time<sup>4</sup>. The Secretary of State must take the advice of the scheme actuary<sup>5</sup> and obtain the Treasury's<sup>6</sup> consent before specifying the rate at which employing authorities must contribute to the scheme<sup>7</sup>. In addition to such contributions, where, on leaving pensionable employment, a pension becomes payable to a member in respect of early retirement<sup>8</sup> the employing authority must make additional contributions to the Secretary of State<sup>9</sup>.

In the case of certain employing authorities which fail to pay or remit contributions in accordance with these provisions, the Secretary of State may thereafter require that authority to have in force a guarantee, indemnity or bond in a form and amount, and provided by a person<sup>10</sup>, approved by the Secretary of State, which provides for payment to the Secretary of State of all future liabilities of the employing authority<sup>11</sup> should that authority fail to meet them<sup>12</sup>.

1 As to the meaning of 'employing authority' see PARA 717 note 3. In any particular case the Secretary of State may direct that, for the purposes of the National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg D2 'employing authority' includes one or more of certain other bodies: see reg D2(10) (added by SI 2007/3280). As to the Secretary of State see PARA 6 note 8.

2 Any such contributions must be paid to the Secretary of State on the same day as the member's contributions under the National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg D1(5) (see PARA 721): reg D2(4). Where, on such a pension becoming payable, a pension also becomes payable to the member in respect of pensionable service with one or more other employing authorities, the employing authority in relation to whom the redundancy arose or by whom the consent to early retirement pension was given must also be responsible for making additional contributions in respect of that other pension: National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg D2(3). ## ***B. ENTITLEMENT TO PENSION***

### **723. Normal retirement pension.**

A member<sup>1</sup> who retires from pensionable employment<sup>2</sup> on or after attaining age 60<sup>3</sup> is entitled to a pension<sup>4</sup>. The pension is at a yearly rate of one-eightieth of final year's pensionable pay<sup>5</sup> for each complete year of pensionable service<sup>6</sup>, plus the relevant daily proportion<sup>7</sup> of that rate for each additional day of such service<sup>8</sup>. A member who stays in pensionable employment until 75 is entitled to receive a pension at that age even if he does not retire from such employment<sup>9</sup>.

A member with at least two years' qualifying service<sup>10</sup>, who meets certain conditions and retires from pensionable employment before reaching age 60, is entitled to a pension calculated as described above, but it will then be reduced by such amount as the Secretary of State, after taking the advice of the scheme actuary<sup>11</sup>, may determine<sup>12</sup>. Where such a pension is payable, any other amount payable under the pension regulations<sup>13</sup> which is paid early is reduced in like manner<sup>14</sup>.

This provision was revoked by the Health and Medicines Act 1988 s 9, but regulations were made providing that those practitioners who, in the month preceding the coming into force of such revocation (ie beginning on 1 March 1990 and ending on 31 March 1990), were taking advantage of the previous regulations, may continue to do so as if that provision had not been revoked: see the Health and Medicines Act 1988 (Superannuation) (Savings for Retired Practitioners) Regulations 1989, SI 1989/1893.

A member<sup>15</sup>: (a) whose pensionable employment is terminated by his employing authority; (b) who satisfies the prescribed conditions as to qualifying service, continuity of employment and alternative employment; (c) in respect of whom the Secretary of State certifies that the member's employment is terminated by reason of redundancy or, with the agreement of the employing authority, in the interests of the efficiency of the service in which he is employed; and (d) who makes a claim for the pension<sup>16</sup>, is entitled to a pension calculated in the same manner as a normal retirement pension<sup>17</sup>. Each member<sup>1</sup> is, on becoming entitled to a pension<sup>2</sup>, also entitled to a lump sum<sup>3</sup>. Subject to certain specified circumstances<sup>4</sup> the lump sum is equal to three times the yearly rate of the pension<sup>5</sup>. Where a member entitled to a lump sum has attained the age of 75<sup>6</sup> he ceases to be entitled to a lump sum, and is instead entitled to have his pension increased by such amount as the Secretary of State<sup>7</sup> may, after taking advice from the scheme actuary<sup>8</sup>, determine<sup>9</sup>.

A member whose pensionable employment<sup>10</sup> ceases on or after 1 April 2008 may opt to exchange part of a pension to which he would otherwise be entitled for a lump sum<sup>11</sup>.

A lump sum on death is payable:

## ***D. SURVIVING PARTNERS AND DEPENDANTS***

### **727. Widow's and widower's pension.**

Detailed provision is made if a male member<sup>1</sup> dies in certain circumstances<sup>2</sup> and leaves a surviving widow<sup>3</sup>. The pension entitlement differs according to which of the circumstances apply<sup>4</sup>. If a female member dies in similar circumstances to those which apply in the case of entitlement to a widow's pension<sup>5</sup> and leaves a surviving widower, the widower is entitled to a pension<sup>6</sup>. In general, the provisions relating to the calculation and payment of pensions for widowers are the same as those for pensions for widows<sup>7</sup>. A female member may, by giving notice in writing<sup>8</sup> to the Secretary of State<sup>9</sup> prior to leaving pensionable employment, nominate her husband to receive a dependent widower's pension on her death<sup>10</sup>. The Secretary of State must accept a member's nomination only if he is satisfied that the member's husband is permanently incapable of earning a living because of physical or mental infirmity and is wholly or mainly dependent on the member<sup>11</sup>.

## **728. Civil partner's and nominated partner's pensions.**

If a member<sup>1</sup> who is in a civil partnership<sup>2</sup> dies in similar circumstances to those which apply in the case of entitlement to a widow's pension<sup>3</sup> and leaves a surviving civil partner, the surviving civil partner is entitled to a pension<sup>4</sup>. The provisions relating to the calculation and payment of pensions for surviving civil partners are similar to those for pensions for widows<sup>5</sup>. Certain members may, in respect of the whole or any part of contributing service prior to 6 April 1988, elect to purchase an increase in the amount of any surviving civil partner's pension which may become payable<sup>6</sup>. A member who has formed a civil partnership may, by giving notice in writing<sup>7</sup> to the Secretary of State<sup>8</sup> prior to leaving pensionable employment<sup>9</sup>, nominate the other party to the civil partnership to receive a dependent surviving civil partner's pension on the member's death<sup>10</sup>. The Secretary of State must accept a member's nomination only if he is satisfied that the member's civil partner is permanently incapable of earning a living because of physical or mental infirmity and is wholly or mainly dependent on the member<sup>11</sup>.

A member who has pensionable service<sup>12</sup> on or after 1 April 2008 may, by giving notice in writing to the Secretary of State, nominate a person (known as the 'nominated partner') to receive a surviving nominated partner pension on the member's death and such a nomination is effective from the date the Secretary of State accepts it<sup>13</sup>. The Secretary of State must accept a member's nomination if: (1) the member and the nominated partner have jointly made and signed a declaration in the form required by the Secretary of State that remains effective at the member's death<sup>14</sup>; and (2) the nominated partner satisfies the Secretary of State that for a continuous period of at least two years ending with the member's death (a) the member and the nominated partner were living together as if they were husband and wife or civil partners; or (b) the member and the nominated partner were not prevented from marrying or entering into a civil partnership; or (c) the member and the nominated partner were financially interdependent or the nominated partner was financially dependent on the member; or (d) neither the member nor the nominated partner was living with a third person as if they were husband and wife or as if they were civil partners<sup>15</sup>. Certain officers<sup>16</sup> may, in respect of the whole or any part of their contributing service before 6 April 1988, elect to purchase an increase in the amount of any surviving nominated partner's pension that becomes payable<sup>17</sup>.

A member may, by giving notice in writing to the Secretary of State before leaving pensionable employment, apply for the member's nominated partner to receive a dependent surviving nominated partner's pension on the member's death<sup>18</sup>. The Secretary of State must accept a member's application only if the Secretary of State is satisfied that the member's nominated partner is permanently incapable of earning a living because of physical or mental infirmity, and wholly or mainly dependent on the member<sup>19</sup>.

### **728 Civil partner's and nominated partner's pensions**

NOTE 13--SI 1995/300 reg G14(1) amended: SI 2009/2446.

NOTE 17--SI 1995/300 reg G16 amended: SI 2009/2446.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(12) SUPERANNUATION AND OTHER BENEFITS/(ii) National Health Service Pension Scheme 1995/D. SURVIVING PARTNERS AND DEPENDANTS/729. Child allowance.

## **729. Child allowance.**

Detailed provision is made for the payment of child allowance<sup>1</sup> to dependent children<sup>2</sup>. Different provisions apply depending on whether the member dies in pensionable employment<sup>3</sup>, or after the pension becomes payable<sup>4</sup>, or dies with a preserved pension<sup>5</sup> or within 12 months<sup>6</sup> after leaving pensionable employment without a pension or preserved pension<sup>7</sup>.

If a member dies leaving a dependent child and there is a surviving parent (or spouse or civil partner or nominated partner of a parent) but that dependent child is not being maintained by the surviving parent (or spouse or civil partner or nominated partner of a parent), the Secretary of State<sup>8</sup> may increase the amount of the child allowance that would otherwise be payable<sup>9</sup>. The allowance may, at the Secretary of State's discretion, be increased up to an amount equal to the amount that would have been payable if there were no surviving parent (or spouse or civil partner or nominated partner of a parent)<sup>10</sup>.

<sup>1</sup> As to the payment of child allowance see the National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg H2.

<sup>2</sup> 'Dependent child' means any child who is:

- 46 (1) a child or grandchild of the member;
- 47 (2) a stepchild of the member by marriage entered into or a civil partnership formed before the date on which the member leaves pensionable employment or a child legally adopted by the member before that date;
- 48 (3) a brother or sister, or a child of a brother or sister, of the member or the member's spouse, civil partner or nominated partner (any half-brother or step-brother being treated as a brother, and any half-sister or step-sister being treated as a sister, for this purpose);
- 49 (4) a child who, immediately before the member left pensionable employment, the member had intended to adopt, or a child who, at that time, had been dependent on the member for two years or (if less) half the child's life; or
- 50 (5) a child of a member's nominated partner from a nominated partnership formed before the date on which the member leaves pensionable employment,

and who satisfies the following requirements: National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg H1(1) (amended by SI 2005/3074; SI 2008/654). The child must be: (a) born before the member leaves pensionable employment and be dependent on the member when the member dies and, if the member dies after leaving pensionable employment, also be dependent on the member when the member leaves pensionable employment (National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg H1(2) (a)); or (b) be born one year or less after the member leaves pensionable employment and either be dependent on the member both immediately after being born and when the member dies, or would have become dependent on the member if the member had not died before the child was born (reg H1(2)(b)).

A child is a dependent child of a person whose pensionable employment ceases on or after 1 April 2008 for so long as that child is under age 23, or aged 23 or over and incapable of earning a living because of permanent physical or mental infirmity from which that child was suffering at the time the member died: reg H1(2A) (added by SI 2008/654). A child is a dependent child of a person whose pensionable employment ceases on or before 31 March 2008 while he is: (i) under 17; or (ii) 17 or over but has not reached the age of 23 and is (A) in

continuing full time education; or (B) participating in certain full time training; or (C) taking a break in such education or training; or (D) incapable of earning a living because of permanent physical or mental infirmity from which he started to suffer whilst qualifying as a dependent child; or (E) has ceased to be a dependent child but returns to full-time education or training: see reg H1(3)-(5), (7) (reg H1(3), (4), (7) amended by SI 2006/600; National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg H1(3) further amended by SI 2008/654). A child who is incapable of earning a living because of permanent physical or mental infirmity from which he was suffering at the time the member died is dependent for so long as he remains incapable of earning a living: see the National Health Service Pension Scheme Regulations 1995, SI 1995/300, reg H1(6) (amended by SI 2006/600). The Secretary of State<sup>12</sup> has powers to extend any time limits relating to the scheme<sup>13</sup>, to delegate certain of his functions relating to the health of a member to a medical practitioner<sup>14</sup>, and to determine any question arising as to the rights or liabilities of any person in relation to the scheme<sup>15</sup>. The Secretary of State must keep accounts of the scheme<sup>16</sup>, and provision is made as to cost sharing<sup>17</sup>.

Regulations have been made under the Pensions Act 1995<sup>18</sup> which make provision for the Secretary of State to provide information in certain circumstances in respect of individuals who have chosen to participate in a personal pension scheme<sup>19</sup> instead of the NHS pension scheme<sup>20</sup> and to make certain charges as specified in the Act<sup>21</sup>. The regulations describe the circumstances in which they apply<sup>22</sup>, prescribe the circumstances in which the Secretary of State may provide information to a prescribed person<sup>23</sup>, set out the 'prescribed persons'<sup>24</sup>, and prescribe the persons on whom the Secretary of State may impose reasonable fees in respect of administrative expenses<sup>25</sup>.

### **(iii) National Health Service Pension Scheme 2008**

#### **740. In general.**

The National Health Service Pension Scheme Regulations 2008<sup>1</sup> establish a new pension scheme for persons employed in the National Health Service on or after 1 April 2008, or in such employment immediately before that date but not members of the 1995 pension scheme<sup>2</sup> and wishing to join the new scheme. The scheme provides for benefits to be payable in relation to service as an officer<sup>3</sup>, and in relation to service as a practitioner or an out of hours provider<sup>4</sup>; and makes provision where a member has pensionable service under both types of service<sup>5</sup>. The scheme administrator is the NHS Business Services Authority<sup>6</sup>. A person who is entitled to a benefit under the scheme must give the scheme administrator certain information relevant for tax purposes<sup>7</sup>.

The Secretary of State<sup>8</sup> must keep accounts of all income and expenditure of the scheme<sup>9</sup> in a form approved by the Treasury<sup>10</sup>, which accounts must be open to examination by the Comptroller and Auditor General<sup>11</sup>. The scheme actuary must prepare an actuarial report of the scheme liabilities and benefits<sup>12</sup> at 31 March 2012 and at the expiration of every period of four years after that date<sup>13</sup>, and send a copy of that actuarial report of the scheme to the Secretary of State and the Treasury<sup>14</sup>.

## **UPDATE**

### **740-744 In general ... Injury benefits**

The National Health Service Pension Scheme, Injury Benefits and Additional Voluntary Contributions (Amendment) Regulations 2009, SI 2009/2446, reg 106 provides that certain persons detrimentally affected by SI 2009/2446 may elect for the provisions not to apply to them.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(12) SUPERANNUATION AND OTHER BENEFITS/ (iii) National Health Service Pension Scheme 2008/741. Benefits for officers.

#### **741. Benefits for officers.**

A person working in the National Health Service as an officer<sup>1</sup>, and who is not otherwise excluded from membership<sup>2</sup>, is eligible to be an active member of the 2008 pension scheme<sup>3</sup> if he: (1) is in NHS employment; (2) enters NHS employment on or after 1 April 2008, or entered NHS employment before that date and on that date was not an active member of the 1995 pension scheme<sup>4</sup> in that employment or any other NHS employment; (3) has not reached the age of 75; and (4) meets any one of the other scheme conditions<sup>5</sup>. With certain exceptions, a person will become a member of the scheme on entering employment unless he opts not to join the scheme<sup>6</sup>. Provision is made as to the reckoning of pensionable service<sup>7</sup> and qualifying service<sup>8</sup> and as to how service is calculated<sup>9</sup>, and as to the calculation of pensionable pay<sup>10</sup> and reckonable pay<sup>11</sup>.

Each active member must make contributions to the scheme<sup>12</sup> at the member's contribution rate for the period in question<sup>13</sup>; and each employing authority must contribute to the scheme, in respect of each person who is an active member of the scheme in an employment with the authority, at such a rate as the Secretary of State<sup>14</sup> specifies from time to time<sup>15</sup>. An active member may opt to make additional periodical contributions by monthly instalments or by lump sum<sup>16</sup>.

The general rule is that a member is entitled to a normal retirement pension payable for life in respect of any period of pensionable service if the member has reached the age of 65, and either has ceased to be employed in NHS employment and has claimed payment of the pension, or will reach the age of 75 on the next day<sup>17</sup>. Provision is also made for pensions for pension credit members<sup>18</sup>, late payment of pension with an actuarial increase<sup>19</sup>, early payment of pension with actuarial reduction<sup>20</sup>, and partial retirement<sup>21</sup>. Officers may qualify for early retirement on grounds of ill health<sup>22</sup> or on the termination of their employment on the grounds of efficiency or redundancy<sup>23</sup>. Members have the option to exchange their pension for a lump sum<sup>24</sup>, and may elect to allocate part of their pension to others<sup>25</sup>. Provision is made dealing with the effect of pension sharing on divorce or nullity<sup>26</sup>. Benefits are payable on the death of a member in the form of surviving adult dependants pensions<sup>27</sup> and surviving children's pensions<sup>28</sup>, and provision is also made for lump sums to be paid to nominees, adults to whom a pension is payable or personal representatives<sup>29</sup>.

Rights are granted to members to have a transfer payment paid by the scheme into another scheme<sup>30</sup>, and to have a transfer payment from another scheme accepted by the scheme so that the member is entitled to count further pensionable service in the scheme<sup>31</sup>. Additional provision is made as to the rights of members who rejoin the scheme after a break in qualifying employment<sup>32</sup>, the abatement of pensions<sup>33</sup>, and general administrative matters<sup>34</sup>.

Provision is made dealing with the effect of pension sharing on divorce or nullity<sup>24</sup>. Benefits are payable on the death of a member in the form of surviving adult dependants pensions<sup>25</sup> and surviving children's pensions<sup>26</sup>, and provision is also made for lump sums to be paid to nominees, adults to whom a pension is payable or personal representatives<sup>27</sup>.

Rights are granted to members to have a transfer payment paid by the scheme into another scheme<sup>28</sup>, and to have a transfer payment from another scheme accepted by the scheme so that the member is entitled to count further pensionable service in the scheme<sup>29</sup>. Additional provision is made in respect of members who rejoin the scheme after a break in qualifying employment<sup>30</sup>, the abatement of pensions<sup>31</sup>, and general administrative matters<sup>32</sup>.

A body which provides or is to provide out of hours services and which wishes to be approved as an employing authority for the purposes of the scheme as it applies to practitioners, may make an application in that respect to a primary care trust<sup>33</sup> or local health board<sup>34</sup> appointed by the Secretary of State to act on his behalf<sup>35</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/(12) SUPERANNUATION AND OTHER BENEFITS/ (v) Injury Benefits/744. Injury benefits.

## **(v) Injury Benefits**

### **744. Injury benefits.**

The Secretary of State<sup>1</sup> must pay, in accordance with regulations, injury benefits to or in respect of any person engaged in the National Health Service in England and Wales<sup>2</sup> whose earning ability is reduced or who dies as a result of an injury suffered or a disease contracted in the course of his or her duties<sup>3</sup>.

The regulations apply to an injury which is sustained and to a disease which is contracted in the course of the person's employment and which is wholly or mainly attributable to his employment, and also to any other injury sustained and, similarly, to any other disease contracted, if:

- 488 (1) it is wholly or mainly attributable to the duties of his employment;
- 489 (2) it is sustained while, as a volunteer at an accident or emergency, he is providing health services which his professional training and code of conduct would require him to volunteer; or
- 490 (3) it is sustained while he is travelling as a passenger in a vehicle to or from his place of employment with the permission of the employing authority and if in addition (a) he was under no obligation to the employing authority to travel in the vehicle but, if he had been, the injury would have been sustained in the course of, and have been wholly or mainly attributable to, his employment; and (b) at the time of the injury the vehicle was being operated, otherwise than in the ordinary course of a public transport service, by or on behalf of the employing authority or by some other person by whom it was provided in pursuance of arrangements made with the authority<sup>4</sup>.

The regulations do not apply to a person: (i) in relation to any injury or disease wholly or mainly due to, or seriously aggravated by, his own culpable negligence or misconduct; (ii) eligible to participate in a superannuation scheme<sup>5</sup>. The regulations provide for a scale of benefits<sup>6</sup> and define 'service' for these purposes<sup>7</sup>.

If a person to whom the regulations apply dies as a result of, or his death was, in the opinion of the Secretary of State, substantially hastened by, the injury or disease, the Secretary of State must pay benefits in respect of that person except that such benefits are not payable in respect of an injury or disease wholly or mainly due to, or seriously aggravated by, the culpable negligence or misconduct of the deceased<sup>8</sup>. The benefits are a surviving partner's allowance<sup>9</sup>, a child's allowance<sup>10</sup>, a dependent relative's allowance<sup>11</sup>, and a lump sum on death<sup>12</sup>. In certain circumstances allowances may be restricted<sup>13</sup>, and incidental provision is made<sup>14</sup>.

Provision is made for allowances to be reviewed and varied in the light of changed circumstances<sup>15</sup>, for the loss of rights to benefit in limited circumstances<sup>16</sup>, for the offsetting of benefit in circumstances of crime, negligence or fraud<sup>17</sup>, for supplementary payment in respect of certain transferred officers<sup>18</sup>, for the taking into account of damages recovered by or in respect of the injured person<sup>19</sup>, for the avoidance of duplicate benefits<sup>20</sup>, for the procedure for making claims for benefits<sup>21</sup>, as to persons detrimentally affected by the regulations<sup>22</sup>, as to payments to personal representatives<sup>23</sup>, and for the determination of any question arising as to the rights or liabilities of a person to whom the regulations apply<sup>24</sup>.

The Secretary of State may require any person entitled, or claiming to be entitled, to an allowance to submit to a medical examination<sup>25</sup>, and may delegate his functions in relation to decisions as to the health of a claimant to a prescribed person<sup>26</sup>.

Any benefit to which a person becomes entitled is payable to, or in trust for, that person and is not assignable<sup>27</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/1. THE NATIONAL HEALTH SERVICE/ (13) NATIONAL HEALTH SERVICE AND PRIVATE PRACTICE/745. Incorporation of private practice.

### **(13) NATIONAL HEALTH SERVICE AND PRIVATE PRACTICE**

#### **745. Incorporation of private practice.**

The creation of the National Health Service in 1948<sup>1</sup> brought with it the incorporation in the newly created service of most of the then existing private practice of medicine. The great majority of specialists took up part time or full time posts in the new hospital service. Similarly, most general practitioners accepted contracts for the provision of general medical services<sup>2</sup>. Some doctors remained entirely outside the service, but all general practitioners and part-time hospital specialists within the service also retained the right to provide medical care for private patients<sup>3</sup>. So far as general practitioners are concerned, their link with the National Health Service is a contract for services<sup>4</sup>. They have an unqualified right to render such services also to private patients, and, where this is done, it is a matter entirely outside the scope of the National Health Service<sup>5</sup>.

However, for hospital doctors and dentists the case is different. In setting up the National Health Service hospital service, provision was made within the new service for beds for private patients, which were to be available on full repayment of the cost of accommodation and services provided<sup>6</sup>.

The provision of facilities for private practice enables patients who are eligible for National Health Service facilities, but who prefer to make private arrangements with a consultant, to use (at full cost) the comprehensive hospital facilities of the National Health Service<sup>7</sup>. These facilities also provide the opportunity to treat private patients from overseas and those from this country who might otherwise seek treatment abroad<sup>8</sup>. Patients who have chosen to be treated privately must pay charges designed to meet the full cost of the accommodation and services<sup>9</sup>.

The Secretary of State may authorise accommodation to be made available for use by patients who undertake to pay the prescribed charges<sup>10</sup>.

1 See PARA 1.

2 As to the provision of medical services today see PARA 241 et seq.

3 See *Private Practice in National Health Service Hospitals* (Cmnd 5270) (1972) para 5.

4 Whether the contract is entirely private in nature has been doubted: see *Roy v Kensington and Chelsea and Westminster Family Practitioner Committee* [1992] 1 AC 624 at 630, [1992] 1 All ER 705 at 709, per Lord Bridge of Harwich; see also at 649 and 725 per Lord Lowry. See also *R v Secretary of State for Health, ex p Hickey* (1992) 10 BMLR 126, 136 Sol Jo LB 221.

The Secretary of State<sup>1</sup> may authorise accommodation to be made available for patients<sup>2</sup> to such extent as he may determine<sup>3</sup>, and may recover such charges<sup>4</sup> as he may determine in respect of such accommodation and calculate them on any basis that he considers to be the appropriate commercial basis<sup>5</sup>. #### **747. Permission for use of facilities in private practice.**

The following provisions<sup>1</sup> apply to: (1) medical practitioners<sup>2</sup>, registered pharmacists<sup>3</sup> or other persons<sup>4</sup> who provide<sup>5</sup> pharmaceutical services<sup>6</sup>; (2) chiropodists who provide services under the National Health Service Act 2006 at premises where such pharmaceutical services are provided<sup>7</sup>; (3) persons providing primary medical services<sup>8</sup>, primary dental services<sup>9</sup> or primary ophthalmic services<sup>10</sup> under a general medical services contract<sup>11</sup>, a general dental services contract<sup>12</sup> or a general ophthalmic services contract<sup>13</sup>, or in accordance with arrangements<sup>14</sup> made by a strategic health authority<sup>15</sup>.

Such a person who wishes to use any relevant health service accommodation or facilities<sup>16</sup> for the purpose of providing medical<sup>17</sup>, dental, pharmaceutical, ophthalmic or chiropody services to non-resident private patients<sup>18</sup>, may apply in writing<sup>19</sup> to the Secretary of State<sup>20</sup> for permission<sup>21</sup>. On receiving an application the Secretary of State: (i) must consider whether anything for which permission is sought would interfere with the giving of full and proper attention to persons seeking or afforded access otherwise than as private patients to any services provided under the National Health Service Act 2006<sup>24</sup>; and (ii) must grant the permission applied for unless in his opinion anything for which permission is sought would so interfere<sup>25</sup>. Any grant of permission is on such terms (including terms as to the payment of charges for the use of the relevant health service accommodation or facilities pursuant to the permission) as the Secretary of State may from time to time determine<sup>26</sup>.

Power is given to strategic health authorities<sup>27</sup> and special health authorities<sup>28</sup> to allow the use of accommodation or services for the treatment of private patients. An authorisation of an NHS foundation trust may restrict the extent to which that trust may provide private health care<sup>29</sup>.

The Secretary of State has power, in certain circumstances, to arrange to make supplies of human blood or body parts, or supplies of any other substances or preparations not readily obtainable, available (on such terms, including terms as to charges, as he considers appropriate) to any person<sup>30</sup>.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/2. REGISTRATION OF INDEPENDENT HEALTH SERVICES/ (2) REGISTRATION/761. Registration procedure.

### **761. Registration procedure.**

Where a person<sup>1</sup> applies for registration in respect of an establishment<sup>2</sup> or independent medical agency<sup>3</sup>: (1) if the registration authority<sup>4</sup> proposes to grant the application subject to any conditions which have not been agreed in writing<sup>5</sup> between it and the applicant, it must give the applicant written notice of its proposal and of the conditions subject to which it proposes to grant his application<sup>6</sup>; (2) the registration authority must give the applicant notice of a proposal to refuse the application<sup>7</sup>. Except where it makes an application for urgent action<sup>8</sup>, the registration authority must give any person registered in respect of an establishment or independent medical agency notice of a proposal: (a) to cancel the registration (otherwise than in accordance with an application by the registered person himself)<sup>9</sup>; (b) to vary or remove (otherwise than in accordance with an application by the registered person himself) any condition for the time being in force in relation to the registration<sup>10</sup>; or (c) to impose any additional condition in relation to the registration<sup>11</sup>. The registration authority must give the applicant notice of a proposal to refuse an application by him for the variation or removal of conditions<sup>12</sup>.

Any such notice must give the registration authority's reasons for its proposal<sup>13</sup>, and must state that within 28 days of service of the notice any person on whom it is served may make written representations to the registration authority concerning any matter which that person wishes to dispute<sup>14</sup>. Where a notice has been served, the registration authority must not determine any matter to which the notice relates until either any person on whom the notice was served has made written representations to it concerning the matter<sup>15</sup>, any such person has notified the registration authority in writing that he does not intend to make representations<sup>16</sup>, or the period during which any such person could have made representations has elapsed<sup>17</sup>.

If the registration authority decides to grant an application for registration in respect of an establishment or independent medical agency unconditionally, or subject only to conditions which have been agreed in writing between it and the applicant, it must give the applicant written notice of its decision<sup>18</sup> stating the agreed conditions<sup>19</sup>. If the registration authority decides to adopt a proposal<sup>20</sup>, it must serve notice in writing of its decision on any person on whom it was required to serve notice of the proposal<sup>21</sup>. A decision of the registration authority to adopt a proposal<sup>22</sup> does not take effect, if no appeal is brought, until the expiration of the period of 28 days for the bringing of the appeal<sup>23</sup>; and if an appeal is brought, until it is determined or abandoned<sup>24</sup>.

If the registration authority applies to a justice of the peace<sup>25</sup> for an order<sup>26</sup>: (i) cancelling the registration of a person in respect of an establishment or independent medical agency<sup>27</sup>; (ii) varying or removing any condition for the time being in force<sup>28</sup>; or (iii) imposing an additional condition<sup>29</sup>, and it appears to the justice that, unless the order is made, there will be a serious risk to a person's life, health or well-being<sup>30</sup>, the justice may make the order, and the cancellation, variation, removal or imposition has effect from the time when the order is made<sup>31</sup>. Where such an order is made, the registration authority must, as soon as practicable after the making of the order, serve on the person registered in respect of the establishment or independent medical agency a copy of the order<sup>32</sup>, and notice of the right of appeal<sup>33</sup>.

An appeal against a decision of the registration authority<sup>34</sup>, or an order made by a justice of the peace<sup>35</sup>, lies to the tribunal<sup>36</sup>. No appeal against a decision or order may be brought by a person more than 28 days after service on him of notice of the decision or order<sup>37</sup>. On an appeal against a decision of the registration authority the tribunal may confirm the decision or

direct that it is not to have effect<sup>38</sup>. On an appeal against an order made by a justice of the peace the tribunal may confirm the order or direct that it is to cease to have effect<sup>39</sup>. The Tribunal also has power on an appeal against a decision or order: (A) to vary any condition for the time being in force in respect of the establishment or independent medical agency to which the appeal relates<sup>40</sup>; (B) to direct that any such condition is to cease to have effect<sup>41</sup>; or (C) to direct that any such condition as it thinks fit has effect in respect of the establishment or independent medical agency<sup>42</sup>.

The conditions of entitlement to such a payment are:

- 593 (1) that the vaccination in question was carried out in the United Kingdom<sup>10</sup> or the Isle of Man<sup>11</sup> on or after 5 July 1948<sup>12</sup> and, in the case of vaccination against smallpox, before 1 August 1971<sup>13</sup>;
- 594 (2) except in the case of vaccination against poliomyelitis or rubella, that the vaccination was carried out either at a time when the person to whom it was given<sup>14</sup> was under the age of 18<sup>15</sup> or at the time of an outbreak within the United Kingdom or the Isle of Man of the disease against which the vaccination was given<sup>16</sup>; and
- 595 (3) that the disabled person was over the age of two on the date when the claim was made or, if he died before that date, that he died after 9 May 1978 and was over the age of two when he died<sup>17</sup>.

With respect to claims made after such date as may be specified in the order and relating to vaccination against such disease as may be so specified, the Secretary of State may by order made by statutory instrument provide that, in such circumstances as may be specified in the order, one or more of the conditions of entitlement appropriate to vaccination against that disease need not be fulfilled<sup>18</sup>; or add to the conditions of entitlement which are appropriate to vaccination against that disease, either generally or in such circumstances as may be specified in the order<sup>19</sup>.

3 For these purposes a person is severely disabled if he suffers disablement to the extent of 60% or more, assessed as for the purposes of the Social Security Contributions and Benefits Act 1992 s 103 (see **SOCIAL SECURITY AND PENSIONS** vol 44(2) (Reissue) PARA 142) or equivalent Northern Ireland provisions: Vaccine Damage Payments Act 1979 s 1(4) (amended by the Social Security (Consequential Provisions) Act 1992 Sch 2 para 53; the Social Security (Consequential Provisions) (Northern Ireland) Act 1992 Sch 2 para 21; SI 2002/1592).

4 Vaccine Damage Payments Act 1979 s 1(1)(a). The diseases to which the Vaccine Damage Payments Act 1979 applies are: diphtheria, tetanus, whooping cough, poliomyelitis, measles, rubella, tuberculosis and smallpox, together with any other disease specified by the Secretary of State for the purpose by order made by statutory instrument: s 1(2)(a)-(i). Diseases which have been so specified by order are: mumps, with effect from 9 April 1990 (see the Vaccine Damage Payments (Specified Disease) Order 1990, SI 1990/623, arts 1, 2); haemophilus influenzae type b, with effect from 31 May 1995 (see the Vaccine Damage Payments (Specified Disease) Order 1995, SI 1995/1164, arts 1, 2); meningococcal group C, with effect from 30 May 2001 (see the Vaccine Damage Payments (Specified Disease) Order 2001, SI 2001/1652, arts 1(a), 2); pneumococcal infection, with effect from 4 September 2006 (see the Vaccine Damage Payments (Specified Disease) Order 2006, SI 2006/2066, arts 1, 2). An order under the Vaccine Damage Payments Act 1979 s 1(2)(i) is subject to annulment in pursuance of a resolution of either House of Parliament: s 1(5). Such an order specifying a disease may make appropriate modifications to the conditions of entitlement: s 2(2). As to the annulment of statutory instruments see **STATUTES** vol 44(1) (Reissue) PARA 1516.

5 Vaccine Damage Payments Act 1979 s 1(1)(b).

6 'Relevant statutory sum' means £100,000 or such other sum as is specified by the Secretary of State for the purposes by order made by statutory instrument with the consent of the Treasury; and the relevant statutory sum is the statutory sum at the time when a claim for payment is first made: Vaccine Damage Payments Act 1979 s 1(1A) (added by the Social Security Act 1985 s 23; and amended by SI 2000/1983). No order may be made by virtue of the Vaccine Damage Payments Act 1979 s 1(1A) unless a draft has been laid before Parliament and been approved by a resolution of each House: s 1(4A) (added by the Social Security Act 1985 s 23). The statutory sum is now £120,000: see the Vaccine Damage Payments Act 1979 Statutory Sum Order 2007, SI 2007/1931, art 2. As to the Treasury see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARAS 512-517.

Where vaccination is not compulsory a compensation scheme is a social security measure outside the scope of the European Convention on Human Rights: Application 8542/79 *Godfrey v United Kingdom* 27 DR 94 (1982), EComHR. As to that Convention see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARAS 122-181.

8 In such circumstances as may be prescribed by regulations: Vaccine Damage Payments Act 1979 s 1(3). The prescribed circumstances are that: (1) the disabled person has been in close physical contact with a person who has been vaccinated against poliomyelitis with orally administered vaccine; (2) that contact occurred within a period of 60 days beginning with the fourth day immediately following that vaccination; and (3) the disabled person was, within that period, either looking after the vaccinated person or himself being looked after together with the vaccinated person: Vaccine Damage Payments Regulations 1979, SI 1979/432, reg 5A (added by SI 1979/1441). As to the making of regulations under the Vaccine Damage Payments Act 1979 see generally s 8 (amended by the Social Security Act 1998 Sch 7 para 9).

10 As to the meaning of 'United Kingdom' see PARA 15 note 8.

11 Vaccine Damage Payments Act 1979 s 2(1)(a)(i). Regulations must specify the cases in which vaccinations given outside the United Kingdom and the Isle of Man to persons defined in the regulations as serving members of Her Majesty's forces or members of their families are to be treated as carried out in England: Vaccine

Damage Payments Act 1979 s 2(5). As from a day to be appointed s 2(5) is repealed and replaced by the following: The Secretary of State may by order made by statutory instrument provide that, in such circumstances as may be specified in the order, the condition in s 2(1)(a)(i) need not be fulfilled in the case of vaccinations of persons of a description so specified which are given under arrangements made by or on behalf of Her Majesty's forces, a government department so specified, or any other body so specified: s 2(5A) (s 2(5A), (5B) prospectively added by the Welfare Reform Act 2007 s 56(1), (2)). Orders under the Vaccine Damage Payments Act 1979 s 2(5A) may make different provision in relation to different cases: s 2(5B) (as so prospectively added).

Vaccinations given outside the United Kingdom and the Isle of Man to serving members of Her Majesty's forces or members of their families are to be treated as carried out in England where the vaccination in question has been given as part of medical facilities provided under arrangements made by or on behalf of the service authorities: Vaccine Damage Payments Regulations 1979, SI 1979/432, reg 5(1). 'Serving members of Her Majesty's forces' means a member of the naval, military or air forces of the Crown or of any women's service administered by the Defence Council (reg 5(2)(a)); and a person is a member of the family of a serving member of Her Majesty's forces if he is the spouse or civil partner of that serving member, he and that serving member live together as husband and wife or as if they were civil partners, or he is a child whose requirements are provided by that serving member (reg 5(2)(b) (substituted by SI 2005/3070)). As to the meaning of 'England' see PARA 6 note 2. As to the Defence Council see **CONSTITUTIONAL LAW AND HUMAN RIGHTS** vol 8(2) (Reissue) PARAS 443-447. 15 As to the time at which a person attains a particular age see PARA 36 note 7.

16 Vaccine Damage Payments Act 1979 s 2(1)(b). The condition of entitlement in s 2(1)(b) is omitted in relation to vaccination against meningococcal group C: Vaccine Damage Payments (Specified Disease) Order 2001, SI 2001/1652, art 3.

17 Vaccine Damage Payments Act 1979 s 2(1)(c).

18 Vaccine Damage Payments Act 1979 s 2(4)(a).

19 Vaccine Damage Payments Act 1979 s 2(4)(b). The Secretary of State must not make an order containing any provision made by virtue of s 2(4)(b) unless a draft of the order has been laid before Parliament and approved by a resolution of each House; and a statutory instrument by which any other order is made under s 2(4) is subject to annulment in pursuance of a resolution of either House of Parliament: s 2(6). As from a day to be appointed s 2(6) is amended so that the reference to s 2(4) is replaced by a reference to s 2: s 2(6) (prospectively amended by the Welfare Reform Act 2007 s 56(1), (3)). At the date at which this volume states the law no such day had been appointed. The Vaccine Damage Payments (Specified Disease) Order 2001, SI 2001/1652, has been made: see note 16.

Halsbury's Laws of England/HEALTH SERVICES (VOLUME 54 (2008) 5TH EDITION)/4. OTHER PROVISION RELATING TO HEALTH SERVICES/(1) VACCINE DAMAGE PAYMENTS/830. Determination of claims.

### **830. Determination of claims.**

A claim for a payment in respect of vaccine damage<sup>1</sup> must be made to the Secretary of State<sup>2</sup> by or on behalf of the disabled person concerned or, as the case may be, by his personal representatives<sup>3</sup>, in the prescribed manner<sup>4</sup>, on or before whichever is the later of: (1) the date on which the disabled person attains the age of 21<sup>5</sup>, or where he has died, the date on which he would have attained the age of 21<sup>6</sup>, and (2) the end of the period of six years beginning with the date of the vaccination to which the claim relates<sup>7</sup>. As soon as practicable after he has received a claim, the Secretary of State must give notice in writing to the claimant of his determination whether he is satisfied that a payment is due to or for the benefit of the disabled person or to his personal representatives<sup>8</sup>. If the Secretary of State is satisfied that the conditions of entitlement are fulfilled<sup>9</sup>, but is not satisfied that the disabled person is or, where he has died, was immediately before his death severely disabled as a result of the vaccination<sup>10</sup>, the notice must inform the claimant of his right of appeal<sup>11</sup>.

Any decision of the Secretary of State<sup>12</sup>, and any decision of an appeal tribunal<sup>13</sup>, may be reversed by a decision made by the Secretary of State either within the prescribed period or in prescribed cases or circumstances<sup>14</sup>, and either on an application made for the purpose or on his own initiative<sup>15</sup>. In making such a decision, the Secretary of State need not consider any issue that is not raised by the application or, as the case may be, did not cause him to act on his own initiative<sup>16</sup>. Except as provided<sup>17</sup>, no payment is recoverable by virtue of such a decision<sup>18</sup>.

The claimant may appeal to an appeal tribunal against any decision of the Secretary of State under the above provisions<sup>19</sup>. In deciding an appeal, an appeal tribunal must consider all the circumstances of the case (including any not obtaining at the time when the decision appealed against was made)<sup>20</sup>.

If, whether fraudulently or otherwise, any person misrepresents or fails to disclose any material fact and in consequence of the misrepresentation or failure a payment is made, the person to whom the payment was made is liable to repay the amount of that payment to the Secretary of State unless he can show that the misrepresentation or failure occurred without his connivance or consent<sup>21</sup>. Any person who, for the purpose of obtaining any payment, whether for himself or some other person, knowingly makes any false statement or representation<sup>22</sup>, or produces or furnishes or causes or knowingly allows to be produced or furnished any document or information which he knows to be false in a material particular<sup>23</sup>, commits an offence<sup>24</sup>.

Any decision made in accordance with the provisions of the Vaccine Damage Payments Act 1979 is final<sup>25</sup>. Regulations<sup>26</sup> may make provision with respect to the correction of accidental errors in any decision or record of a decision made by the Secretary of State or appeals tribunal under the above provisions, and the setting aside of any such decision in a case where it appears just to set the decision aside on certain grounds<sup>27</sup>.

2    As to the Secretary of State see PARA 6 note 8.

3 See the Vaccine Damage Payments Act 1979 s 3(1)(a). As to personal representatives see **EXECUTORS AND ADMINISTRATORS** vol 17(2) (Reissue) PARA 1 et seq.

4 See the Vaccine Damage Payments Act 1979 s 3(1)(b). Every claim for payment must be made in writing to the Secretary of State on the form approved by him, or in such other manner, being in writing, as he may accept as sufficient in the circumstances of any particular case or class of cases: Vaccine Damage Payments Regulations 1979, SI 1979/432, reg 2(1). Any person who has made a claim may amend his claim, at any time before a decision has been given thereon: see reg 2(2). Every person who makes a claim must furnish such certificates, documents, information and evidence for the purpose of determining the claim as may be required by the Secretary of State: reg 3. As to the meaning of 'writing' see PARA 7 note 2.

5 As to the time at which a person attains a particular age see PARA 36 note 7.

7 Vaccine Damage Payments Act 1979 s 3(1)(c)(ii) (as substituted: see note 6).

8 Vaccine Damage Payments Act 1979 s 3(2). If the Secretary of State is not satisfied that a payment is due, the notice in writing must state the grounds on which he is not so satisfied: s 3(3).

9 Vaccine Damage Payments Act 1979 s 3(4)(a). As to the conditions of entitlement see PARA 829.

10 Vaccine Damage Payments Act 1979 s 3(4)(b). If in any case a person is severely disabled, the question whether his severe disablement results from vaccination against any of the diseases to which the Vaccine Damage Payments Act 1979 applies (see PARA 829) must be determined on the balance of probability: s 3(5). Every disabled person in respect of whom a claim has been made must comply with every notice given to him or, where he is not the claimant, to the claimant by the Secretary of State which requires such disabled person to submit himself to a medical examination either by a medical practitioner appointed by the Secretary of State or by an appeal tribunal for the purpose of determining whether he is severely disabled as a result of vaccination against any of the diseases to which the Act applies: Vaccine Damage Payments Regulations 1979, SI 1979/432, reg 4(1) (amended by SI 1999/2677). Every such notice must be in writing and must specify the time and place of examination and must not require the disabled person to submit himself to examination before the expiration of the period of 14 days beginning with the date of the notice or such shorter period as may be reasonable in the circumstances: Vaccine Damage Payments Regulations 1979, SI 1979/432, reg 4(2). Travelling and other allowances for this purpose, and medical practitioners' fees, are payable by the Secretary of State: see the Vaccine Damage Payments Act 1979 s 12(2), (3) (s 12(2) amended by the Social Security (Consequential Provisions) Act Sch 2 para 54).

As from a day to be appointed, references to an 'appeal tribunal', without more, are to a tribunal constituted under the Social Security Act 1998 Pt I Ch 1 (ss 1-7), or the Social Security (Northern Ireland) Order 1998, SI 1998/1506 (NI 10), Pt 2 Ch 1: Vaccine Damage Payments Act 1979 s 9A (prospectively added by the Welfare Reform Act 2007 Sch 7 para 1(1), (8), Sch 8). ### **831. Making of payments; claims prior to the Act.**

Where a payment in respect of vaccine damage<sup>1</sup> falls to be made in respect of a disabled person who is over 18<sup>2</sup> and capable of managing his own affairs, the payment must be made to him<sup>3</sup>; or where a payment falls to be made in respect of a disabled person who has died, the payment must be made to his personal representatives<sup>4</sup>. Where such a payment falls to be made in respect of any other disabled person, the payment must be made for his benefit by paying it to such trustees as the Secretary of State<sup>5</sup> may appoint to be held by them upon such trusts as may be declared by the Secretary of State<sup>6</sup>.

The making of a claim for, or the receipt of a payment does not prejudice the right of any person to institute or carry on proceedings in respect of disablement suffered as a result of vaccination against any disease to which the Vaccine Damage Payments Act 1979 applies<sup>7</sup>.

Special provision is made in relation to payments of £10,000 made by the Secretary of State to or in respect of a disabled person after 9 May 1978 and before 22 March 1979<sup>8</sup> pursuant to a non-statutory scheme of payments for severe vaccine damage and their effect on claims made for payment under the Vaccine Damage Payments Act 1979<sup>9</sup>.

## **(2) VOLUNTARY HOSPITALS**

### **832. Accommodation for and charges to paying patients.**

Notwithstanding the trusts express or implied upon which the property and funds of a voluntary hospital<sup>1</sup> are held<sup>2</sup> and notwithstanding any prohibition or restriction imposed by or under any local Act<sup>3</sup>, the committee of management<sup>4</sup> may provide and maintain on such land from time to time belonging to them such new buildings or such existing buildings of the hospital, or such parts of such new or existing buildings and such and so many beds therein and for such period as the Charity Commission<sup>5</sup> may on the application of the committee of management from time to time by order<sup>6</sup> authorise, for the accommodation and treatment of patients who are able and willing to make payment therefor<sup>7</sup>.

The committee of management may charge such patients for accommodation and maintenance (including such medical and surgical attendance and treatment as is given by the resident staff of the hospital) in accordance with such scale of charges as may be specified in an order<sup>8</sup>. The Charity Commission may, from time to time on the application of the committee of management, vary an order; and, if in the opinion of the Commission there has been any material change in the circumstances existing at the time when an order was made, it may, after giving to the committee of management and to any other persons appearing to the Commission to be concerned an opportunity of making representations, of its own motion vary or revoke the order<sup>9</sup>.

1 'Voluntary hospital' means an institution (not being an institution which is carried on for profit or which is maintained wholly or mainly at the expense of the rates or which is vested in an NHS trust, an NHS foundation trust or a primary care trust or which is vested in the Secretary of State) which provides medical or surgical treatment for in-patients: Voluntary Hospitals (Paying Patients) Act 1936 s 1 (definition amended by the National Health Service Act 1946 Sch 10; the National Health Service and Community Care Act 1990 Sch 9 para 2(a); SI 2000/90; the Health and Social Care (Community Health and Standards) Act 2003 Sch 4 paras 1, 2). 'NHS trust' means a National Health Service trust established under the National Health Service Act 2006 or the National Health Service (Wales) Act 2006 (see PARA 155): Voluntary Hospitals (Paying Patients) Act 1936 s 1 (definition added by the National Health Service and Community Care Act 1990 Sch 9 para 2(b); and amended by the National Health Service (Consequential Provisions) Act 2006 Sch 1 paras 1, 2(a)). As to NHS foundation trusts see PARA 174. As to primary care trusts see PARA 111. As to the Secretary of State see PARA 6 note 8. All voluntary hospitals and all hospitals belonging to local authorities were, with certain exceptions, transferred to and vested in the Minister of Health on 5 July 1948: see the National Health Service Act 1946 s 6 (repealed); and PARA 4.

2 As to the protection of existing trusts see PARA 834.

### **833. Provision for patients able to make some, but not full, payment.**

Except where the Charity Commission<sup>1</sup> is satisfied that it would be inappropriate in the circumstances so to do, it must include in the scale of charges specified in an order<sup>2</sup> charges fixed with a view to meeting the needs of patients who, though able to make some payment, are unable to pay charges sufficient to meet the full expense to the voluntary hospital<sup>3</sup> of their accommodation and maintenance (including such medical and surgical attendance and treatment as is given by the resident staff of the hospital), and must make it a condition of the order that in the use of a number to be specified therein of the beds whose maintenance is authorised thereby priority must be given to such patients<sup>4</sup>.

An order may, in cases where the committee of management<sup>5</sup> have not the power so to do apart from an order, authorise them to defray out of any funds applicable to the general purposes of the hospital the difference between the full expense to the hospital of the accommodation and maintenance (including such medical and surgical attendance and treatment as is given by the resident staff of the hospital) of such patients on the one hand, and the sums with which those patients are charged under the authority of the order on the other hand<sup>6</sup>.

### **834. Provision for protection of existing trusts.**

The Charity Commission<sup>1</sup> must not make an order<sup>2</sup> authorising any use or application of property or funds of a voluntary hospital<sup>3</sup> which, apart from the order, would involve a breach of any trusts upon which the property or funds are held or a contravention of any prohibition or restriction imposed by or under any local Act<sup>4</sup>:

596 (1) on an application for authority to use land, unless it is satisfied that if the order were not made the land would not come into use for the purposes for which the trusts were created or the prohibition or restriction was imposed, until after the expiration of a substantial period from the date of the application<sup>5</sup>;

597 (2) on an application for authority to use existing buildings or part of existing buildings, unless it is satisfied:

51

1. (a) that the use of the buildings or part thereof for the purposes for which the trusts were created or the prohibition or restriction was imposed is impracticable, or is likely soon so to become, because the committee of management<sup>6</sup> has not at its disposal, and will be unable to obtain, sufficient funds to enable the buildings or that part thereof to be, or to continue to be, so used<sup>7</sup>;
2. (b) that the use of the buildings or part thereof for those purposes is impracticable, or is likely soon so to become because of a shortage of demand for accommodation on the part of the persons for whose benefit the trusts were created or the prohibition or restriction was imposed<sup>8</sup>; or
3. (c) that the committee of management has, or is likely soon to have, at its disposal premises which could be put to the use to which the application relates without breach of any trust upon which those premises are held or contravention of any such prohibition or restriction and that the buildings or part thereof will be used by way of exchange for those premises<sup>9</sup>;

52

598 (3) in any case, unless it is satisfied that the authorisation will not diminish or restrict the accommodation for those persons for whose benefit the trusts were created or the prohibition or restriction was imposed which is provided in the hospital at the date of the application for the order and which the committee of management would be able to continue to provide if the order were not made<sup>10</sup>.

The Charity Commission<sup>1</sup> may make rules in relation to applications for orders<sup>2</sup> and proceedings in connection therewith<sup>3</sup>.
